<th>DESCRIPTION</th>
</tr>
</thead>
</table>

PREREQUISITES* will be required before a student is allowed to enroll in the course.

CREDITS (including credit distribution)

STACKED (400/600)

Include syllabi.

Stacked course applications are reviewed by the (Undergraduate) Curricular Review Committee and by the Graduate Academic and Advising Committee. Creating two different syllabi—undergraduate and graduate versions—will help emphasize the different qualities of what are supposed to be two different courses. The committees will determine: 1) whether the two versions are sufficiently different (i.e. is there undergraduate and graduate level content being offered); 2) are undergraduates being overtaxed?; 3) are graduate students being undertaxed? In this context, the committees are looking out for the interests of the students taking the course. Typically, if either committee has qualms, they both do. More info online – see URL at top of this page.

ADD NEW CROSS-LISTING

FLM / JRN

Requires approval of both departments and deans involved. Add lines at end of form for additional signatures.

STOP EXISTING CROSS-LISTING

Dept. & No. Dept. & No. 371

Requires notification of other department(s) and mutual agreement. Attach copy of email or memo.

OTHER (specify)

3. COURSE FORMAT

NOTE: Course hours may not be compressed into fewer than three days per credit. Any course compressed into fewer than six weeks must be approved by the college or school's curriculum council and the appropriate Faculty Senate curriculum committee. Furthermore, any core course compressed to less than six weeks must be approved by the core review committee.

COURSE FORMAT:

<table>
<thead>
<tr>
<th>check all that apply</th>
<th>1</th>
<th>2</th>
<th>3</th>
<th>4</th>
<th>5</th>
<th>6 weeks to full semester</th>
</tr>
</thead>
</table>

OTHER FORMAT (specify all that apply)

Mode of delivery (specify lecture, field trips, labs, etc.)

1 (Lecture) + 4 (Studio)
4. **COURSE CLASSIFICATIONS:** (undergraduate courses only. Use approved criteria found on Page 10 & 17 of the manual. If justification is needed, attach on separate sheet.)

<table>
<thead>
<tr>
<th>H = Humanities</th>
<th>S = Social Sciences</th>
</tr>
</thead>
<tbody>
<tr>
<td>Will this course be used to fulfill a requirement for the baccalaureate core?</td>
<td>YES</td>
</tr>
</tbody>
</table>

**IF YES**, check which core requirements it could be used to fulfill:

- O = Oral Intensive, *Format 6 also submitted*
- W = Writing Intensive, *Format 7 submitted*
- Natural Science, *Format 8 submitted*

*This course has been already approved as “O”.

4.A. Is course content related to northern, arctic or circumpolar studies? If yes, a **“snowflake”** symbol will be added in the printed Catalog, and flagged in Banner.

**YES** | **NO**

5. **COURSE REPEATABILITY:**

Is this course repeatable for credit? **YES** | **NO**

Justification: Indicate why the course can be repeated (for example, the course follows a different theme each time).

How many times may the course be repeated for credit? **TIMES**

If the course can be repeated with variable credit, what is the maximum number of credit hours that may be earned for this course? **CREDITS**

6. **COMPLETE CATALOG DESCRIPTION** including dept., number, title, credits, credit distribution, cross-listings and/or stacking, clearly showing the changes you want made. (Underline new wording strike through old wording and use complete catalog format including dept., number, title, credits and cross-listed and stacked.)

**Example of a complete description:**

**PS F450 Comparative Aboriginal Indigenous Rights and Policies (s)**
3 Credits
Offered As Demand Warrants
Case-study Comparative approach in assessing Aboriginal to analyzing Indigenous rights and policies in different nation-state systems. Seven Aboriginal situations Multiple countries and specific policy developments examined for factors promoting or limiting self-determination.
Prerequisites: Upper division standing or permission of instructor. (Cross-listed with ANS F450.)

