Start Date: March 14, 2014                  Stop Date: April 15, 2014

Subject: Wood energy conference hosted in Fairbanks

Details:

The Alaska Wood Energy Conference will meet April 15-17 in Fairbanks.

The conference will focus on rural and Interior heating issues, including the sustainable harvesting of wood, air quality concerns, current research and new technologies. March 21 is the early registration deadline. See conference details and registration linked at www.uaf.edu/ces.

Co-sponsors include the University of Alaska Fairbanks Cooperative Extension Service, Alaska Energy Authority, UAF Alaska Center for Energy and Power and U.S Forest Service.
