Applying for Admission: Occupational Endorsement Programs

When to Apply

Applications for admission to occupational endorsement programs are due no later than July 1 for the fall semester, or Nov. 1 for the spring semester.

High school seniors are encouraged to apply for admission as early as the first semester of their senior year and provide a list of course work in progress. Transfer students should apply at least three to four months prior to the beginning of the semester in which they plan to enroll.

How to Apply

You may apply to an occupational endorsement program online at www.uaf.edu/admissions/. You can also apply by printing an application from the above website or requesting an application from the Office of Admissions. Before your application can be reviewed, the Office of Admissions must receive:

- **Application for Admission**
  Your application must be received before the published deadlines, along with a $40 nonrefundable fee.

- **Transcripts**
  Most applicants to occupational endorsement programs are not required to submit high school or college transcripts but all are strongly encouraged to do so. Transfer students who want to receive credit for prior work must submit official transcripts.

Admission Requirements

For admission to occupational endorsement programs, you must show official documentation:

A. that you are at least 18 years old, or
B. have a high school diploma*, or
C. have a General Educational Development (GED) diploma.

* To earn a high school diploma in Alaska, you must fulfill all curriculum requirements and satisfactorily complete all three competency areas of the High School Qualifying Exam.

Program Completion

Students should check with an advisor for the specific requirements for their program.

Occupational endorsement programs are designed to give students occupational training in a specific field. These programs require less than 30 credit hours and will be posted to the student's transcript upon completion and approval by the academic department. The credit hours may be applied to other undergraduate degree programs (when applicable).

Where to Get More Information

Office of Admissions
University of Alaska Fairbanks
215 Signers' Hall
P.O. Box 757480
Fairbanks, AK 99775-7480
E-mail: admissions@uaf.edu
Online: www.uaf.edu/admissions/
Telephone: 907-474-7500
Toll-free: 1-800-478-1823
Applying for Admission:
Certificate or Associate Degree Programs

When to Apply

Freshman and transfer applications for admission to certificate or associate degree programs are due no later than July 1 for the fall semester, or Nov. 1 for the spring semester.

High school seniors are encouraged to apply for admission during the first semester of their senior year and provide a list of course work in progress. Transfer students should apply at least three to four months prior to the beginning of the semester in which they plan to enroll.

How to Apply

You may apply to a certificate or associate degree program online at www.uaf.edu/admissions/. You can also apply by printing an application from the above website or requesting an application from the Office of Admissions. Before your application can be reviewed, the Office of Admissions must receive:

• **Application for Admission**
  Your application must be received before the published deadlines, along with a $40 nonrefundable fee.

• **Transcripts**
  Most applicants to certificate and associate degree programs are not required to submit high school or college transcripts but all are strongly encouraged to do so. Transfer students who want to receive credit for prior work must submit official transcripts.

• **Test Results**
  Certificate and associate degree applicants with fewer than 30 semester credit hours must submit the results of the ACT (preferred), SAT, ACCUPLACER or ASSET test. Test results must be less than two years old. These test scores are used to help place the student in English, mathematics and other freshman courses.

  Contact Testing Services at 907-474-5277 or your high school for information concerning the ACT, SAT, ASSET or ACCUPLACER tests.

• **International Students**
  See page 30 for additional information.

Admission Requirements

For admission to associate/certificate programs, you must show official documentation:

A. that you are at least 18 years old, or
B. have a high school diploma*, or
C. have a General Educational Development (GED) diploma.

* To earn a high school diploma in Alaska, you must fulfill all curriculum requirements and satisfactorily complete all three competency areas of the High School Qualifying Exam.

If you are under the age of 18 and will not have a high school diploma or GED prior to the start of your first semester, you are not admissible but may take courses as a non-degree student. Upon turning 18, you may apply for admission to an associate or certificate level program.

**TRANSFER STUDENTS**

If you have attended other accredited institutions, you are eligible for admission if you left your previous institution(s) in good standing. If you're transferring with fewer than 30 semester hours of transferable credit, you must submit placement scores from the ACT (preferred), SAT, ACCUPLACER or ASSET tests. Test results must be less than two years old. If you have attended an unaccredited postsecondary institution, your admission status will be determined on an individual basis. See Transferring Credits on page 32 for more information.

**HIGH SCHOOL STUDENTS**

High school students may take classes at UAF. One program, Alaska Higher Education Admission Decision (AHEAD), requires formal admittance to UAF. The other two enrollment options, Secondary Student Enrollment and TECH PREP, have specific requirements but do not call for admission to UAF.

• **AHEAD Program**
  The Alaska Higher Education Admission Decision (AHEAD) program allows qualified high school students to be formally admitted to UAF. AHEAD students are assigned an academic advisor and are given priority registration. To qualify, students must have completed three-fourths of their high school core curriculum and have a 3.0 GPA or higher. Students who wish to apply for the AHEAD program may pick up a program application and a UAF undergraduate application for admission from their high school counseling office, or from the UAF Office of Admissions. The AHEAD application should be submitted with the UAF application.
HOME-SCOOLED STUDENTS
Home-schooled students who have gone through a state-recognized program and have a valid high school diploma may be admitted to a certificate or associate program following regular UAF admission standards. See admission requirements above for additional information.

Home-schooled students who have not gone through a state-recognized program may be admitted to a certificate or associate program by one of two paths:

• The General Educational Development (GED) test.
  Submit your GED scores to the campus to which you are applying, or
• Via the ability to benefit.
  Ability to benefit is determined by taking the appropriate assessment test (ACCUPLACER or ASSET). Scores from either the GED or the ability to benefit test will be used to determine your admission.

After Acceptance

If you're a qualified applicant, a letter of acceptance will be mailed to you once all items are received and evaluated.

Conditional acceptance — Your letter of acceptance will list any conditions under which you are being admitted.

Final acceptance — Your acceptance to UAF is final only when all your credentials have been accepted by the Office of Admissions.

REQUEST TO POSTPONE

Your offer of admission to UAF is valid for the semester for which you applied. If you want to postpone your admission until a later semester, you may request permission from the Office of Admissions. Your enrollment may be postponed for up to one calendar year. You are required to notify the Office of Admissions if you are attending another school outside the University of Alaska Statewide System.

