

COURSE ANALYSIS INSTRUCTIONS

Applicants should provide a digital analysis of their degree content course work. An example of this analysis is provided on the following page.

Include all courses completed at the post-secondary level that show academic content competency in your major. You may also include a breakdown of your minor.

On the sample:

“Credits” reflects the number of credits earned for completion of the course (i.e., ENGL 200 taken for 3 credits).

“D=1 Pt.” reflects the grade value. (A = 4, B = 3, C = 2, D = 1, F = 0)

“Cum pts.” Reflects the total points awarded for the course (for example, a 3-credit course with a grade of “A” (4 points) equals 12 cum pts.)

If a course is Pass/No Pass or has “0” credit, list the course but do not include the credits in the calculation of your overall grade point average.

For further assistance, refer to the example form attached.
