

## **AHEAD Program**

The Alaska Higher Education Admission Decision (AHEAD) program allows qualified high school students to be formally admitted to UAF. AHEAD students are assigned an academic advisor and are given priority registration. The AHEAD program is for high school students who have completed three-fourths of their high school core curriculum and have a 2.5 GPA or higher. You may pick up an AHEAD program application and a UAF undergraduate application for admission from your high school counseling office, or from the UAF Office of Admissions.