READMISSION OF FORMER DEGREE-SEEKING STUDENTS

If you're an undergraduate degree student and you choose not to enroll for a semester or more, you may be eligible to re-enroll in your degree program without reapplying for admission. You remain eligible to register for classes in your degree program if:

• you have not been academically disqualified,
• you have not attended a non-UA institution since you were last enrolled at UAF,
• your lapse in enrollment is less than two years, and
• you're continuing with the same degree program as before.

If you meet all the above requirements, you need only consult with your advisor and register for classes. If you do not meet all these requirements, you need to submit a regular undergraduate application for admission along with the $40 processing fee and transcripts of any non-UA course work taken.

• Fresh Start for Returning Students
  Fresh Start can offer a new beginning for students who performed poorly at UAF when enrolled at least two years ago. Students who withdrew from school or were dismissed for academic reasons may apply for readmission and request that their entire prior academic record be disregarded. Students who qualify for Fresh Start will begin their college study anew with no credits attempted or earned, and no quality points reflected in future GPA calculations. Fresh Start can be used only once.

  At least two years must have elapsed since the beginning of the last semester the applicant attended UAF. The applicant may be asked to present evidence that the conditions which resulted in poor academic performance have changed enough so there is a reasonable expectation that the student can perform satisfactorily if permitted to resume college study.

  All prior course work will remain part of the student's overall academic record and appear on transcripts, but none of the previously earned credits can be used in a new program. These credits will be included only in GPA computations for graduation with honors (see Graduation with Honors, page 83). A student admitted under Fresh Start may be allowed advanced standing or a waiver of requirements just as any other student, but will not be allowed credit by exam for courses lost in Fresh Start.

• Readmission of Servicemembers
  The Higher Education Opportunity Act of 2008 requires that students who left school to serve in the uniformed services be readmitted into the same program with the same standing they had when they left. UAF allows for special readmission of these students. More information is available at www.uaf.edu/admissions/undergrad/military/.

Where to Get More Information

Office of Admissions
University of Alaska Fairbanks
215 Signers’ Hall
P.O. Box 757480
Fairbanks, AK 99775-7480
E-mail: admissions@uaf.edu
Online: www.uaf.edu/admissions/
Telephone: 907-474-7500
Toll-free: 1-800-478-1823
Applying for Admission:
Bachelor’s Degree Programs

When to Apply

Freshman and transfer applications for admission to a bachelor’s degree program are due on July 1 for fall semester and Nov. 1 for spring semester.

High school students may apply as early as the first semester of their senior year if providing a listing of course work in progress. Transfer students should apply at least three to four months before the beginning of the semester in which they plan to enroll.

How to Apply

You may apply to a baccalaureate degree program online at www.uaf.edu/admissions/. You can also apply by printing an application from the above website or requesting an application from the Office of Admissions. Before your application can be reviewed, the Office of Admissions must receive:

• Application for Admission
  Your application must be received before the published deadlines, along with a $50 nonrefundable fee.

• Transcripts
  High school transcripts — Applicants with fewer than 30 transferable semester credit hours of college credit must also submit official high school transcripts.
  College transcripts — Applicants who have attended postsecondary institutions must arrange for those institutions to send official college or university transcripts to UAF. Transcripts must arrive in sealed envelopes from each institution attended.
  International — International applicants must present an evaluation of all required academic transcripts compiled by an independent academic credential evaluation provider. UAF requires that all applicants use one of the providers listed at www.uaf.edu/admissions/undergrad/international/ for this service. Please make note of the following:
  • Transcripts/credentials from Canadian institutions are exempt from this requirement; they may be sent directly to UAF from the issuing institution (this excludes institutions in the Province of Quebec).
  • You do not need to have any documents sent from your international institution to UAF. Your documents should be sent to the credentialing agency directly. UAF will receive a copy of the original documents along with the evaluation from the agency.

• Test Results
  Freshman and transfer applicants with fewer than 30 semester credit hours must submit the results of either the ACT (preferred) or the SAT examination. Test results must be less than two years old. These test scores are used to help place the student in English, mathematics and other first year courses.

  Contact Testing Services at 907-474-5277 or your high school for information concerning the ACT or SAT. Please note, the ACCUPLACER, ASSET or other placement tests do not satisfy this requirement.

  International Students
  See page 30 for additional information.

Admission Requirements

For admission to baccalaureate level programs, you must:

A. have a high school diploma*, AND
B. pass the 16-credit high school core curriculum with a GPA of at least 2.5, AND
C. submit results of the ACT (preferred) or SAT taken within the last two years, AND
  • have an overall high school GPA of at least 3.0, OR
  • have an overall high school GPA of at least 2.5 AND ACT composite score of at least 18 or SAT total score of at least 1290 (including writing skills section).

Admission to a specific baccalaureate degree program is based on a combination of your high school GPA and completion of specific high school courses. See Table 1 on the next page for entrance requirements to specific colleges and schools within the university.

Test results from the ACT (preferred) or SAT must be received before you can be admitted, and test results must be less than two years old. This requirement will be waived if you have successfully completed, with a grade of C or better, the equivalent of 3 credits of 100-level math and 100-level English composition from a regionally accredited institution of higher education within the last two years.

* To earn a high school diploma in Alaska, you must fulfill all curriculum requirements and satisfactorily complete all three competency areas of the High School Qualifying Exam.
**Pre-Major**

If you do not meet the minimum requirements for admission to a baccalaureate degree program, you will be admitted to pre-major status within the department of your choice. Students will be changed to major status when their admissions file is complete and if they are in good standing and have completed 14 credits at the 100-level or above with a C grade average (2.0) or higher, of which 9 credits must satisfy baccalaureate core requirements.

**General Studies**

Students accepted to baccalaureate-level programs who do not select a major will be admitted as general studies students. This program is administered by the assistant provost for general studies. General studies students with 75 or more earned credits are required to declare a major prior to registration. Students participating in the Western Undergraduate Exchange (WUE) program cannot be admitted into general studies.

**Transfer Students**

A transfer student is defined as someone coming into the university with at least 30 transferable semester credits. You are eligible for admission to a baccalaureate program if you have a 2.0 GPA in your previous course work and left your previous institutions in good standing. If you are applying to a technical or scientific program, you may need to present a higher grade average and proof that you've completed appropriate background courses before you will be admitted to the program. If you are transferring into a baccalaureate degree program with fewer than 30 semester hours of transferable credit, you must also meet the freshman admission requirements listed in A through E above. Admission status for students who have attended an unaccredited postsecondary institution will be determined on an individual basis. See Transferring Credits on page 32 for more information.

