PART I - GENERAL

1.01 Apply external corner guards in all corridors with gypsum board walls.

1.02 Wall protection, including chair and table rails, in seating areas of food service locations and classrooms.

1.03 Provide wall protection behind service and janitor sinks.

1.04 Additional door protection such as kickplates per Division 08

PART 2 – PRODUCTS

2.01 Corner Guards: Stainless steel 18 gauge minimum, 60-inches tall in facilities subject to damage from carts, extruded PVC, full height, elsewhere.

2.02 Chair and Table rails: Solid plastic such as HDPE, stainless steel, or solid wood rails, minimum 4 inches wide.

2.03 Wall Protection: Similar to 2.02 except tile is allowable in public areas. For wall protection behind service and janitor sinks, provide ceramic tile or solid surface fiberglass reinforced acrylic polymer or equal material.

2.04 FRP shall be avoided on all projects.

PART 3 – EXECUTION (NOT USED)
