Start Date: March 7, 2013  Stop Date: March 12, 2013

Subject:  
Camp energy presentation March 12

Details:
A presentation at the Westmark Fairbanks Hotel March 12 will focus on practical energy solutions for camps and other remote locations.

Cooperative Extension energy specialist Art Nash and Dave Pelunis-Messier of the Tanana Chiefs Conference will present different energy options from 7 to 9 p.m. in the Chena Room.

They will cover solar cells, small windmills, hydro props, battery banks and rocket stoves, which can help meet a variety of energy needs.

MEDIA CONTACT: Art Nash, Extension energy specialist, at 474-6366 or alnashjr@alaska.edu.