**ART F371 O Digital Photography and Pixel Painting Digital Imaging (h)**
3 Credits
An introduction to the world of digital imaging with applications in fine and commercial art. It is expected that students will become competent at creating real-looking images of impossible subjects as well as detecting their creation by others. The varied ethical issues engendered by this expertise will be addressed in depth. Students will be required to gain proficiency in visual design for electronic and print publication.
This course focuses on creating and manipulating digital images, including digital painting and photography. The varied ethical issues engendered by this expertise will be addressed in depth. Special fees apply. Skills and knowledge useful for digital photography, digital video compositing and digital painting will be covered.
Special fees apply. Prerequisites: ART161 or ART271 or ART284/JRN204 or FLM/JRN 290; COMM F131X or COMM F141X; Macintosh OS or Windows OS experience with graphic applications; one college-level studio-art course. Cross-listed with JRN F371; FLM F371. (1+4)

7. **COMPLETE CATALOG DESCRIPTION AS IT SHOULD APPEAR AFTER ALL CHANGES ARE MADE:**

**ART F371 O Digital Imaging (h)**
3 Credits
This course focuses on creating and manipulating digital images, including digital painting and photography. The varied ethical issues engendered by this expertise will be addressed in depth. Special fees apply. Skills and knowledge useful for digital photography, digital video compositing and digital painting will be covered.
Special fees apply. Prerequisites: ART161 or ART271 or ART284/JRN204 or FLM/JRN 290; COMM F131X or COMM F141X; Cross-listed with JRN F371; FLM F371. (1+4)
8. **GRADING SYSTEM:** Specify only one.

<table>
<thead>
<tr>
<th>LETTER</th>
<th>PASS/FAIL</th>
</tr>
</thead>
<tbody>
<tr>
<td>√</td>
<td></td>
</tr>
</tbody>
</table>

9. **ESTIMATED IMPACT**

**WHAT IMPACT, IF ANY, WILL THIS HAVE ON BUDGET, FACILITIES/SPACE, FACULTY, ETC.**

This proposal is to update an existing course. There is no expected impact on budget, facility and faculty.

10. **LIBRARY COLLECTIONS**

Have you contacted the library collection development officer (kljensen@alaska.edu, 474-6695) with regard to the adequacy of library/media collections, equipment, and services available for the proposed course? If so, give date of contact and resolution. If not, explain why not.

<table>
<thead>
<tr>
<th>No</th>
<th>Yes</th>
<th>√</th>
</tr>
</thead>
</table>

I contacted Karen Jensen of the Rasmuson Library. Students in the current class have access to digital books and online video tutorials through Rasmson Library. The library also started a subscription to "ebrary" which is a collection of 70,000+ ebooks including many titles in the digital art, filmmaking and photography books.

11. **IMPACTS ON PROGRAMS/DEPTS:**

What programs/departments will be affected by this proposed action?

Include information on the Programs/Departments contacted (e.g., email, memo)

- Journalism and Film Study (both department chairs have signed the form)

12. **POSITIVE AND NEGATIVE IMPACTS**

Please specify positive and negative impacts on other courses, programs and departments resulting from the proposed action.

This change will benefit Journalism and Film students enrolled in the class. The current course covers more fundamental and wider range of subjects. The proposed change makes the course subjects more suitable for film and journalism majors as well as art majors. The change of prerequisites will also prevent students without experience in digital video/photography from taking the course.

13. **JUSTIFICATION FOR ACTION REQUESTED**

The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you ask for a change in # of credits, explain why; are you increasing the amount of material covered in the class? If you drop a prerequisite, is it because the material is covered elsewhere? If course is changing to stacked (400/600), explain higher level of effort and performance required on part of students earning graduate credit. Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the course is not compromised as a result.

**Course title change:**

The course title is changed to prevent confusion with another class, ART 284/JRN204 Digital Basic Photography, which is a photography class focuses on taking photographs with digital cameras.

**Course content change:**

The proposed change will reduce graphic design aspect of digital imaging and focus more on creation of digital painting and manipulation of digital photography. Since Art department is making a change for ART161 Two Dimensional Design to include digital skills and also creating a new course at the 200 level, the design content of ART/FLM/JRN 371 (this course) can silt to the lower level course. The course became cross-listed with Film Studies recently. This change will make the course focus more on digital photography and creating digital painting. This would help Journalism majors in photojournalism concentration and Film Studies students creating special effects in their video project.

This course has been the first class in Computer Art area of Art, though it's a 300-level course. The proposed change with ART 161, the new 200 level course and this course will make this course truly an upper division course.

**Humanity designation:**

This course is one of very few courses that don’t have (h) designation in Art. The course is not a software
training course. Various issues in digital art, ethics of photo manipulation and aesthetics of photography and other images are discussed in the class. The course assignments are evaluated based on artistic achievement and not on mastering software.

Prerequisites:
The proposed new prerequisite should prevent students without any digital medium experience from enrolling in the course. The current prerequisite, “one college level studio art course” is also vague and prevented some Journalism and Film Studies students from taking the course.

ATTACH COMPLETE SYLLABUS (as part of this application).

