President’s Memorandum

TO: Faculty Senators and Members of the Standing and Permanent Committees
FROM: Cathy Cahill, President, UAF Faculty Senate
SUBJECT: 2011-2012 Faculty Senate

As the new Faculty Senate President, I wish to thank all of you for agreeing to step up and do the work necessary to fulfill the Faculty’s responsibilities to the UAF community and express the Faculty’s voice on issues of concern to us. I know that the duties you have accepted can be time consuming, but they are vital to the success of the academic, research, and service missions of UAF and they will teach you about the inner workings of our university. The time you take to carefully consider the issues before the Senate or in your committee shows in the quality of your decisions and demonstrates the value of the Faculty to our institution. We have an outstanding university due to the efforts of the UAF Faculty.

This year we will be tackling many new issues and continuing our efforts on many more. Some of our continuing efforts include: the use and promotion of term faculty, revitalization of our core curriculum, and alignment of the UAF policy of an incomplete grade resulting in an F after a year with the Board of Regents Policy. Some of the new issues we will be facing include: electronic delivery of labs, electronic effort reporting, core course evaluations, and the President’s strategic planning initiative. As issues of concern to the faculty you represent arise, please inform the Faculty Senate leadership so that we can address the issues you feel are important through the Senate and its associated committees.

I am honored that you chose me to serve as the Faculty Senate President. I will do my best to fairly, and strongly, represent the will of the UAF Faculty in the shared governance process. I am delighted to be serving in the Faculty Senate leadership with President-Elect, Jennifer Reynolds. She will be a strong and reasonable advocate for the UAF Faculty. Lastly, we are very lucky to have Jayne Harvie serve as our Governance Office Coordinator. As senior Senators and committee members know and new members will quickly learn, Jayne makes our lives easier through her efforts. Jennifer, Jayne, and I are here to hear your concerns and attempt to achieve satisfactory resolutions for all issues raised by you.

I look forward to working with all of you this year. Thank you again for agreeing to serve our great Faculty.

Six non-voting members will be selected by and from other university constituencies as follows: one non-graduate student and one graduate student selected by the ASUAF; one professional school dean and one college dean selected by the Deans' Council; one staff representative from the registrar's office; and one additional staff member selected by the Staff Council. If the staff representative from the registrar's office is APT, the second staff member must come from the classified staff ranks. Three additional non-voting members will be selected by and from the unions as follows: one elected official each from United Academics-AAUP/AFT, UAFT, Adjunct (United Academics)-AAUP/AFT.

Terms shall be for two years and staggered, with approximately one-half of the Senate elected each year.

B. Representation shall be by academic or research unit and based on the number of qualifying faculty in each unit as described below.

1. A unit is a single school or college or research institute, a collection of schools and/or colleges or collection of research institutes (see item 5).

2. For representational purposes only, a qualifying faculty member shall be defined as one who holds academic rank or special academic rank.

3. Tenure-track faculty with split appointments will be counted only in the tenure-granting unit. Research faculty and other qualifying faculty with split appointments will be counted only in the unit of primary appointment.

5. Schools, colleges and research institutes whose representation under item 4 is zero may form a conglomerate group for the purpose of joint representation as a single unit, if together they qualify for representation under item 4. If they do not qualify as a conglomerate group, or if they do not choose to be represented as a group, then each unit shall join with a represented school, college or research institute.

6. Re-apportionment will be done in the year of accreditation review of UAF, expected to be every seven years, or upon two-thirds vote of the Senate.
7. Each unit will have at least 2 representatives.

C. Election Procedure

2. Representatives should serve out the terms to which they are elected. This includes but is not limited to representatives who hold office at a time of reapportionment of the Faculty Senate, and those whose unit affiliation changes during a term of office. If the representative is no long affiliated with the unit from which they were elected, then an alternate shall be appointed and both shall serve concurrently to the end of the term. This may lead to a temporary increase in the number of elected representatives serving on the Faculty Senate.
F. Absenteeism

1. When elected members are unable to attend the meetings, their alternates will serve.

G. Recall

1. Unethical and/or unprofessional conduct by any elected officer or member of the Senate may constitute a cause for a vote of no confidence and hence a recall. In order to recall an elected officer or member, the Senate must have a 2/3 majority vote of its total membership.