**Probational Acceptance**

Applicants with previous college course work may be admitted with probationary status if their cumulative or most recent term grade point average is less than C (2.0).

---

**High School Students**

High school students may take classes at UAF. One program, Alaska Higher Education Admission Decision (AHEAD), requires formal admittance to UAF. The other two enrollment options, Secondary Student Enrollment and TECH PREP, have specific requirements but do not call for admission to UAF. See the registration section for description of non-admission opportunities.

- **AHEAD Program**
  The Alaska Higher Education Admission Decision (AHEAD) program allows qualified high school students to be formally admitted to UAF. AHEAD students are assigned an academic advisor and are given priority registration. To qualify, students must have completed three-fourths of their high school core curriculum and have a 3.0 GPA or higher. Students who wish to apply to the AHEAD program may pick up a program application and a UAF undergraduate application for admission from their high school counseling office, or from the UAF Office of Admissions.

**Home-Schooled Students**

Home-schooled students who have gone through a state-recognized program and have a valid high school diploma may be admitted to a baccalaureate program according to UAF admission standards. See page 25 for more information.

For home-schooled students who have not gone through a state-recognized program, admission to a baccalaureate degree is through an individual review by the director of admissions (or a designee). You will be required to submit scores from either the SAT or ACT prior to an admission review. Additional supporting documentation, such as letters of recommendation, may be requested for review by the director of admissions. In some cases, your files will be shared with department chairs or faculty for further review.

If you do not meet the minimum requirements for admission to a baccalaureate degree program, you may be admitted to pre-major status within the department of your choice. Once you have satisfied the requirements for admission to
a bachelor's degree program, you will be admitted to the program of your choice if you are in good standing and have completed 14 credits at the 100 level or above with a C (2.0) grade average or higher, of which 9 credits must satisfy core baccalaureate degree requirements. The university will notify you when you have met these requirements and have been admitted to your bachelor's program.

It is especially critical that home-schooled applicants request admission to a baccalaureate program if they anticipate receiving scholarships that require enrollment in a four-year degree program.

After Acceptance

CONDITIONAL AND FINAL ACCEPTANCE
Once the Office of Admissions receives and evaluates application materials, UAF will mail a letter of acceptance to qualified applicants. This letter will list any conditions under which the student is being admitted. Qualified applicants who are in their last year of high school or who are attending another college will receive conditional acceptance. Acceptance becomes final when the Office of Admissions receives official transcripts showing the student has satisfactorily completed all work in progress and that high school seniors have graduated. Acceptance to UAF is final only when the Office of Admissions has accepted all necessary credentials.

REQUEST TO POSTPONE
Your offer of admission to UAF is valid for the semester for which you applied. Requests to postpone admission until a later semester may be made to the Office of Admissions. Your enrollment may be postponed for up to one calendar year. You are required to notify the Office of Admissions if you are attending another school outside the University of Alaska Statewide System in the meantime.

APPLYING FOR A SECOND BACHELOR'S DEGREE
A student who has already earned a bachelor's degree at another institution and wants to complete a second bachelor's degree must apply for admission as an undergraduate transfer student. Upon official acceptance to a UAF undergraduate degree program, a student who earned a bachelor's degree from a regionally accredited institution will be considered to have completed the equivalent of the UAF baccalaureate core.

READMISSION OF FORMER DEGREE-SEEKING STUDENTS
If you're an undergraduate degree student and you choose not to enroll for a semester or more, you may be eligible to re-enroll in your degree program without reapplying for admission.

You remain eligible to register for classes in your degree program if:

• you are continuing with the same degree program as before,
• you have not been academically disqualified,
• you have not attended a non-UA institution since you were last enrolled at UAF; and
• your lapse in enrollment is less than two years.

If you meet all the above requirements, you need only consult with your advisor and register for classes. If you do not meet all these requirements, you will need to submit a regular undergraduate application for admission along with the $50 processing fee and transcripts of any non-UA course work.

• Fresh Start for Returning Students
Fresh Start can offer a new beginning for students who performed poorly at UAF when enrolled at least two years ago. Those who withdrew from school or were dismissed for academic reasons may apply for readmission and request that their entire prior academic record be disregarded. Students who qualify for Fresh Start begin their college study anew with no credits attempted or earned, and no quality points reflected in future GPA calculations. Fresh Start can be used only once.

At least two years must have elapsed since the beginning of the last semester the applicant attended UAF. The applicant may be asked to present evidence that the conditions which resulted in poor academic performance have changed enough so there is a reasonable expectation that the student can perform satisfactorily if permitted to resume college study.

All prior course work will remain part of the student’s overall academic record and appear on transcripts, but none of the previously earned credits can be used in a new program. These credits will be included only in GPA computations for graduation with honors (see Graduation with Honors, page 124). A student admitted under Fresh Start may be allowed advanced standing or a waiver of requirements just as any other student, but will not be allowed credit by exam for courses lost in Fresh Start.

• Readmission of Servicemembers
The Higher Education Opportunity Act of 2008 requires that students who left school to serve in the uniformed services be readmitted into the same program with the same standing they had when they left. UAF allows for special readmission of these students. More information is available at www.uaf.edu/admissions/undergrad/military/.

Where to Get More Information

Office of Admissions
University of Alaska Fairbanks
215 Signers’ Hall
P.O. Box 757480
Fairbanks, AK 99775-7480
E-mail: admissions@uaf.edu
Online: www.uaf.edu/admissions/
Telephone: 907-474-7500
Toll-free: 1-800-478-1823
Applying for Admission: Graduate Degree Programs

When to Apply

You should apply to a graduate degree program six to nine months before the beginning of the semester in which you plan to enroll. At the latest, your application for graduate admission with all supporting documentation, transcripts and test scores must be received by June 1 for the fall semester and Oct. 15 for the spring semester. Earlier deadlines apply for international applicants.

Most departments require much earlier submission of credentials for graduate study. Applications for programs in anthropology, art, biology, education, geology, geophysics, interdisciplinary study, psychology and wildlife biology should be sent much earlier. Contact your prospective department for specific deadlines; the number of students accepted is limited.