The guidelines are online:
http://www.uaf.edu/uafgov/faculty-senate/curriculum/course-degree-procedures-/uaf-syllabus-requirements/

The Faculty Senate curriculum committees will review the syllabus to ensure that each of the items listed below are included. If items are missing or unclear, the proposed course (or changes to it) may be denied.

SYLLABUS CHECKLIST FOR ALL UAF COURSES
During the first week of class, instructors will distribute a course syllabus. Although modifications may be made throughout the semester, this document will contain the following information (as applicable to the discipline):

1. Course information:
   - Title, □ number, □ credits, □ prerequisites, □ location, □ meeting time
     (make sure that contact hours are in line with credits).

2. Instructor (and if applicable, Teaching Assistant) Information:
   - □ Name, □ office location, □ office hours, □ telephone, □ email address.

3. Course readings/materials:
   - □ Course textbook title, □ author, □ edition/publisher.
   - □ Supplementary readings (indicate whether □ required or □ recommended) and
     □ any supplies required.

4. Course description:
   - □ Content of the course and how it fits into the broader curriculum;
   - □ Expected proficiencies required to undertake the course, if applicable.
   - □ Inclusion of catalog description is strongly recommended, and
   - □ Description in syllabus must be consistent with catalog course description.

5. □ Course Goals (general), and (see #6)

6. □ Student Learning Outcomes (more specific)

7. Instructional methods:
   - □ Describe the teaching techniques (e.g.: lecture, case study, small group discussion, private
     instruction, studio instruction, values clarification, games, journal writing, use of Blackboard,
     audio/video conferencing, etc.).

8. Course calendar:
   - □ A schedule of class topics and assignments must be included. Be specific so that it is clear
     that the instructor has thought this through and will not be making it up on the fly (e.g. it is not
     adequate to say “lab”. Instead, give each lab a title that describes its content). You may call the
     outline Tentative or Work in Progress to allow for modifications during the semester.

9. Course policies:
   - □ Specify course rules, including your policies on attendance, tardiness, class participation, make-
     up exams, and plagiarism/academic integrity.

10. Evaluation:
    - □ Specify how students will be evaluated, □ what factors will be included, □ their relative value,
      and □ how they will be tabulated into grades (on a curve, absolute scores, etc.) □ Publicize UAF
      regulations with regard to the grades of “C” and below as applicable to this course. (Not required in
      the syllabus, but may be a convenient way to publicize this.) Faculty Senate Meeting #171:
      http://www.uaf.edu/uafgov/faculty-senate/meetings/2010-2011-meetings/#171

11. Support Services:
    - □ Describe the student support services such as tutoring (local and/or regional) appropriate for
      the course.

12. Disabilities Services: Note that the phone# and location have been updated.
    The Office of Disability Services implements the Americans with Disabilities Act (ADA), and ensures
    that UAF students have equal access to the campus and course materials.
    □ State that you will work with the Office of Disabilities Services (208 WHITAKER BLDG, 474-
      5655) to provide reasonable accommodation to students with disabilities.

8/1/2012
ART/JRN/FLM F371 O: DIGITAL IMAGING 3 credits Fall 2013
Instructor: Miho Aoki MW 9:00 – 11:30 a.m. Bunnell Room 128
Office Hours: TBA or by appointment E-mail: maoki3@alaska.edu

Course Description:
This course focuses on creating and manipulating digital images, including digital painting, digital photography, and digital video compositing. The varied ethical issues engendered by this expertise will be addressed in depth. Skills and knowledge useful for digital photography, digital video compositing and digital painting will be covered. Special fees apply.

Prerequisites: ART F161 or ART 271 or ART F284 or FLM F290 or JRN F204 or JRN F290; and COMM F131X or COMM F141X.

Course Goals:
- to engage creative thinking as well as critical thinking
- to encourage students to develop personal aesthetics
- to present contemporary issues in the digital photography field
- to provide basic knowledge of creating and manipulating images on computers
- to apply the fundamental visual art, photography and communication design principles to digital images through hands-on projects
- to apply newly obtained skills to produce images that stand on their own

We will use software such as Adobe Photoshop and Adobe Illustrator for class works. Becoming familiar with the software package is essential to producing good works. However, the ultimate goal of this course is to apply newly obtained skills to produce images that stand on their own. The object is not simply to learn the software packages.