Scheduling and Audio Conferencing Committee Meetings

- The Governance Office will schedule committee meetings at the request of the chair; and reserve rooms and audio conference equipment and schedule a telephone bridge as needed. Committee members are notified by e-mail or listserv of the meeting place, agenda, date and time. It is important to note whether or not the meeting will be audio-confereced, as two committees may not use the same PIN numbers at the same time. Additional PIN numbers will be arranged as needed.

- The Governance Office provides public notice at least three days prior to the meeting (if possible, and as required by law). Notices are posted in the Rasmuson Library’s west entrance, and on the first floor hallway between Signers’ Hall and the Eielson Building. All meetings are posted on the UAF Events Calendar found online at http://www.uaf.edu -- click the “Events” web page tab.

- Committees should try to set their meeting schedule for the semester at their first meeting and provide the Faculty Senate Coordinator with that information in a timely manner as campus meeting rooms fill up fast during the semester.

- It is suggested that committees schedule meetings to coincide when the rural members are on campus for face-to-face Senate meetings, if possible.
• Committees with members from outlying areas audioconference each committee meeting. Wood Center and Rasmuson Library conference rooms have audio equipment available; and the Governance Office can set up audio equipment in the Chancellor’s Conference Room with adequate notice.

• A Polycom unit is available to borrow from Governance if advance notice is provided. The Polycom unit is also shared with Staff Council for their meetings. Audio equipment is also available for checkout at Media Services of the Rasmuson Library.

• The Governance Office staff is able to supply only a limited amount of clerical support. They cannot, for example, attend committee meetings to take minutes. However, they can prepare documents for distribution to the committee via e-mail or listserve.

• Committees are encouraged to correspond as much as possible via e-mail or listserve. This is the most efficient and cost effective way to accomplish the Senate's work.

Convener and Committee Chair Responsibilities

• Convene your committee early in the fall semester and have the members elect the chair for the academic year.
  o Notify the Faculty Senate coordinator with the name of the chair.
    ▪ Committee chairs comprise the Faculty Senate Administrative Committee (along with FS leadership and the Provost).
    ▪ The chair will be added to the email distribution list for the Administrative Committee.
      (See "Attend Administrative Committee meetings" below for more info.)

• Identify a regular meeting time for your committee.
  o Contact the Faculty Senate coordinator if you would like a Doodle poll to be done for you.
  o Notify the Faculty Senate coordinator of your regular meeting time, and indicate if you will be using audio conferencing so PINs may be provided for your group.
  o Notify the Faculty Senate coordinator if you need rooms booked for meetings.

• Review the Faculty Senate bylaws with your committee and decide if they need to be updated.
  o See page 15 of this handbook for the bylaws related to Committees.
  o Changes to committee-related bylaws require a formal motion to go before the full Faculty Senate for voting.
  o See pages 27-34 of this handbook for examples of motions and resolutions.
  o The finalized motion is brought by the committee chair to the Administrative Committee for discussion and approval to be included in the next Faculty Senate meeting agenda.

• Set the agenda for committee meetings.
  o You may distribute agendas to your committee members if that is your preference; however, the Faculty Senate coordinator usually distributes them for you via email.
  o Include the meeting location and audio conference information (if applicable) in your agenda.
• The Faculty Senate coordinator is available to assist you with setting up a Google group or Blackboard site if this would be useful to conducting committee business.