Graduate students are strongly encouraged to apply early. Applications received near deadline will be processed as time permits or may be considered for the following semester.

How to Apply

To apply to a graduate degree program, request an application from the Office of Admissions or apply online via the UAF website at www.uaf.edu/admissions/. Before your application is complete, the Office of Admissions must receive:

• Graduate Application for Admission
  A $60 nonrefundable fee must accompany your application. The fee should be paid by check, credit card or money order in U.S. funds to the University of Alaska Fairbanks. Please do not send cash.

• Transcripts
  The Office of Admissions requires official transcripts of all college-level course work. Transcripts must arrive in sealed envelopes from each institution you’ve attended.

• Transcripts for International Applicants
  International applicants must submit official transcripts showing that a bachelor’s degree has been or will be earned, and must submit certified English translations of transcripts of all college-level course work.

• Test Results
  Results of the Graduate Record Exam (GRE) are required from applicants to most graduate programs. Some programs also require GRE subject exams. MBA program applicants are required to submit scores from the Graduate Management Admission Test (GMAT).

Refer to the admission requirements of your prospective degree program to determine which tests are required. Results of the GRE are required for all students whose undergraduate GPA is below a B (3.0) average regardless of the departmental requirement.

• Resume/Vitae
  Include work and research experience, publications, patents, honors, professional and civic memberships, and foreign travel.

• Statement of Academic Goals
  Write a statement indicating why you want to study in a particular program. Include your qualifications and educational experience. (For applicants to education programs, a four-to-five-page self-evaluation essay is required.)

• Letters of Recommendation
  Send at least three letters of recommendation from people able to vouch for your work, character and ability to undertake graduate study and research.

• Master of Fine Arts Applicants
  Master of fine arts applicants must submit writing samples when applying for admission to the creative writing program. An art portfolio (usually slides) must be submitted when applying to the program in art.

• Interdisciplinary Applicants
  Submit a Graduate Study Plan (available for download at www.uaf.edu/gradsch/) and a short research proposal. You must also obtain commitment from a UAF faculty member to serve as advisory committee chair. Please contact the Graduate School for specific interdisciplinary procedures.

• International Students
  See page 30 for additional information.

• Students in Western Regional Graduate Programs
  Students from Arizona, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington and Wyoming may be eligible for resident tuition through the Western Regional Graduate Program (WRGP/WICHE). This program is for students doing graduate work in justice, northern studies or rural development. For more information about this program, contact the Graduate School via telephone 907-474-7464, e-mail gradschool@uaf.edu, or online at www.uaf.edu/gradsch/. Alternatively, contact the WICHE Student Exchange Program, P.O. Box 9752, Boulder, CO 80301-9752, 303-541-0210, or online at www.wiche.edu/sep/WRGP/index.asp.
Admission Requirements

In general, you may be admitted to graduate status if you have a bachelor's degree from an accredited institution with at least a 3.0 (B) cumulative undergraduate GPA and a 3.0 (B) GPA in your major. Equivalent accomplishments at a foreign university may be substituted. Your undergraduate major should be suitable preparation for continuation of studies in the field of choice. Some programs require the Graduate Record Exam (GRE) or Graduate Management Admission Test (GMAT) and other special criteria for admission.

For the purposes of admission to graduate study, all grades, including those generated from retaking a course, are included in calculating GPA.

Program heads in fields of interest will determine the adequacy of students' preparation and whether or not departmental facilities are sufficient for their aims.

Information on specific degree programs is available from academic departments or the Graduate School, via telephone 907-474-7464, e-mail gradschool@uaf.edu, or online at www.uaf.edu/gradsch/.

After Acceptance

Qualified applicants can be accepted for admission while enrolled in their last semester at another college. The acceptance is conditional, however, pending receipt of the final transcript indicating satisfactory completion of work in progress and the completion of graduation requirements prior to enrollment at UAF.

Final acceptance to UAF, for the purpose of earning scholastic credit, is complete only when the Office of Admissions receives and accepts all credentials.

REQUEST TO POSTPONE

Your offer of admission to UAF is valid for the semester for which you applied. If you want to postpone your admission until a later semester, you may request permission from the Office of Admissions. Your enrollment may be postponed for up to one calendar year. You are required to notify the Office of Admissions if you are attending another institution in the meantime. Requests should be directed to the UAF Office of Admissions and are subject to approval by the academic department in which you've been accepted.

Telephone: 907-474-7464
Applying for Admission:
International Students

When to Apply

Applications for admission from international students must reach the Office of Admissions before March 1 for the fall semester and Sept. 1 for the spring semester.

Processing applications for international students takes several months. International students must complete all UAF application requirements as well as meet requirements for U.S. immigration agencies.

Admission Requirements

Information regarding the process for application to baccalaureate or graduate programs can be found in the Getting Started section of this catalog beginning on page 25.

• Transcripts

The Office of Admissions requires official transcripts of all high school and/or college-level course work signed and sealed by the registrar of the institution(s) attended. Transcripts must be certified English translations. Please see page 25 for undergraduate student transcript requirements and page 28 for graduate student transcript requirements.

• Immigration requirements

Once a student has been accepted to UAF, the Office of International Programs will issue a Form I-20, which students must present at a U.S. embassy or consulate in their country of citizenship in order to obtain an F-1 (student) visa. The I-20 form requires the university to certify to U.S. immigration agencies that a student has been accepted for full-time enrollment and has sufficient funds to meet estimated expenses for an academic program.

Anyone who is in the United States on an F-1 visa must maintain a full-time course load and may not enroll as a part-time student (less than 12 credits per semester for undergraduate students, or less than 9 credits per semester for graduate students).

• Financial Statements and Documentation

International students must sign a financial statement and provide documentation that they have funds available to pay all expenses at UAF, as well as round-trip transportation between their home and Alaska. Because the application for F-1 visas requires international students to affirm that they do not intend to live in the United States permanently, they are not eligible for resident tuition fees.

The minimum estimated cost for one school year at UAF for an international student is $25,790 for undergraduate students, $25,880 for graduate students. This covers university fees, room and board on campus, and a reasonable amount of personal expenses. It does not include transportation to and from Alaska, summer living or winter clothing costs. Add approximately $3,600 for summer living expenses.

