Start Date: Jan. 16, 2012  Stop Date: Jan. 22

Subject: Radon lecture at Noel Wien Library

Details: Radon, which has been linked to lung cancer, has been detected in a number of Fairbanks homes at levels the Environmental Protection Agency considers unsafe.

Art Nash, the Cooperative Extension Service energy specialist, will talk about radon at 4 p.m. Tuesday, January 22nd, in the Noel Wien Library Auditorium. He will address where radon comes from, how to detect it and how to take care of it. January is National Radon Awareness Month.