• Identify a committee member to take meeting minutes during the meeting.
  ○ Usually minutes from the prior meeting are reviewed at the next meeting and approved by all committee members. Minutes can be approved via email if that is preferred.
  ○ Send a copy of the approved minutes to the Faculty Senate coordinator for inclusion in the Administrative Committee and Faculty Senate meeting agendas.
  ○ Approved minutes will also be posted online at the committee's web page.
  ○ The Faculty Senate coordinator is not available to take minutes for committees with the notable exceptions of the Curriculum Review Committee and the Graduate Academic and Advisory Committee (due to the extensive follow-up required with processing curriculum).

• Attend Administrative Committee meetings.
  ○ Committee actions (usually in the form of motions or resolutions) are brought by the committee chairs to the Administrative Committee for discussion. Upon the consensus of the Administrative Committee, actions will be included in the agenda for Faculty Senate.
  ○ The Administrative Committee is also a forum for discussion of issues affecting faculty and the university. The Provost is an ex officio member of the Administrative Committee.
  ○ Attending Administrative Committee meetings is not optional. If a chair cannot make a particular meeting, arrange for an alternate to attend that meeting.
  ○ If a committee has co-chairs, both usually attend the Administrative Committee meetings. If one of the co-chairs cannot attend, the co-chair in attendance has the responsibility to update the other.

• Attend Faculty Senate meetings.
  ○ Attendance at Faculty Senate meetings is a primary responsibility of all Faculty Senate members, but particularly committee chairs.
  ○ If your committee has formal action for the Faculty Senate, the chair brings this action to the floor of the senate and provides background and information and answers questions as necessary.
  ○ If an action is referred back to the committee, the chair brings the matter back to the committee at their next meeting.

• Prepare an annual report at the close of the academic year.
  ○ The annual report summarizes the work of the committee for the past academic year. Its purpose is to inform and prepare the next term's committee for continuing business.
  ○ The annual report is turned in prior to the last Administrative Committee meeting in April to be included in the May Faculty Senate agenda.

**Administrative Committee**

• The Administrative Committee members include the Senate president, president-elect and chairs of the standing and permanent committees. The provost is an ex officio member. The president-elect chairs the meetings.
• Administrative Committee meets about ten days prior to each Senate meeting to set the Senate meeting agenda. Motions scheduled to be presented to the Senate are first reviewed by the Administrative Committee. If there is considerable disagreement about proposed actions, the Administrative Committee may recommend that the issue be referred back to committee for further evaluation.

• Following the Administrative Committee meetings, the Senate president and president-elect meet with the chancellor and provost to discuss the Senate meeting agenda.

• Reference Sect. 2 (ART IV: Officers) and Sect. 3 (ART. V: Committees) – section A. of the Senate Bylaws for additional information about roles and duties of the Administrative Committee.
Senate Actions

About Faculty Senate and Actions

The university, as a community of scholars sometimes referred to as the "academy", vests responsibility for effectively carrying out its educational mission to the faculty. Faculties have traditionally played a key role in shared governance and academic collegiality of institutions of higher education.

The primary mechanism for the formulation and oversight of academic policy is the Faculty Senate. Among concerns addressed by the Faculty Senate are: course and program development and change; policies related to academic procedures; academic freedom and faculty rights and responsibilities; and, quality of teaching, research and service.

Organized in January 1988, the UAF Faculty Senate typically consists of approximately 37 faculty members elected proportionally from the faculty of each college/school or institute. In addition to monthly plenary meetings, the standing and permanent committees meet regularly to carry out the majority of the work. The president, president-elect and committee chairs constitute an Administrative Committee which sets the full Senate agenda and coordinates the various activities of the Senate.

In addition to the above legislative and oversight activities, the Faculty Senate

- serves as a major part of UAF's institutional memory, archiving policy decisions over the years,
- provides information on programs, policies, procedures, formats and responsible individuals for accomplishing the academic tasks of the institution, and,
- through the UAF Governance Coordinating Committee, works in close cooperation with the other governance bodies (Staff Council and ASUAF) on issues which affect the wider university community.