Residents of countries which hold approved sister city/sister province agreements qualify for resident tuition. A complete list of sister cities and provinces can be found at www.alaska.edu/bor/policy-regulations/ in Chapter 10.05 Admission and Graduation Requirements. Undergraduate resident tuition is approximately $3,600; graduate resident tuition is approximately $5,690 for the academic year.

English Proficiency Requirements

Students on an F-1 visa are required to submit scores from the TOEFL (Test of English as a Foreign Language) or the IELTS (International English Language Testing System) exam unless English is the primary language of their country of origin (i.e., Great Britain, New Zealand, Australia or Canada [except Quebec]). English proficiency may be demonstrated by:

1. Passing the TOEFL with a minimum score of 80 (Internet-based exam), or 213 (computer-based exam), or 550 (paper-based exam) or
2. Passing the IELTS with a minimum score of 6.5.

A score from the TOEFL or IELTS is required and cannot be waived even though English may be the language of instruction in your educational system. Additionally, some graduate departments may require a higher TOEFL or IELTS score in order to qualify for admission.

Requests for exception to this policy must be submitted in writing to the Office of Admissions. At minimum, students must demonstrate:

1. Completion of four years of college preparatory English and graduation from high school or the equivalent in a country where English is the official language of instruction; or
2. Successful completion (C or higher) of college-level English or one year of full-time study in a degree program at a college or university in a country where English is the official language of instruction; or
3. Other substantiation acceptable to the Office of Admissions. Other tests may be required to satisfy application requirements for specific undergraduate or graduate degree programs.

Course Placement

**MANDATORY PLACEMENT**

Students who do not meet basic skills standards in reading, writing, and mathematics must complete appropriate Developmental Education courses. Such students may not enroll in 100-level or above courses that depend on these skills until they have satisfactorily met the exit criteria of the appropriate Developmental Education course(s).

Students without appropriate standardized test scores (such as ACT, SAT, ASSET, or ACCUPLACER), advanced placement credits, transfer credits, or prerequisite coursework must have UAF-approved placement test scores prior to registering for classes their first semester at UAF. Students may not enroll in classes unless they meet the placement requirements. Placement into appropriate developmental or core classes must be done with the help of an academic advisor. Placement tests are available at every UAF rural campus as well as Testing Services, Academic Advising Center, Rural Student Services, Center for Distance Education and Northern Military Programs at Fort Wainwright, Eielson Air Force Base, and Delta Career Advancement Center.

Students who enroll in a course without meeting the requirements will be withdrawn from the course through the faculty-initiated withdrawal process. Prerequisite courses and/or placement exams must be taken within one calendar year prior to the commencement of the course. Students may not enroll in Perspectives on the Human Condition courses unless they meet the placement requirements for English F111X (including reading). Students may not enroll in Core science classes unless they have placement at DEVM F105 or above and placement into English F111X.

**ENGLISH AND MATHEMATICS**

On the basis of test scores, you may be required to take developmental English and/or mathematics. These courses are designed to help you achieve competencies necessary to succeed in college-level courses. You will be placed in English F111X if your ACT English score is 18 or above (or your SAT verbal score is 430 or above, or your score on another university-approved placement test is equivalent). However, if your standardized test scores are below these minimums and if your high school cumulative GPA is 3.0 or higher, you may enroll in English F111X with permission of the director of composition or rural campus English/humanities faculty. Students enrolling in developmental English or English courses at rural campuses are required to complete a UAF-approved writing sample for placement as well as the ACT, SAT, ACCUPLACER, or ASSET.

Mathematics course placement will vary according to the type of degree you are planning to pursue and the corresponding math course(s) needed (see the requirements for your degree program for more detail). ACT, SAT, ASSET, or ACCUPLACER test scores are used to determine your math placement.

Minimum test scores for placement into math courses are listed in Table 2 and English courses in Table 3.

It is best to consult with your academic advisor or faculty in the English or math department(s) if you have questions regarding appropriate course placement.

**FOREIGN LANGUAGE**

You may enroll in the level of a language at which you are competent, based on your prior experience. You may not register for a class higher than 101 unless you have received credit through CLEP, AP, transfer, or another UAF-approved language test for the prerequisite level.

**COURSE PREREQUISITES**

Course prerequisites tell you what previous preparation you need to enroll in a course. An instructor has the right to drop any student from the course if he or she does not meet the prerequisite or has not received a grade of “C” (2.0) or better in all prerequisite courses.

**Transferring Credits**

Credit accepted at UAF that has been earned from other regionally accredited institutions, through military educational experiences or credit accepted by special approval is considered transfer credit. Where possible, transfer credit is equated with UAF courses. UAF is a member of the Servicemembers Opportunity Colleges (SOC) network. For additional information about the SOC program, contact the Office of Admissions.

UAF’s transfer credit resource website at http://uaonline.alaska.edu is an unofficial reference for undergraduate students considering transferring to UAF. An official evaluation of transfer credits can only be obtained after you have formally applied and been admitted to degree-seeking status with UAF. In the meantime, however, the transfer credit resource website is a useful tool to help you anticipate how the course credits you bring with you may equate with specific course offerings at UAF.

The following regulations apply to transfer of credit:

1. You are eligible for transfer of credit if you are a degree or certificate candidate.
2. The applicability of transfer credit to your major and/or minor requirements must be approved by your major and/or minor department. As a transfer student, you must fulfill the UAF graduation and residency requirements, including those required for a particular program.

3. Undergraduate credits earned at the 100-level or above with a C- grade or higher at institutions accredited by one of the six regional accrediting agencies will be considered for transfer. Transfer credit normally isn’t granted for courses with doctrinal religious content or for graduate courses (for undergraduate programs).

4. Transfer credit is awarded to students who have achieved a grade of C- or better. However, if you have not met the prerequisites or have not received a grade of C (2.0) or better, you may need instructor permission to register for courses requesting prerequisite credits.

5. Any student who has completed a bachelor’s degree from a regionally accredited institution will be considered to have completed the equivalent of the baccalaureate core and the associate of arts core when officially accepted to a baccalaureate degree program or associate of arts program at UAF. These students will also be considered to have completed the equivalent of the communication, computation and human relations requirements for the associate of applied science and the certificate.

6. Transfer credit is not included in computing your UAF GPA.

7. Your class standing (e.g., freshman, sophomore, etc.) is based on the number of previous college credits accepted by UAF.

