TRIAL COURSE OR NEW COURSE PROPOSAL

SUBMITTED BY:
Department: RECR  
Prepared by: M. Strohmaier  
Email Contact: mestrohmaier@alaska.edu
College/School: CTC/CRCD  
Phone: 2836  
Faculty Contact: Mahla Strohmaier

1. ACTION DESIRED
(CHECK ONE):
- Trial Course
- New Course  X

2. COURSE IDENTIFICATION:
- Dept: RECR  
- Course #: F180B  
- No. of Credits: 1.0

Justify upper/lower division status & number of credits: The course content represents first-year level knowledge.

3. PROPOSED COURSE TITLE:
Introduction to Expedition Kayaking

4. To be CROSS LISTED?
   YES/NO
   - No
   - If yes, Dept: 
   - Course # 

(Requires approval of both departments and deans involved. Add lines at end of form for additional required signatures.)

5. To be STACKED?
   YES/NO
   - No
   - If yes, Dept: 
   - Course # 

Stacked course applications are reviewed by the (Undergraduate) Curricular Review Committee and by the Graduate Academic and Advising Committee. Creating two different syllabi — undergraduate and graduate versions — will help emphasize the different qualities of what are supposed to be two different courses. The committees will determine: 1) whether the two versions are sufficiently different (i.e. is there undergraduate and graduate level content being offered); 2) are undergraduates being overtaxed?; 3) are graduate students being undertaxed? In this context, the committees are looking out for the interests of the students taking the course. Typically, if either committee has quails, they both do. More info online — see URL at top of this page.

6. FREQUENCY OF OFFERING:
As Demand Warrants
Fall, Spring, Summer (Every, or Even-numbered Years, or Odd-numbered Years) — or As Demand Warrants

7. SEMESTER & YEAR OF FIRST OFFERING
(AY2013-14 if approved by 3/1/2013; otherwise AY2014-15)
Summer 2015

8. COURSE FORMAT:
   NOTE: Course hours may not be compressed into fewer than three days per credit. Any course compressed into fewer than six weeks must be approved by the college or school's curriculum council. Furthermore, any core course compressed to less than six weeks must be approved by the core review committee.
   COURSE FORMAT:
   (check all that apply)
   - 1
   - 2  X
   - 3
   - 4
   - 5
   - 6 weeks to full semester

   OTHER FORMAT (specify)
   Mode of delivery (specify lecture, field trips, labs, etc) Lab

9. CONTACT HOURS PER WEEK:
   8/1 LECTION 40+/1 PRACTICUM
   hours/week  hours/week hours/week
   Note: # of credits are based on contact hours. 800 minutes of lecture = 1 credit. 2400 minutes of lab in a science course = 1 credit. 1600 minutes in non-science lab = 1 credit. 2400-4800 minutes of practicum = 1 credit. 2400-8000 minutes of internship = 1 credit. This must match with the syllabus. See http://www.uaf.edu/uafgov/faculty senate/curriculum/course-degree-procedures/ guidelines-for-computing/ for more information on number of credits.

   OTHER HOURS (specify type) Lecture and Lab during field trip

10. COMPLETE CATALOG DESCRIPTION including dept., number, title, credits, credit distribution, cross-listings and/or stacking (50 words or less if possible):
Example of a complete description:
FISH F487 W, O Fisheries Management
3 Credits  Offered Spring
Theory and practice of fisheries management, with an emphasis on strategies utilized for the
management of freshwater and marine fisheries. Prerequisites: COMM F131X or COMM F141X; ENGL
F111X; ENGL F211X or ENGL F213X; ENGL F414; FISH F425; or permission of instructor. Cross-listed
with NRM F487. (3+0)

RECR F180B  Introduction to Expedition Kayaking
1 credit  Offered as Demand Warrants
Designed to introduce students to the art of expedition tripping with inflatable kayaks with a
float on primarily Class I and II water. The students will be involved with all aspects of
planning and executing this awesome wilderness trip. Food and transportation is included in
the field fee. (0+3)

11. COURSE CLASSIFICATIONS: Undergraduate courses only. Consult with CLA Curriculum Council to apply S or H
classification appropriately; otherwise leave fields blank.
H = Humanities  S = Social Sciences

Will this course be used to fulfill a requirement
for the baccalaureate core? If YES, attach form.
YES:  NO:  X

IF YES, check which core requirements it could be used to fulfill:
O = Oral Intensive, Format 6  W = Writing Intensive, Format 7
Natural Science,("X" for Core) Format 8

11.A Is course content related to northern, arctic or circumpolar studies? If yes, a "snowflake" symbol will
be added in the printed Catalog, and flagged in Banner.
YES  NO  X

12. COURSE REPEATABILITY:
Is this course repeatable for credit?  YES  NO  X
Justification: Indicate why the course can be repeated (for
every example, the course follows a different theme each time).

