JUSTIFICATION FOR ACTION REQUESTED
The purpose of the department and campus-wide curriculum committees is to scrutinize course change applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you drop a prerequisite, is it because the material is covered elsewhere? Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the course is not compromised as a result.
These changes address the unifying of shared Mathematics and Developmental Mathematics 200 and below course prefixes, names, numbers, and descriptions as per the Board of Regents and the Faculty Alliance Resolution 2014-01 "Concerning Alignment of Mathematics Requirements across the UA System".