Samples of Motions and Resolutions of the Faculty Senate

The following pages provide examples of Senate motions and resolutions that are useful to chairs and committees. Additional information and examples are available online at the Faculty Senate web site, or you may call the Faculty Senate office for assistance.
***SAMPLE MOTION TO ESTABLISH POLICY***  
==================================

The UAF Faculty Senate passed the following at its Meeting #143 on April 9, 2007:

MOTION:

The UAF Faculty Senate moves to approve a policy on Retention of Course Records.

**Retention of Course Records**

The classroom records pertaining to course work of any student that have not been returned to the student must be retained by the instructor for a period of one full semester (excluding summer session) after the semester in which the course was completed. These records may include but are not limited to: exams and answer sheets, homework, course papers, term papers, essays, laboratory reports, and other assignments submitted by the student in order to fulfill the requirement of the particular course. The Office of Information Technology must archive all Blackboard course content, including statistics, for a period of 1 ½ years following completion of the course.

Classroom records of any instructor for the purpose of evaluation of grade must also be retained for a period of at least one full semester (excluding summer session) following the semester in which the course was competed. These records may include but are not limited to: syllabus, class attendance, complete list of student’s performance in all relevant course work, paper work related to the determination of a grade, and a record of final grades.

In case of any dispute or grievance process initiated by the student all the above records must be retained until the end of the process. Any records or copies of records that are required for program review, accreditation purposes, or any other audit as mandated by the university may be retained for a period as deemed required by the process.

After the retention period, all records may be destroyed or properly discarded.

**EFFECTIVE:** Fall 2007

**RATIONALE:** The University does not have any policies or regulations regarding the retention of course materials, which has led to confusion among the faculty and has resulted in different retention practices and policies across the disciplines. This proposed motion will help alleviate the confusion and provide a uniform retention policy across all disciplines. The one-semester guideline is what was suggested by UA General Counsel as a reasonable policy to accommodate grade appeals. This policy should be added to the faculty handbook.
***SAMPLE MOTION TO AMEND EXISTING POLICY***

The following was passed at the May 3, 2010, Faculty Senate Meeting #167:

**MOTION:**

The Faculty Senate Curricular Affairs Committee moves to revise the following for the Bachelor of Arts degree (pages 126-127 of the 2009-10 UAF catalog) for all students. This revision addresses that students who bring in a Bachelor’s degree from another institution can already have met the minor complex requirement.

EFFECTIVE: Fall 2010

RATIONALE: Currently, some departments are already practicing this (through a petition process) although it is not an official policy. Students who have a bachelor’s degree from regionally accredited institution should not be held to meeting the minor requirement for the UAF Bachelor of Arts. Students often bring in courses from a previous bachelor’s degree to the BA and often need to petition to meet the minor requirements. Currently, an associate of applied science (A.A.S.) degree or certificate of at least 30 credits earned at another institution may be used to meet requirements for a minor for the Bachelor of Arts (B.A.) degree. This would eliminate the need to petition, and student run around, and streamline graduating processing.

The following was passed at the March 5, 2010, Faculty Senate Meeting #165:

**MOTION:**

The UAF Faculty Senate moves to amend the Bylaws of the University of Alaska Fairbanks Faculty Senate, Section 1, Article III: Membership, subsection C.1 (page 14). This amendment addresses the procedure for election of representatives from research institutes to the Faculty Senate.

**EFFECTIVE: Fall 2010**

**RATIONALE:** The current Bylaws are written with the assumption that the research institutes will not qualify for separate representation on the Faculty Senate. Instead, they are grouped into a “conglomerate group.” The Bylaws specify that elections for Faculty Senate representatives for the research institutes are to be held by the Senate office. This provision is reasonable because there is no central organization or administrative office for such a collection of research institutes. However, several research institutes are now large enough for separate representation on the Faculty Senate. Each of them has the same organizational ability to run internal elections as the academic units have. This amendment removes the assumption that research institutes will not have separate representation, and specifies that all individual units represented on the Faculty Senate, i.e., research institutes as well as schools and colleges, are responsible for their own elections and election procedures. The Senate office will continue to have responsibility for elections by any “conglomerate groups.”