8. Credits may be awarded for formal service schooling and military occupational specialties (MOS) based

Note: In cases where a student has multiple placement test scores, placement recommendations will be made using the test scores which provide the highest placement.

Academic advisors should check test score dates on BANNER or UAOnline and strongly recommend that students retest if test scores are more than one year old.

* Students may take this course if allowed by the major or degree program.

** Students may take TTCH F131 if allowed by the major or degree program and if DEV F105/F106 is not required by the major or degree program.

*** Adult Basic Education placement scores correspond to the Department of Education ability-to-benefit test cutoff score. These are important requirements for federal financial aid for students who do not have a high school diploma or GED.
on recommendations in the “Guide to the Evaluation of Educational Experience in the Armed Services,” published by the American Council on Education. Credit completed through the Community College of the Air Force or Department of Defense courses is included in the category of military experience.

9. You will be awarded credit for currently valid government and professional certifications that have been reviewed and approved for designated course equivalencies at UAF. A list of these programs is available in the Office of Admissions.

10. Credit may also be awarded for satisfactory completion of training programs, based on recommendations of the American Council on Education and the National Program on non-Collegiate Sponsored Instruction. The award of credit is subject to review and approval of appropriate UAF faculty.

**Transferring Credits Within the UA System**

In order to serve students who transfer among the three institutions that make up the University of Alaska system, UAF, UAA and UAS have identified fully transferable general education requirements for baccalaureate degrees.

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

### Category Credit Hours

Credit for course work successfully completed at one UA institution which applies to general education requirements fulfills the same categories at all other institutions. This applies even if there is no directly matching course work at the institution to which the student transfers.

If you are a transfer student from either UAA or UAS who has completed all general education requirements in the baccalaureate program prior to transferring to UAF, you will have completed all requirements for the UAF baccalaureate core. If you haven’t completed all general education requirements, courses taken to complete those requirements at UAA or UAS will meet UAF baccalaureate core requirements according to the current table of substitutions for intra-UA transfers (See Table 4). When you apply, notify the Office of Admissions that you have completed the general education requirements at UAA or UAS.

Completion of the 35-credit lower-division requirements (100- and 200-level courses) of the UAF baccalaureate core meets the general education requirements at the UAA and UAS.

Find more information online at www.uaf.edu/admissions/undergrad/transfer/.

### Alternate Ways to Earn Credit

#### UAF Advanced Placement Credit

- **English**
  
  Only students with appropriate test scores may receive local advanced placement credit in English. If you are a student with an English ACT score of 29 or higher or

</tr>
</tbody>
</table>
If you receive a SAT critical reading score of 640 or higher, you may receive credit for ENGL F111X upon completion of ENGL F211X or 213X with a C grade or better. You must submit an application for ENGL F111X credit, available from the English department, to the Office of Admissions at the end of the semester in which you successfully completed ENGL F211X or 213X.

- **Alaska Native Language**
  After completing the course in which you were placed (above 101) and earning a B grade or higher, you may ask to receive credit for the two immediately preceding prerequisite courses, if any. However, credit cannot be awarded for such courses if university credit has already been granted (e.g., through College Board Advanced Placement national tests or credit transfer from another college). Credit will not be awarded for special topics courses, individual study courses, literature or culture courses, conversation courses, or any course taught in English.

- **Mathematics**
  If you are placed in an advanced math course and you complete MATH F201X, 202X or 302 at UAF with a C grade or better, you may also receive credit for any prerequisite calculus course(s).

**CREDIT BY EXAM**
There are several ways that you can earn college credit by receiving a passing score on an exam. For any of the following credit by exam options, grades are not computed in your GPA. Credit by exam is not considered UAF residence credit and is not considered as part of the semester course load for classification as a full-time student. You will only be awarded credit by exam if you’re currently enrolled or if you were previously enrolled at UAF as a degree student. The credit by exam options are briefly outlined here. For more information contact the UAF Office of Testing Services, 211 Gruening, 907-474-5277, e-mail fytest@uaf.edu, or www.uaf.edu/testing/.

---

**TABLE 5: TABLE OF SUBSTITUTIONS: NON-UNIVERSITY OF ALASKA INSTITUTIONS**

This table specifies courses accepted by transfer to UAF, from institutions outside the University of Alaska system, that may substitute for UAF’s core curriculum. This table of substitutions applies only to courses accepted by transfer. Students transferring from either UAA or UAS should consult Table 4, substitutions for intra-UA transfers (a brochure listing current intra-UA substitutions is also available from the Office of Admissions at UAF, UAA or UAS), or visit online www.uaf.edu/admissions/undergrad/transfer/.

X = Course meets baccalaureate core requirement. L = Lab. Students should consult Table 3 (the Table of Substitutions) to determine what other courses may meet baccalaureate core requirements.

* Portfolios may be submitted to the art department for further evaluation.
• **CLEP (College Level Examination Program)**

CLEP is a national testing program that awards college credit for some introductory courses. The exams cost $95 each (costs subject to change) and are administered daily.

See Table 6 for a list of CLEP exams accepted at UAF. To register for a CLEP exam or for more information, contact UAF Testing Services at 907-474-5277. The following criteria apply to CLEP exams:

1. If you’ve already earned (from any source) as many as 6 semester credits in the area of humanities, social sciences/history, natural sciences or college mathematics, no credit will be awarded for successfully completing the general exam in those subject areas in the CLEP exam list.

2. You may not duplicate a course for which you’ve already been given credit or in which you’re currently enrolled.

3. If you have audited a course, you must wait at least one year after the end of that course before taking the CLEP exam for that course.

4. The minimum passing score for approved CLEP exams is 50 with the exception of the following listed foreign languages scores: French semester I and II, minimum 50; semesters III and IV, minimum 59; German semester I minimum 39, semester II minimum 50, semester III minimum 55, semester IV minimum 60; Spanish semester I minimum 39, semester II minimum 50, semester III minimum 57, semester IV minimum 63.

• **College Board Advanced Placement Exams**

UAF grants advanced credit, with waiver of fees, for a score of three or higher in the College Board (CEEB) Advanced Placement Tests (see Table 7). Normally, you take these tests during your senior year in high school.

To receive CEEB advanced placement credit, you must request that an official report of your examination scores be sent to the Office of Admissions from the testing agency. When you enroll, you will be awarded appropriate credit. You may receive credit for more than one advanced placement examination.

