JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize program/degree change applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you drop a course, is it because the material is covered elsewhere? Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the program is not compromised as a result.

This request is the result of a compromise between the Early Childhood Education AAS degree and the BA in Child Development and Family Studies. The BA program included most of the ECE AAS courses in their revised program with the understanding the ECE program would remove the restriction on the minor.