RESOLUTION

ON

BUNNELL HOUSE

WHEREAS, it was announced that the Tanana Valley Campus (TVC) is no longer able to sustain the operating costs of the Bunnell House Early Childhood Lab School during the summer months and that it will close during summer, starting in May 2008; and

WHEREAS, the provision of adequate childcare is a critical issue affecting all members of the university community, including faculty, staff, students, and administrators who depend on Bunnell House year-round; and

WHEREAS, with approximately 70 families on the Bunnell House wait list, there is a demonstrated need for expanded childcare on the UAF campus; and

WHEREAS, the loss of year-round childcare would have a disproportionate and negative impact on women, especially their recruitment, professional development, and retention; and

WHEREAS, childcare in Fairbanks is in critically short supply and the closing of Bunnell House during summers will add to the growing crisis; and

WHEREAS, Bunnell House has an experienced and knowledgeable permanent staff who will be unlikely to be retained if Bunnell House is closed during summer; and

WHEREAS, Faculty Senate/Staff Council affirms that providing on-campus childcare is critical to recruiting and retaining excellent faculty, staff, students, and administrators; and

WHEREAS, Faculty Senate believes the University should provide a family-friendly environment, including family-friendly policies; now

THEREFORE BE IT RESOLVED, That the Faculty Senate urges the UAF administration to provide the additional funds necessary to keep Bunnell House open year-round.
RESOLUTION:

The UAF Faculty Senate recommends the Office of International Programs (OIP), in consultation with national immigration legal counsel, review UAF’s interpretation of the “completion date” for graduate programs used for international students, and revise the “completion date” definition to enable students to complete all program requirements before losing F-1 status.

Motivation and background

- According to U.S. immigration rules students in F-1 status have to leave the country within 2 months of the expiration of their visa, or the end date of their graduate program, whichever comes first. Currently UAF considers students in F-1 status to have completed their graduate program ten days after the date of their defense or after the last in-person meeting of a required course.
- In contrast the graduate program for non-foreign students terminates at the end of the semester during which the students have fully met all UAF graduate school requirements.
- Students often do not take in-person coursework during the semester they finish their degree, instead taking 698 (non-thesis research project) or 699 (thesis/dissertation, preparing for scholarly or research activity) which does not extend their visa eligibility under the current definition.
- Typically, a students’ thesis is not 100% complete at the date of the defense. The graduate committee recommends some amount of additional work, such as collecting supplementary data or refining the existing data analysis.
- This additional post-defense work often requires access to specialized scientific instrumentation, computer software/hardware, sample collections, and datasets that are not accessible from another location.
- Due to the current definition a student can no longer be paid ten days after his/her defense. While this can be overcome by application for Optional Practical Training (OPT), the process of securing F-1 OPT status requires significant advance planning and expenditure of both student and university resources.
- Many universities use a more student-friendly definition of the “completion date,” such as the end of the semester in which the student defends the thesis, the date when all requirements are fulfilled or the date of graduation and degree conferral. [See the appendix for examples.]
- Immigration law is complex and contains many ambiguous regulations. Lawyers often specialize in the field of immigration law and dedicate their whole career to serving clients in this area.
- Seeking consultation from a lawyer specializing in immigration law would aid UAF in revising its definition of the “completion date” for graduate students and ensure that U.S. immigration law is complied with.
About Governance

Staff Council

UAF Staff Council provides non-bargaining non-exempt and exempt employees an avenue to help formulate new policies, change existing policies or working conditions, and other matters that affect services provided by the support staff of the University of Alaska Fairbanks. With membership elected from all non-bargaining UAF support staff, Staff Council seeks to represent all employees by helping to create a better working environment. The Council provides an avenue of exchange between the support staff and University administration.

