B.A. Degree

Minimum Requirements for Degree: 120 credits

The history department seeks to make students aware of human cultural heritage, the great problems that have faced humans throughout history and how we have sought to solve them.

The department also trains students to apply the historical method which offers analysis based on the dimension of time. Discussion, focused on concrete, specific events, persons and judgments, explains why things are as they are. Students learn effective historical research and writing.

Through the study of history, students prepare for careers in public service agencies; as members of management teams, particularly in the area of policy analysis; for careers in teaching; or for advanced work in history and other social sciences.