Student Learning Outcomes:
- Basic understanding of visual designs, drawing, painting and manipulating photographs on computers
- Basic knowledge of digital imaging technology
- Skills to create images with vector graphics applications
- Skills to create and manipulate images with raster graphics applications
- Skills to composite photo-realistic images on computers

Required Materials:
- USB drives to back up and transfer files
- Pencils and sketch book / notebook
**Other Requirements:**
- Blackboard and Alaska.edu Google Drive access
- Please check your Alaska.edu e-mail everyday as class announcements will be sent to your Alaska.edu e-mail address from Blackboard.

**Grading Opportunities:**
- In-class exercises – your grades for these are averaged and depend, to a degree, on your attendance (20%)  
  - Project 1: Type (15%)  
  - Project 2: My Self-Portrait in Style (15%)  
  - Midterm Oral Presentation (10%)  
  - Project 3: Impossible Landscape (15%)  
  - Project 4: Painting/Drawing Project (15%)  
  - Final Oral Presentation (10%)

As shown directly above, 20 percent of the graded work in this course is based on effectiveness of oral communication. Students will receive intermediate instructor assistance in developing presentational competency. Students will receive instructor feedback on the success of their efforts at each stage of preparing their midterm presentations and final presentations. Students will utilize their communication competency across the span of the semester.

**Grade Scale:**
- A: 90 to 100 points  
- B: 80 to 89.99 points  
- C: 70 to 79.99 points  
- D: 60 to 69.99 points  
- F: less than 60 points

**In-class Exercise Grading Standard:**
In-class exercises are participative hands-on projects for learning software skills and sharing creative ideas. All in-class exercises are due at the end of the class. You can submit the exercise later if you miss a class only for UAF official business, illness and other serious reasons. You have to provide written proof for why you have to miss or have missed a class. If you missed a class for an unexpected reason and make up an exercise of the missed day, you'll receive only partial points.

- P: 5-10 points (varying points)  
  Student participated in the in-class exercise time. Work is complete and submitted on time and shows mastery of the technical skills required for the exercise. The work shows the student’s careful consideration on the color choices, composition and other artistic aspects of the image.

- I: 2 points
Work is submitted on time but doesn’t show the technical skills required for the exercise or work is incomplete. This grade will be changed to P if the student completes the work and submits it later.

F: 0 points
The student did not participate in the in-class exercise time and did not hand in work.

**Project Grading Standard:**

14 to 15 points
Work is original, unique, ambitious and outstanding in concept, design and execution. Risk taking and experiment are essential. Execution of work is considered excellent and shows an understanding and experiment with materials and techniques. All work must be finished on time and presented clearly and attractively. Technical challenges must be actively tackled and overcome.

12 to 13 points
Work is well executed with a high degree of competency and range of techniques. Work meaningfully fulfills the criteria of the assignment and communicates the concept. Work is presented and on time.

10 to 11 points
Work is complete but average in concept, design and technique. Work is limited by technical weakness and limited technique. Although satisfactory the work could use improvement.

8 to 9 points
Work is poor in design, concept and execution. Work is poorly presented or unfinished. Work is not innovative, creative or reflecting self-motivation. Technical skills are not mastered.

0 to 7 points
The student did not hand in work. Work does not address the criteria of the assignment. Work fails to meet the minimum requirements of the Professor in quality or quantity.

**Academic Honesty:**
The University of Alaska requires students to conduct themselves honestly and responsibly, and to respect the rights of others. In class assignments, students must submit work that fairly and accurately reflects their level of accomplishment. Any work that is not a product of the student’s own effort is considered dishonest. Students may not submit the same work for more than one class. Please refer to
the Student Code of Conduct for additional information regarding the policy on academic honesty.

**Class:**
The class will have about 1 hour lecture and 4 hours studio time per week. Students are expected to bring their projects to the class and work during the studio time. Checking e-mails, typing papers for other classes, playing games, browsing the Internet, instant messaging, using cell phones and other activities not related to the class should be done during breaks or outside class time. Typing, excessive clicking, listening to music are not allowed during presentations and lectures. Students are expected to spend at least several hours/week outside of the class to complete assignments. The lab will be available to students except during the time slots used by other classes.

Students must save and back up files. Do not store your projects only on the lab computers. Please save often and back up your files.

**Attendance:**
If you miss more than 3 classes, your final grade will be reduced. If you miss more than 5 classes, you will receive F for your final grade.

**Disabilities Services:**
The Office of Disability Services implements the American with Disabilities Act (ADA), and insures that UAF students have equal access to the campus and course materials. We will work with the Office of Disabilities Services (208 WHIT, 474-5655) to provide reasonable accommodation to students with disabilities.
