PROGRAM IDENTIFICATION:

DEGREE PROGRAM	Construction Trades Technology
Degree Level: (i.e., Certificate, A.A., A.A.S., B.A., B.S., M.A., M.S., Ph.D.)	A.A.S

A. CHANGE IN DEGREE REQUIREMENTS: (Brief statement of program /degree changes and objectives)

The Residential Construction Project Management concentration prepares students for employment in areas where there is a projected shortage of skilled management individuals. Skills obtained include project management, finance, safety, computer applications and employability skills as they apply to tribal agencies and governments.

Certificate; A.A.S. Degree

Minimum Requirements for Certificate: 36.5 - 38.5 credits; for Degree: 73 - 75 credits

The construction trades technology program is designed to prepare students to work in the construction industry. The program prepares students for employment in areas where there is a projected shortage of skilled workers and for potential entry into an apprenticeship program.

This program provides students with fundamental knowledge of construction industry expectations as well as hands-on training. It responds to the skills targeted by Alaskan employers. Students completing the certificate program will have completed the first year of the A.A.S. degree program. Graduates of the A.A.S. degree program may pursue opportunities with employers as they acquire a higher level of construction trade skills.

A strong desire to work in the construction trades industry is important. Students must be willing to work collaboratively with industry employees in construction trades in their local area in order to fulfill the practicum components of courses.

Complete the following elective courses:

TM Advisor Approved Electives (3)

CTT Advisor Approved Electives (6)

Minimum credits required-- 70 –72 credits

\* *Student must earn a C grade (2.0) or better in each course.*

D. ESTIMATED IMPACT

WHAT IMPACT, IF ANY, WILL THERE BE ON BUDGET, FACILITIES/SPACE, FACULTY, ETC.

No impact, students will take course in existing spaces.

E. IMPACTS ON PROGRAMS/DEPTS:

What programs/departments will be affected by this proposed action?

Include information on the Programs/Departments contacted (e.g., email, memo)

The proposed new track includes integration with other CRCD programs, including Construction Management and Tribal Management. The use of CM 205 and TM courses is supported by Galen Johnson (Department Chair of Construction Management and Drafting Technology) and Steve Becker (Tribal Management Program Head).

F. IF MAJOR CHANGE - ASSESSMENT OF THE PROGRAM:

Description of the student learning outcomes assessment process.

Students are assessed through required Practicum and program criteria as listed in the CTT A.A.S. outcomes assessment plan.

JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize program/degree change applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you drop a course, is it because the material is covered elsewhere? Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the program is not compromised as a result.

There is a great need in rural Alaska for trained local people to manage local construction projects. Tribal and other rural organizations have requested the Interior-Aleutians Campus develop and deliver a distance based Residential Construction Project Management A.A.S. degree. As the number of CTT graduates has increased, additional requests for this degree have come from various campuses within CRCD. In response to the 2010 CTT A.A.S. Program review, stating the need to increase the number of students seeking an AAS degree beyond a certificate, the CTT program is developing and planning to offer a distance based Residential Construction Project Management track; it will give current certificate graduates more opportunities and flexibility to go on and complete their A.A.S. in CTT.
