

# Community Energy Lecture Series

## Hydropower

### Can We Power Alaska with Our Rivers and Oceans?

Mapping the bottom of the Tanana River

Drilling holes to measure ice thickness, water depth, and water velocity.

Presenters:

**Jerry Johnson**

UAF Institute of Northern Engineering

**Jason Meyer**

UAF Alaska Center for Energy & Power

**Tuesday, February 16th, 2010**

**6 – 7:30 p.m.**

**NEW Location: Blue Loon** (2999 Parks Highway)

**Come learn about**

- Current hydrokinetic research
- Nenana and Eagle hydrokinetic projects
- Cook Inlet Tidal Project

Presented by

**ACEP**  
Alaska Center for Energy and Power

Renewable Energy  
Alaska Project