• **Credit for Language Testing**

UAF accepts successful test results from Brigham Young University or other national testing programs (subject to Foreign Language Department approval) in languages for which no CLEP test is available, for a maximum of 12 credits. The first 10 credits may be applied to the core curriculum language requirement and any additional credits will be awarded general humanities credit. Results must be submitted directly to the Office of Admissions by the testing agency. For more information on foreign language testing opportunities, call UAF Testing Services at 907-474-5277, or e-mail fytest@uaf.edu.

• **DANTES-DSST (Standardized Subject Tests)**

DSST is a national testing program that offers exams in traditional academic, vocational/technical and business subject areas. Credit is awarded for successfully completing DANTES tests as recommended by the American Council on Education. Acceptance of the DANTES exam for a specific catalog course or as a major/minor requirement is subject to departmental approval. DSST exams cost $105 each (costs subject to change). To register for a DSST exam, call UAF Testing Services at 907-474-5277, or e-mail fytest@uaf.edu about the availability of DSST testing.

• **International Baccalaureate**

The International Baccalaureate Diploma Program is a two-year curriculum for students aged 16 to 19 and is similar to the final year of secondary school in Europe. UAF awards credit for IB higher-level exams on which students have earned a score of 4 or better. Students should submit an official record of their IB certificate(s) or diploma for review by UAF.

• **UAF Credit by Exam**

You can earn credit through UAF credit by exam if you’re currently enrolled. Subject to departmental approval, most courses are available for credit by exam, except those with numbers ending -90 through -99 (193, 292, 497, etc.). A course challenged for credit can’t duplicate a course for which you’ve already been granted credit or for which you are currently enrolled. If you’ve audited a class, you can’t request credit by exam for that class until one year has passed since the end of the semester in which you audited the course.

You may obtain credit by examination forms online at www.uaf.edu/testing/, under UAF-Specific Tests, or stop by the Office of Testing Services in 211 Gruening. For more information on challenging a course call Testing Services at 907-474-5277.

**CREDIT FOR PRIOR LEARNING**

The Academic Advising Center administers the credit for prior learning program, wherein students may earn credit based on learning they have obtained outside the classroom. Students can document the university-level learning they have gained through employment, volunteer service or other life experiences with a portfolio or copies of licenses and certificates earned. Certificate, associate or bachelor’s degree students may earn up to 25 percent of total program requirements through the credit for prior learning program.

Credentials for admitted degree students who are currently enrolled are reviewed by faculty from participating departments who determine if this process is appropriate and make recommendations for awarding prior learning credit. Review is based on equivalency to courses listed in this catalog. Credit received for prior learning does not affect your GPA and is not considered residence credit.

The university will award transfer credit for specified national and state authorizations, certificates, credentials and/or examinations (see Transferring Credits, page 32) that do not need credit for prior learning review. For further information or assistance, contact the Academic Advising Center, 509 Gruening Building, 907-474-6396 or advising@uaf.edu.
To access the credit for prior learning student handbook online, go to www.uaf.edu/advising/CPL/.

INDEPENDENT LEARNING
The Independent Learning Program, administered by the Center for Distance Education and Independent Learning, offers an alternative for people who seek a college education but cannot attend classes. The unique advantage of independent learning is its flexibility. You select your own hours of study and work at your own pace in surroundings you choose. Independent learning offers the freedom to structure a personal academic schedule and continue educational progress, even when personal circumstances make it impossible to attend scheduled classes.

For UAF students, UAF independent learning courses count as residence credit. When you enroll in an independent learning course during the regular semester enrollment period and complete the course during the same semester, the course may be used to determine full-time/part-time status and eligibility for financial aid and scholastic action. The grade will average in your semester and cumulative GPAs.

When you enroll in an independent learning course at other times of the year, the credit and grade will not impact the credit load or semester GPA for any other semester enrollments but will be counted in your cumulative totals. It’s important to realize that enrollment in these year-based courses does not count toward your current semester credit load, and therefore, is not included in determining your full-time or part-time student status. Your student status (full- or part-time) can affect things like financial aid or athletics eligibility.

The Center for Distance Education and Independent Learning maintains a comprehensive website where policies regarding enrollment, transfer, withdrawal, extension, fees, materials and course descriptions may be found. You may also request a printed listing of courses and CDE policies. Please contact the Center for Distance Education and Independent Learning at 2175 University Avenue South (Fairbanks), phone: 800-277-8060 or 907-479-3444, fax: 907-479-3443, e-mail: distance@uaf.edu or online at http://distance.uaf.edu.

The University of Alaska provides many possibilities for students to take distance-delivered courses. The campuses at Anchorage, Fairbanks and Juneau, along with their community college networks, offer hundreds of courses using a variety of delivery modes. Opportunities for students who prefer distance-delivered courses can be found at the University of Alaska Distance Learning website at http://distance.alaska.edu.

Registration

Registration is Essential

You must register and pay tuition and fees to attend classes and earn credit. Registration is held each semester on dates published in the academic calendar (see inside front cover for the Fairbanks campus). For special programs, short courses, seminars and other classes not part of the regular academic calendar, registration is as needed.

Details about procedures and schedules for registering are published online and in separate publications at each campus and branch campus. Registration instructions for the Fairbanks campus are provided in the UAF class schedule, published in April for the upcoming fall semester and in November for the upcoming spring semester. The same information is available online at http://uaonline.alaska.edu or www.uaf.edu/schedule/.

If you register for courses, the university holds you financially responsible for payment of your tuition and fees. The university will not drop your registration if you do not pay. Other consequences for non-payment include not being able to receive your grades or transcripts.

ACADEMIC ADVISING
Academic advising is an important part of planning for your education. Your academic advisor’s signature is needed to begin the registration process. All degree and certificate students are required to have an academic advisor. You will work in tandem with your academic advisor to develop a viable educational plan that reflects your academic interests and goals. Your advisor will assist you in determining the best options, alternatives and sequences of classes to take. Non-degree students may also see an advisor, and it is recommended for those taking 9 or more credits in a semester or for those who have accumulated 30 or more UAF credits. Academic advising is available at several campuses. See Services and Resources, page 68, for more information.

