**JUSTIFICATION FOR ACTION REQUESTED**

The purpose of the department and campus-wide curriculum committees is to scrutinize program/degree change applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you drop a course, is it because the material is covered elsewhere? Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the program is not compromised as a result.

To provide students with an additional option to complete the secondary education minor. Additionally, this course provides students not residing in Fairbanks with a course that is offered by distance delivery. This course also provides similar course content and has the Special Education Departments approval.
