**Brief Statement of Proposed Program:**

This certificate program is designed to allow the beginning student to obtain the knowledge and skills to meet the standards of the American Culinary Federation in Baking and Pastry and to successfully gain employment in the culinary and hospitality industry. The certificate transitions easily and directly into the AAS in Culinary Arts. For the past seventeen years, the Culinary Arts and Hospitality program has offered a single certificate in Culinary Arts with three concentrations: culinary arts, baking and pastry, and cooking. In the spring of 2009, the Faculty Senate approved a major change to the program eliminating the three concentrations. Thus, the existing certificate is in Culinary Arts. We propose this separate certificate to replace the Baking and Pastry concentration in the Culinary Arts Certificate. We will no longer offer a Cooking concentration under the Culinary Arts Certificate nor a separate Certificate in Cooking.
Program Goals:

For the past several years the Culinary Arts and Hospitality Department has offered a single Certificate in Culinary Arts with three concentrations: culinary arts, baking and pastry, and cooking. Last year we submitted paperwork to eliminate the cooking concentration and create two distinct certificates: culinary arts, and baking and pastry. The University accepted the culinary arts certificate as modifications to the existing certificate and asked that we forward a new Certificate in Baking and Pastry Arts.

Our goal in developing this certificate is to create a clear pathway for entry level culinarians to develop their skills in baking and pastry with the potential to gain employment. For those students wishing more advanced training, the certificate articulates with the AAS in culinary arts. We anticipate that streamlining this certificate and focusing it specifically in baking and pastry will increase the number of students who can successfully complete the certificate in a reasonable time (generally two semesters). Further, other changes to courses, which were approved last year, have eliminated any pass/fail courses from the degree and aligned the remaining new or revised courses with a curriculum which is based on industry standards and competencies set forth by the American Culinary Federation Education Foundation Accrediting Commission (ACFEFAC). We plan to apply for programmatic accreditation with the ACFEFAC within the next two years.

*Net FTE (full-time equivalents). For example, if a faculty member will be reassigned from another program, but his/her original program will hire a replacement, there is one net new faculty member. Use fractions if appropriate. Graduate TAs are normally 0.5 FTE. The numbers should be consistent with the revenue/expenditure information provided.
