BS, BS/MS Degrees
Minimum Requirements for Degrees: BS: 120 credits;
BS/MS: 141 credits

Computer science is the study of information handling and its application to the problems of the world. Computing is widely used in support of science, engineering, business, law, medicine, education and the social sciences, and offers abundant employment opportunities.

The BS and MS degrees follow the recommendations of the Association for Computing Machinery and the Institute for Electrical and Electronic Engineers. The BS degree is accredited by the Computing Accreditation Commission of the Accreditation Board for Engineering and Technology.

The computer science undergraduate program introduces the fundamentals of computer programming, hardware and theory. It emphasizes the application of general principles to real-world problems. Mathematics and engineering play critical roles in the core. A solid background in fundamentals enables graduates to understand the uses of today’s computers and to participate in future developments.

Major — BS Degree

1. Complete the following:
   a. CS major (junior preferred) or senior standing.
   b. GPA 3.25 or above based on a minimum of 24 credits. Students may not maintain a cumulative GPA of 3.0 to remain in the program.
   c. Submit GRE (general) scores.
   d. Submit a study goal statement.
   e. Submit a UAF graduate application for admission.

2. Complete the following program (major) requirements:
   a. Complete the following admission requirements:
      1. Complete the following:
         a. Students must earn a C- grade or better in each course.
   b. GPA 3.25 or above based on a minimum of 24 credits. Students must maintain a cumulative GPA of 3.0 to remain in the program.
   c. Submit GRE (general) scores.
   d. Submit a study goal statement.
   e. Submit a UAF graduate application for admission.

3. Complete the BS degree requirements. (See page 134. As part of the core curriculum requirements, complete: MATH F200X* and any approved ethics course.)
   a. Complete the following:
      a. Complete the following program (major) requirements:

4. Complete the following program (major) requirements:
   a. Complete the following program (major) requirements:

5. Complete the following:
   a. Complete the following:

6. Complete the following:
   a. Complete the following:

Major — BS/MS Degree

1. Complete the following admission requirements:
   a. CS major (junior preferred) or senior standing.
   b. GPA 3.25 or above based on a minimum of 24 credits. Students must maintain a cumulative GPA of 3.0 to remain in the program.
   c. Submit GRE (general) scores.
   d. Submit a study goal statement.
   e. Submit a UAF graduate application for admission.

2. Complete the general university requirements. (See page 129. As part of the core curriculum requirements, complete: MATH F200X* and any approved ethics course.)

3. Complete the BS degree requirements. (See page 134. As part of the BS degree requirements, complete: MATH F201X*, PHYS F211X* and PHYS F212X.*)

4. Complete the following program (major) requirements:
   a. Complete the following:

5. Complete the following:
   a. Complete the following:

6. Complete the following:
   a. Complete the following:

Note: Courses must earn a C- grade or better in each course used to fulfill the minor requirements.

Note: Courses completed to satisfy this minor can be used to simultaneously satisfy other major or general distribution requirements.

UNIVERSITY OF ALASKA FAIRBANKS
Office of Admissions and the Registrar • P.O. Box 757480 • Fairbanks, AK 99775-7480 • admissions@uaf.edu • www.uaf.edu

The University of Alaska Fairbanks is accredited by the Northwest Commission on Colleges and Universities. UAF is an affirmative action/equal opportunity employer and educational institution. 08/2014
**Baccalaureate Core Requirements**

**Communication .................................................. 9 Credits**
- ENGL F111X—Introduction to Academic Writing ..............................(3)
- ENGL F190H may be substituted.

Complete one of the following:
- ENGL F211X—Academic Writing about Literature ...............................(3)
- ENGL F213X—Academic Writing about the Social and Natural Sciences ....(3)

Complete one of the following:
- COMM F131X—Fundamentals of Oral Communication: Group Context .......(3)

**Perspectives on the Human Condition .............. 18 Credits**

Complete all of the following four courses:
- ANTH F100X/SOC F100X—Individual, Society and Culture ..................(3)
- ECON F100X or PS F100X—Political Economy ...................................(3)
- HIST F100X—Modern World History .............................................(3)
- ENGL/FL F200X—World Literature ..................................................(3)

Complete one of the following three courses:
- ART/MUS/THTR F200X—Aesthetic Appreciation: Interrelationships of Art, Drama and Music .............................................................(3)
- HUM F201X—Unity in the Arts ..........................................................(3)
- ANS F202X—Aesthetic Appreciation of Alaska Native Performance ....(3)

