

Administrative Services Bulletin: Thursday, May 06, 2010
By Linda Zanazzo, Director of Facilities Services

What's new?

- We recently completed our first Facilities Services Business Report for first and second quarter FY10. The Business Report is part of our benchmarking and will be done annually.
<http://www.uaf.edu/files/fs/busreportfy10q1-q2.pdf>
- Jenny Barrett recently updated our website. Visit <http://www.uaf.edu/fs/> . Some of the items you can find on our site is:
 - 2010 Construction Overview Map
 - LED Test Installations
 - Building Info and Plans
 - Parking Services
 - Shuttle Tracker
 - And much, much more...
- New energy efficient lights have been installed in the water treatment plant.

What's next?

- Power Plant will be converting the chilled water system to glycol this summer. This will allow the Power Plant to operate the chilled water system earlier in the spring and later into the fall.
