JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you ask for a change in # of credits, explain why; are you increasing the amount of material covered in the class? If you drop a prerequisite, is it because the material is covered elsewhere? If course is changing to stacked (400/600), explain higher level of effort and performance required on part of students earning graduate credit. Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the course is not compromised as a result.

The English Department is in the process of revising its undergraduate curriculum. The Department seeks alignment with current trends in literary study by replacing traditional period course in British and American literature with a slate of courses allowing instructors to approach literature in more diverse ways: through the study of a single author, focus on a genre or particular theme, or attention to literature emerging from a particular time and place. Fourteen courses at the 400-level will be dropped; ten 400-level courses will replace them.

English majors must complete five elective courses at the 300- and 400-level; we will offer the same number of 300- and 400-level courses each semester under the new as we have under the current curriculum.