Over the years, Staff Council has been responsible for a number of employee benefit improvements, including: an additional University holiday - Martin Luther King Day; leave share program; and a flexible work schedule. Members have worked on refining supervisory training, internal recruitment, the staff recognition and longevity awards, health and leave benefits, smoke-free workplace, development and implementation of the new salary system, correspondence with State legislators on bills concerning the retirement system and the University budget, and consultation with the Human Resources on UAF hiring procedures.

The most important benefit for staff is an open line of communication to administration by means of Staff Council representatives. If any staff member in the University community has a problem with their work environment or sees a way the University could become more productive by creating a better work environment, an avenue for conveyance is open to them through their governance group. Please use that open line. Contact your representative with your ideas and concerns or bring them to Staff Council meetings. Meetings are open to everyone, so bring your constructive ideas and help create a better work environment for all.

Governance Coordinating Committee

The UAF Governance Coordinating Committee provides a forum for the three individual UAF governance bodies to address common concerns that affect faculty, staff, and students. GCC exists for the express purpose of coordinating unified action from the individual governance bodies (UAF Faculty Senate, Staff Council and ASUAF).

Leadership for the UAF Governance Coordinating Committee is provided by the president and president-elect of each constituency. The UAF Governance Coordinating Committee meets twice a semester during the academic year. Permanent and special ad hoc committees, with members from the other governance bodies and the general university population, address current issues.

Faculty Alliance

The Faculty Alliance includes three faculty members from each of the three academic MAUs. It works closely with the Systemwide Academic Council (chief academic officers of the three universities plus a representative of the President) to formulate academic policy and define faculty working conditions for the university as a whole. The chair for the Faculty Alliance addresses the Board of Regents at each of their meetings.

The responsibilities of the Faculty Alliance include, but are not limited to, coordination on matters relating to academic affairs such as academic program review; the addition, deletion or merging of academic programs; curriculum; subject matter and methods of instruction; those aspects of student life relating to the educational process such as degree requirements, grading policy, course coordination and transfer, student probation and suspension, standards of admission and scholastic standards; and faculty welfare issues, including, but not limited to compensation, appointments, reappointments and termination, workload, promotions, the granting of tenure, dismissal, ethics, and other matters affecting the faculty, the general welfare of the university and its educational purposes and effectiveness.

University of Alaska System Governance

Within the University of Alaska, governance for faculty, staff and students exists because the Board of Regents authorized its existence in Regents Policy 03.01.01. Governance has been formally recognized in Regents Policy since 1968, although it has taken many forms over the years to meet the needs of faculty, staff and students.

Prior to the 1993-1994 academic year, staff, students, faculty and alumni were represented through the University of Alaska General Assembly, previously known as the Statewide Assembly. The General Assembly Executive Committee was usually made up of staff and faculty and conducted most of the regular business on issues not only of concern to the whole body, but also issues of interest to specific constituents. The need for each constituent group to have an organization to represent them led to the 1993 restructure.

The UA Faculty Alliance came into existence in 1993 as a result of governance restructuring which established statewide constituent specific governance organizations for faculty, for staff, and for students. Today, the Faculty Alliance exists alongside the Staff Alliance, the Coalition of Student Leaders and the System Governance Council. The Faculty Alliance is composed of three representatives each from the UAA Faculty Senate, the UAS Faculty Council, and the UAF Faculty Senate.

The Staff Alliance is composed of two representatives from UAF Staff Council, one each from the UAA APT Council and the UAA Classified Council, two from the UAS Staff Council, and two from the Statewide Administration Assembly.

The Coalition of Student Leaders is primarily composed of the student body presidents of roughly eleven UA campuses and is normally chaired by the Student Regent.

Each of the above groups tackles issues that are specific to its constituents (students, staff, or faculty).

The System Governance Council is made up of four students, four staff, three faculty, and (non-voting) alumni representatives. The Council is a place where issues are discussed that impact more than one constituency or which affect the entire university community statewide.