Complete one of the following six courses:
- BA F323X—Business Ethics ..............................................................(3)
- COMM F300X—Communicating Ethics ..............................................(3)
- JUST F300X—Ethics and Justice .......................................................(3)
- NRM F303X—Environmental Ethics and Actions .................................(3)
- PS F300X—Ethics and Society ...........................................................(3)
- PHIL F322X—Ethics ........................................................................(3)

Or complete 12 credits from the above courses plus one of the following:
- Two semester-length courses in a single Alaska Native language or other non-English language.
- Three-semester-length courses (9 credits) in American Sign Language taken at the university level.

**Mathematics ...................................................... 3 Credits**

Complete one of the following:
- MATH F103X—Concepts and Contemporary Applications of Mathematics .................................................................(3)
- MATH F107X—Functions for Calculus* ..................................................(4)
- MATH F161X—Algebra for Business and Economics** .........................(3)
- STAT F200X—Elementary Probability and Statistics ...........................(3)
  * No credit may be earned for more than one of MATH F107X or F161X.

Or complete one of the following:
- MATH F200X—Calculus I** ..............................................................(4)
- MATH F201X—Calculus II .................................................................(4)
- MATH F202X—Calculus III ...............................................................(4)
- MATH F262X—Calculus for Business and Economics .........................(4)
- MATH F272X—Calculus for Life Sciences ..........................................(4)
  * Or any math course having one of these as a prerequisite
  ** No credit may be earned for more than one of Math F200X, F262X or F272.

**Natural Sciences .................................................. 8 Credits**

Complete any two (4-credit) courses.
- ATM F101X—Weather and Climate of Alaska .....................................(4)
- BIOL F100X—Human Biology .........................................................(4)
- BIOL F101X—Biology of Sex ............................................................(4)
- BIOL F103X—Biology and Society ....................................................(4)
- BIOL F104X—Natural History ...........................................................(4)
- BIOL F115X—Fundamentals of Biology I ...........................................(4)
- BIOL F116X—Fundamentals of Biology II ...........................................(4)
- BIOL F20X—Introduction to Human Nutrition ....................................(4)
- BIOL F211X—Human Anatomy and Physiology I .............................(4)
- BIOL F214X—Human Anatomy and Physiology II ............................(4)
- CHEM F100X—Chemistry in Complex Systems ................................... (4)
- CHEM F103X—Basic General Chemistry ..........................................(4)
- CHEM F104X—Beginnings in Biochemistry ........................................(4)
- CHEM F105X—General Chemistry ....................................................(4)
- CHEM F106X—General Chemistry ....................................................(4)
- CHEM F111X—Earth and Environment: Elements of Physical Geography ...(4)
- CHEM F100X—Introduction to Earth Science .....................................(4)
- GEOS F100X—The Dynamic Earth ...................................................(4)
- GEOS F106X—Life and the Age of Dinosaurs ....................................(4)
- GEOS F112X—History of Earth and Life ...........................................(4)
- GEOS F20X—Glaciers, Earthquakes and Volcanoes ............................(4)
- GEOS F100X—Humans, Earth and Environment ...............................(4)
- MSL F111X—The Oceans .................................................................(4)
- PHYS F102X—Energy and Society ....................................................(4)
- PHYS F103X—College Physics ..........................................................(4)
- PHYS F104X—College Physics ..........................................................(4)
- PHYS F115X—Physical Science I ......................................................(4)
- PHYS F175X—Astronomy .................................................................(4)
- PHYS F211X—General Physics .........................................................(4)
- PHYS F212X—General Physics ..........................................................(4)
- PHYS F213X—Elementary Modern Physics .......................................(4)

**Library and Information Research ................. 0–1 Credit**

- Successful completion of library skills competency test or LS F100X or LS F101X prior to junior standing

**Upper-Division Writing and Oral Communication**

Complete the following at the upper-division level:
- Two writing intensive courses designated (W) and one oral communication intensive course designated (O), or two oral communication intensive courses designated (O/2) (see degree and/or major requirements)

Total credits required 38–39

All degrees (e.g. B.A., B.S., etc.) require additional courses. Refer to specific degree and program requirements. Students must earn a C-grade or better in each course used toward the baccalaureate core.