PLACEMENT TESTS
Test results are required for first-time degree or certificate students, transfer students with fewer than 30 acceptable credits, or students planning to take 100-level written communication or mathematics courses. Results from American College Testing Program (ACT) or the Scholastic Aptitude Test (SAT) or, for associate degree or certificate students, the ASSET or COMPASS test must be on file with the Office of Admissions before you can register for classes. A hold may be placed on your ability to register if you have not submitted required test scores.
**NON-DEGREE STUDENTS**

Anyone who wants to attend classes at UAF as a non-degree student can as long as you have the appropriate permissions. Current high school students should refer to the High School and Secondary School Students section below. Non-degree students are subject to placement examination requirements for freshman courses, and they must maintain a 2.0 GPA to remain in good standing. Any non-degree student who wants to be considered a degree candidate must submit an application for admission, meet regular admission requirements and submit transcripts. Non-degree students are not eligible for financial aid or priority registration.

It’s important for potential graduate students to understand that credits earned as a non-degree student might not be accepted for use toward a graduate degree program. Please see the transfer credit section of How to Earn a Graduate Degree (page 191).

**HIGH SCHOOL AND SECONDARY SCHOOL STUDENTS**

High school and secondary students may take classes at UAF. One program, Alaska Higher Education Admission Decision (AHEAD), requires formal admittance to UAF (see Admissions Requirements). Secondary student enrollment and TECH PREP, however, do not entail formal admission.

**Secondary Student Enrollment**

The secondary student enrollment process allows secondary school students to register for UAF classes. A student meeting course prerequisites may enroll in university classes with permission of the instructor or the department head. Students must consult their appropriate school district officials and school counselors for approval prior to registration if they wish to use university courses to meet high school graduation requirements.

Registering for courses at UAF establishes a permanent academic record that reflects student academic performance in all courses attempted.

*Note: Enrollment in UAF courses as a secondary student does not constitute formal admission to the university for the purposes of earning a certificate or degree.*

**Tech Prep Opportunities**

The Tech Prep program allows students to earn credits toward a UAF certificate or associate degree by completing career and technical education classes in high school that have been approved for college credit by UAF. The classes available for credit vary from school to school, but in general, they are taken from the following areas: applied business; automotive; airframe and powerplant; and many others.

</tr>
</tbody>
</table>

Add/drop forms (if necessary), total withdrawal forms and credit-no-credit forms must be submitted to the Registrar's Office by the appropriate deadlines.

* Add, drop, withdrawal and credit-no-credit option deadlines will be adjusted proportionally for courses that are less than a semester in length.

** The first day of instruction for all semester-length courses is the date indicated as the first day of instruction in the official semester academic calendar. It might not be the first day that a class meets.

*** Late withdrawals are allowed for exceptional cases only and approval is not automatic.
human health; drafting; emergency medical services; and welding. For more information, contact your high school counselor or Tanana Valley Campus at 907-455-2858.

Adding, Dropping and Withdrawing from Classes

Information about the add/drop process can also be found at http://uaonline.alaska.edu, in the current class schedule at the Registrar’s Office or at www.uaf.edu/schedule/. Adds, drops and withdrawals are not final until the student has completed the appropriate procedure, paid any relevant fees or tuition and submitted all necessary paperwork to the Registrar’s Office. If you drop a class within specified time frames, the course will not be part of your academic transcript. Important deadlines are listed in Table 8.

NON-ATTENDANCE DROP POLICY

Students are expected to begin attending classes on the first day of instruction. Some departments, in trying to find space for students on wait lists, require that you attend the first class session or notify the department in advance that you cannot attend the first class. If you miss the first class without notifying the department, you may be dropped from the course, and the space may be assigned to a student on the wait list.

At the Fairbanks campus, the class schedule provides information on which courses use the non-attendance drop policy.

Because of the high demand for composition (ENGL F111X, 211X, 213X, 313 or 414) and basic speech (COMM F131X or 141X) courses, students who fail to attend the first class meeting will be dropped even if they registered in time frames, the course will not be part of your academic transcript.

WIThDRAWING

• Withdrawing from a Class
  If you withdraw from a class later than the third Friday after the first day of instruction (last day to drop classes), a grade of W appears on your academic record. The W grade does not affect your GPA. The last day you can withdraw from a class is the ninth Friday after the first day of instruction. For specific dates, see the academic calendar on the inside cover of this catalog.

• Total Withdrawal from All Your Classes
  If you want to withdraw from all your classes later than the third Friday after the first day of instruction (last day to drop classes), use a Total Withdrawal form available from the Registrar’s Office. You’ll receive a W grade for all classes, which does not impact your GPA. A student-initiated total withdrawal is subject to the same deadlines as withdrawal from a class. For specific dates, see the academic calendar on the inside cover of this catalog.

WITHDRAWALS AFTER THE DEADLINE

Appeals for a late withdrawal after the student-initiated withdrawal deadline — the ninth Friday after the first day of instruction — are exceptions to policy and are allowed only in exceptional cases. Approval is not automatic, and you need to provide documented evidence to support your request. Acceptable serious and compelling reasons may include: 1) death in immediate family; 2) serious illness or injury of student or immediate family; and 3) factors outside of student’s control (for example, major employment change, fire, flood). Failing a course or avoiding an unsatisfactory grade is not a serious and compelling reason for seeking a late withdrawal and will not be approved.

Appeals for late withdrawals must be submitted within 30 class days after the beginning of the next regular semester. Forms for an appeal for late withdrawals are available online at www.uaf.edu/reg/forms, through the Registrar’s Office in Signers’ Hall at the Fairbanks campus or through local campus student services offices. Once received, the appeal will be evaluated by a campus-wide committee which will return a decision to the student. The decision of the university is final and a student who files a written appeal under these procedures shall be expected to abide by the final disposition of the review, as provided, and may not seek further appeal of the matter under any other procedure within the university.

FACULTY-INITIATED DROP OR WITHDRAWAL

Class instructors have the right to drop students who do not meet course prerequisites, did not obtain a grade of “C” or better in all prerequisite courses or who have not participated substantially in a course. Faculty-initiated drops submitted through the third Friday after the first day of instruction will be treated as a dropped class and will not appear on any student transcript. The faculty-initiated withdrawal may occur after the third Friday but before the ninth Friday after the first day of instruction. A grade of W will appear on a student’s academic record for faculty-initiated withdrawals.
