The Office of Grants and Contracts Administration (OGCA)

**Presents:**
*Crack the Code: Making Sense of Grey*

**Wednesday, November 29, 2017**
9:30 am – 10:30 am
*Decision Theater North, WRRB Room 010*

**Overview:**
Are you in JEOPARDY of being overcome by the gray area of Research Administration? The grey matter has been a confusing area in the research administration community. Grey is often more complex to decode than a word puzzle on Wheel of Fortune. For research administrators new or senior to the field, understanding the grey matter can help you feel Smarter than a Fifth Grader and (hopefully) avoid a possible Family Feud with colleagues when they speak in this sometimes foreign language. The goal of this session will be to demystify a number of grey areas that have become prevalent within the realm of research administration. Don’t be the Weakest Link as this is your Chance of a Lifetime to join us for this highly interactive session and advance your knowledge and understanding of our Lingo.

**Learning Objectives:**
Participants will gain a basic understanding of some of the grey matter used in research administration.
Participants will gain prowess and confidence while increasing their research administration abilities

**Audience:**
Faculty and staff new or senior to the field of research administration.

**Additional Note:**
This and other OGCA G-CReATE sessions can each be counted as 1.0 credit hour for the renewal of a CRA, CPRA, or CFRA certification.
