## Mathematics

College of Natural Science and Mathematics  
Department of Mathematics and Statistics  
907-474-7332  
www.dms.uaf.edu

### B.A., B.S. Degrees

Minimum Requirements for Degrees: 120 credits

The number of new fields in which professional mathematicians find employment grows continually. This department prepares students for careers in industry, government, and education.

In addition to the major programs, the department provides a number of service courses in support of other programs within the university. Current and detailed information on mathematics degrees and course offerings is available from the department.

The department maintains a math lab which is available for assistance to all students studying mathematics at the baccalaureate level.

The Department of Mathematics and Statistics also offers programs in statistics (see separate listings).

### Major — B.A. or B.S. Degree

1. Complete the following pre-major requirement:  
   Students must be ready to matriculate into MATH F200X before they will be allowed to declare mathematics as their major.

2. Complete the general university requirements (page 131).

3. Complete the B.A. or B.S. degree requirements. (See page 136. As part of the B.S. degree requirements, complete PHYS F103X and PHYS F104X, or PHYS F211X and PHYS F212X.)

4. Complete the following program (major) requirements:*  
   - MATH F200X — Calculus I** ....................................................4
   - MATH F201X — Calculus II** ............................................4
   - MATH F202X — Calculus III ....................................................4
   - MATH F215 — Introduction to Mathematical Proofs .....................3
   - MATH F314 — Linear Algebra .................................................3

5. Complete one of the following options:*  

   **Option I — Mathematics**
   
   a. Complete the following:  
      - MATH F401W — Introduction to Real Analysis .................3
      - MATH F405W — Abstract Algebra .................................3
      - MATH F4900 — Senior Seminar ......................................2
   
   b. Complete 21 additional credits of electives. * Acceptable elective courses include any math or statistics course at the 300-level or above, and CS 201. At least 15 credits must be math courses (for exceptions see below***). Following are some suggested elective packages:
   
   i. Pure math:  
      - MATH F305 — Geometry ..................................................3
      - MATH F307 — Discrete Mathematics .................................3
      - MATH F402 — Intermediate Real Analysis .........................3
      - MATH F404 — Topology ....................................................3
      - Additional elective credits ..............................................9
   
   ii. Applied math:  
      - MATH F302 — Differential Equations ..........................3
      - MATH F421 — Applied Analysis ..................................4
      - MATH F422 — Introduction to Complex Analysis .................3
      - MATH F460 — Mathematical Modeling ............................3
   
   Complete two of the following:  
   - MATH F307 — Discrete Mathematics .................................3
   - MATH F310 — Numerical Analysis .....................................3
   - MATH F402 — Intermediate Real Analysis .........................3
   - STAT F300 — Statistics ....................................................3
   - Additional elective credits ..............................................3

   **Option II — Statistics**
   
   a. Complete the following 29 credits:  
      - ENGL F314W/O2 — Technical Writing (3)
      - ENGL F414W — Research Writing (3) .........................3
      - CS F201 — Computer Science I (3)
      - or NRM F338 — Introduction to Geographic Information Systems (3) .........................3
      - MATH F371 — Probability ..............................................3
      - MATH F401W — Introduction to Real Analysis (3)
      - or MATH F405W — Abstract Algebra (3) .........................3
      - MATH F408 — Mathematical Statistics .........................3
      - STAT F300 — Statistics .................................................3
      - STAT F401 — Regression and Analysis of Variance ..........4
      - STAT F402 — Scientific Sampling ..................................3
      - STAT F454 — Statistical Consulting Seminar ....................1
      - Additional elective credits 300-level or above ................3

5. Minimum credits required ............................................120

* Students must earn a C grade (2.0) or better in each course.

** Satisfies core or B.A. or B.S. degree requirements.

*** In some cases, courses with strong mathematical content from other disciplines may be used as electives. Such an elective package must be approved by an advisor in the Department of Mathematics and Statistics. The requirement that at least 15 credits be math courses still applies.

**** We strongly recommend that prospective secondary science teachers seek advising from the UAF School of Education early in your undergraduate degree program, so that you can be appropriately advised of the state of Alaska requirements for teacher licensure. You will apply for admission to the UAF School of Education’s post-baccalaureate teacher preparation program, a one-year intensive program, during your senior year. Note: All mathematics majors — including double majors — must have an advisor from the Department of Mathematics and Statistics.

