

Committee composition – Master’s Degree

Students must discuss the composition of their graduate committee with their advisor and should have a committee in place by the end of their second semester. There must be at least 3 members on each graduate committee composed of the following:

Member 1 - Chair: must be a doctorate level, full-time faculty member who has at least a joint appointment in the School of Education

Member 2: must be at least a master’s level, full-time faculty member but does not necessarily have to be a member of the School of Education

Member 3: must be at least a master’s level individual who has significant experience or expertise in the requisite field; they do not have to be affiliated with the university, but if they are not a member of the university they need to be approved by the department chair. Please provide resume.
