Certificate; AAS Degree
Minimum Requirements for Certificate: 34 credits;
for Degree: 60 credits

This program prepares students for employment as early childhood and
child care providers and improves the skills of those already employed
in the field. Graduates pursue opportunities with child care centers,
head start programs, early childhood education programs, child wel-
fare service agencies, scouting services, staff training, program licens-
ing and public school teacher aide programs. This program meets stan-
dards specified by the National Association for the Education of Young
Children and leads to state certification as an Early Childhood Education
Associate II.

The certification program in early childhood is for students enrolling
in college for the first time as well as for those who are educated in other
subject areas but desire retraining for employment in this field. Through
course work, students gain the knowledge and skills they need to pur-
sue the field-based Child Development Associate Credential and to meet
State of Alaska requirements for employment as directors or teachers in
licensed centers. Course work also fulfills minor or concentration re-
quirements for degrees in other disciplines.

Students entering either the AAS degree or certificate program should
meet with an early childhood advisor to discuss a specific course of study.
The required early childhood courses offered by any of the UAF campus
sites may be used to meet graduation requirements for the certificate or
degree.

An agreement between the UAF College of Rural and Community
Development and the University of Alaska Southeast allows students in
rural locations to take courses in early childhood education and obtain
an AAS degree via distance delivery. Students should contact their ad-
visor for assistance with the selection of general education courses and
electives that meet the degree requirements of their campus. The courses
for the certificate and AAS degree lay the foundation for the BA in Child
Development and Family Studies.
