Subject: Salmon taste tests scheduled

Details: Volunteers who sample freeze-dried salmon Oct. 15th to 17th at the University of Alaska Fairbanks may be supporting future space missions.

Some 150 volunteers are needed for taste tests from 10:30 a.m. to 4 p.m. in Wood Center conference rooms C and D.

The Kodiak Seafood and Marine Science Center is conducting research on salmon as a source of omega-3 fatty acids to support space crew health. The research is sponsored by the Alaska Space Grant Program.
