Fairbanks, Alaska—The Cooperative Extension Service in Fairbanks invites residents to bring a brown bag lunch and their questions to a lecture series on gardening topics.

The series kicks off Friday with information on soil testing. Sessions will run from 12:10-12:50 p.m. most Mondays, Wednesdays and Fridays through July 16, in room 108 of the University Park Building, 1000 University Ave. Extension agriculture and horticulture agent Michele Hebert or her staff will lead the sessions. A schedule follows:

- May 28, soil testing
- June 2, worm composting in a tote (must sign up ahead of time to take home a box).
- June 4, growing baby salad greens
- June 7, raising tomatoes
- June 9, growing strawberries
- June 11, growing raspberries
- June 14, edible flowers
- June 16, square foot gardening
- June 18, lasagna gardening
- June 21, lawn establishment
- June 23, rejuvenating your lawn
- June 25, maintaining your lawn
- June 28, compost tea
- June 30, invasive weeds
- July 7, compost tea
- July 9, tree pests
- July 12, common garden pests
- July 14, perennial garden
- July 16, transplanting trees

For more information or to sign up for the June 2 class, contact Taylor Maida at 474-2422 or temaida@alaska.edu.