Note: In addition to meeting all the general requirements for the specific degree, certain mathematics courses are required of all mathematics majors. At least 12 approved mathematics credits at the 300-level or above must be taken while in residence on the Fairbanks campus. All electives must be approved by the department.

### Minor

1. Complete the following:  
   - MATH F200X — Calculus I ............................................4
   - MATH F201X — Calculus II ...........................................4
   - MATH F202X — Calculus III ...........................................4

   At least 9 additional credits from MATH F215, STAT F300, any F300- or F400-level MATH course; or electives approved by a mathematics advisor .............................9

2. Minimum credits required ............................................21

Note: Courses completed to satisfy this minor can be used to simultaneously satisfy other major or general distribution requirements.
All degrees (e.g. B.A., B.S., etc.) require additional courses. Refer to specific degree and program requirements.

**Baccalaureate Core Requirements**

*(Note: all courses for Core must be completed with C- or higher.)*

**COMMUNICATION (9)**

Complete the following:

- ENGL F111X ...........................................(3)

  \* ENGL F190H may be substituted.

Complete one of the following:

- ENGL F211X OR ENGL F213X ........................(3)

Complete one of the following:

- COMM F131X OR COMM F141X ........................(3)

**PERSPECTIVES ON THE HUMAN CONDITION (18)**

Complete all of the following four courses:

- ANTH F100X/SOC F100X ............................(3)
- ECON F100X OR PS F100X ..........................(3)
- HIST F100X ............................................(3)
- ENGL/FL F200X ......................................(3)

Complete one of the following three courses:

- ART/MUS/THR F200X, HUM F201X OR ANS F202X .... (3)

Complete one of the following six courses:

- BA F323X, COMM F300X, JUST F300X, NRM F303X,
  PS F300X OR PHIL F322X ............................(3)

**OR complete 12 credits from the above courses PLUS**

- two semester-length courses in a single Alaska Native language or other non-English language **OR**
- three semester-length courses (9 credits) in American Sign Language taken at the university level.

**MATHEMATICS (3)**

Complete one of the following:

- MATH F103X, MATH F107X, MATH F161X OR
  STAT F200X ............................................(3 – 4)

  \* No credit may be earned for more than one of MATH F107X or F161X.

**OR complete one of the following:**

- MATH F200X, MATH F201X, MATH F202X,
  MATH F262X OR MATH F272X ...........................(4)

  \*Or any math course having one of these as a prerequisite.

**NATURAL SCIENCES (8)**

Complete any two (4-credit) courses:

- ATM F101X ............................................(4)
- BIOL F100X ............................................(4)
- BIOL F103X ............................................(4)
- BIOL F104X ............................................(4)
- BIOL F111X ............................................(4)
- BIOL F112X ............................................(4)
- BIOL F115X ............................................(4)
- BIOL F116X ............................................(4)
- CHEM F100X ..........................................(4)
- CHEM F103X ..........................................(4)
- CHEM F104X ..........................................(4)
- CHEM F105X ..........................................(4)
- CHEM F106X ..........................................(4)
- CHEM F108X ..........................................(4)
- GEOG F111X ..........................................(4)
- GEOS F100X ..........................................(4)
- GEOS F101X ..........................................(4)
- GEOS F112X ..........................................(4)
- GEOS F120X ..........................................(4)
- GEOS F125X ..........................................(4)
- MSL F111X ............................................(4)
- PHYS F102X ............................................(4)
- PHYS F103X ............................................(4)
- PHYS F104X ............................................(4)
- PHYS F115X ............................................(4)
- PHYS F116X ............................................(4)
- PHYS F175X ............................................(4)
- PHYS F211X ............................................(4)
- PHYS F212X ............................................(4)
- PHYS F213X ............................................(4)

**LIBRARY AND INFORMATION RESEARCH (0 – 1)**

Successful completion of library skills competency test OR

LS F100X or F101X prior to junior standing ............(0 – 1)

**UPPER-DIVISION WRITING AND ORAL COMMUNICATION (0)**

Complete the following:

- Two writing intensive courses designated (W) ..............(0)
  and one oral communication intensive course
designated (O) .............................................(0)

  **OR** two oral communication intensive courses designated
  (O/2), at the upper-division level (see degree and/or major
  requirements) .......................................(0)

**CORE CREDITS REQUIRED .................................. 38 – 39**

Minimum credits required for degree ..........................120
