Let us bring the museum to you!
Enhance your school’s science night or another special event with hands-on specimens and museum activities. We can provide a museum educator and activities for a complete event, or complement your existing plans with a skilled educator and single engaging activity.

**UAMN Science Night**
Complete event, 6 stations.
Staffed by a museum educator and volunteers from your school.
Planning guide and customizable flyer provided.
Duration: 2 hour event
Cost: $500

Choose a theme. We will provide a variety of engaging activities to be staffed by your volunteers. An educator will be present to set up, train your volunteers, and answer questions throughout the event.

- **Art & Science**
  Engage in activities that explore the relationship between art and science.
- **Climate Science**
  Discover how climate affects our world. Explore albedo, sea ice, and more.
- **DNA**
  Explore the building blocks of life. Discover what genes can do and how they are passed on.
- **Museum Collections**
  Investigate specimens and delve into museum mysteries through science, culture, and art.
- **Nanoscience**
  Learn about the very small. Explore nanoscience and how it impacts our lives.

**UAMN Science Activity**
Single station
Staffed by a museum educator.
Duration: up to 2 hour event
Cost: $100

Choose a topic. All activities incorporate hands-on learning and encourage interaction. Families will discover and learn together!
