
INSTRUCTIONS

1. Use this record book for all the things you do in 4-H this year. Use "save as" to save your entries, and add to them as needed until your Record Book is completed for the year.
2. Use a separate **PROJECT RECORD** for each of your projects. This section is also printed separately for convenience.
3. There may be added sheets for projects with special planning or recording needs, such as breeding records, milk production, egg record, garden plan, horse certificate and shooting sports record. Check with the policy in your district.
4. Use your records to look back at the progress you have made during the year. This will be helpful when you write your year-end story and also when you make plans for next year.
5. When you complete your 4-H program for this year, write your 4-H story covering all projects.
6. The record book is your personal work. It should be kept current as the year progresses. Handwriting or typing should be your own. You may add pages if you run out of room for entries.
7. You may want to organize your records with tabs in a binder. Use a tab for each of these sections and organize in this order:
 - General Activities
 - Project Record—use a separate tab for each project. If a project requires an added sheet, put it at the end of that project section.
 - Story and Clippings
 - Comments and Signatures. Obtain signatures at the end of the year.
 - If necessary, separate your general record sheets to put your story, clippings and comment pages last.

Suggestions for your Project Journal

DATE

This is a log of your actions. It should be kept up to date.

WHAT I DID OR MADE

List, in order, things you did or made. Examples are: purchased supplies, cooked dinner, taught my dog to heel.

HOW MUCH/HOW MANY

How much did you buy? How many people did you serve? How many pounds did your animal weigh? If this column doesn't apply to you, leave it blank.

COST

What was the total cost of the items you purchased? If you used feed or other materials given to you by others, estimate the cost. For many things you do, such as teaching your dog to heel, there will be no cost or income.

VALUE/INCOME

Record the amount you received for items sold or premiums won at shows; estimated value of items you made, or items raised and consumed at home.

TIME

Estimate the time you spent on this action related to your project. For some activities you may want to summarize weekly or monthly hours spent.

EXPLANATION/COMMENTS/WHAT YOU LEARNED

Briefly say what happened; what you learned; problems you had; how you feel about what you did or made.