How many times may the course be repeated for credit?
TIMES
If the course can be repeated for credit, what is the maximum number of credit hours that
CREDITS
may be earned for this course?

If the course can be repeated with variable credit, what is the maximum number of credit
hours that may be earned for this course?

13. GRADING SYSTEM:  Specify only one. Note: Later changing the grading system for a course constitutes a
Major Course Change.
LETTER:  PASS/FAIL:  X

RESTRICTIONS ON ENROLLMENT (if any)
14. PREREQUISITES
none
These will be required before the student is allowed to enroll in the course.

15. SPECIAL RESTRICTIONS, CONDITIONS
students must be in adequate physical condition to paddle a kayak 5-9
hours a day, and to carry their gear and boats for short distances.

16. PROPOSED COURSE FEES
$395
Has a memo been submitted through your dean to the Provost for fee approval?  Y

17. PREVIOUS HISTORY
Has the course been offered as special topics or trial course previously?
Yes/No  Y

If yes, give semester, year, course #, etc.: Summer 14
18. ESTIMATED IMPACT
WHAT IMPACT, IF ANY, WILL THIS HAVE ON BUDGET, FACILITIES/SPACE, FACULTY, ETC.

There is no estimated impact from offering this course on budget, facilities or faculty.

19. LIBRARY COLLECTIONS
Have you contacted the library collection development officer (kljensen@alaska.edu, 474-6695) with regard to the adequacy of library/media collections, equipment, and services available for the proposed course? If so, give date of contact and resolution. If not, explain why not.

No X Yes [ ] No impact on library collections.

20. IMPACTS ON PROGRAMS/DEPTS
What programs/departments will be affected by this proposed action?
Include information on the Programs/Departments contacted (e.g., email, memo)

There are no expected impacts on other programs or departments.

21. POSITIVE AND NEGATIVE IMPACTS
Please specify positive and negative impacts on other courses, programs and departments resulting from the proposed action.

Positive impacts include a RECR course that students appreciate given Alaskan geography.

JUSTIFICATION FOR ACTION REQUESTED
The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. Use as much space as needed to fully justify the proposed course.

There is a demand for continuation of this course from our students.

APPROVALS: Add additional signature lines as needed.

Faculty Senate Review Committee: ____Curriculum Review ____GAAC

____Core Review ____SADAC
ATTACH COMPLETE SYLLABUS (as part of this application). The guidelines are online: http://www.uaf.edu/uafgov/faculty-senate/curriculum/course-degree-procedures-/uaf-syllabus-requirements/
The Faculty Senate curriculum committees will review the syllabus to ensure that each of the items listed below are included. If items are missing or unclear, the proposed course (or changes to it) may be denied.

SYLLABUS CHECKLIST for ALL UAF COURSES

During the first week of class, instructors will distribute a course syllabus. Although modifications may be made throughout the semester, this document will contain the following information (as applicable to the discipline):

1. Course information:
   □ Title, □ number, □ credits, □ prerequisites, □ location, □ meeting time
   (make sure that contact hours are in line with credits).

2. Instructor (and if applicable, Teaching Assistant) information:
   □ Name, □ office location, □ office hours, □ telephone, □ email address.

3. Course readings/materials:
   □ Course textbook title, □ author, □ edition/publisher.
   □ Supplementary readings (indicate whether □ required or □ recommended) and
   □ any supplies required.

4. Course description:
   □ Content of the course and how it fits into the broader curriculum;
   □ Expected proficiencies required to undertake the course, if applicable.
   □ Inclusion of catalog description is strongly recommended, and
   □ Description in syllabus must be consistent with catalog course description.

5. □ Course Goals (general), and (see #6)

6. □ Student Learning Outcomes (more specific)

7. Instructional methods:
   □ Describe the teaching techniques (eg: lecture, case study, small group discussion, private instruction, studio instruction, values clarification, games, journal writing, use of Blackboard, audio/video conferencing, etc.).

8. Course calendar:
   □ A schedule of class topics and assignments must be included. Be specific so that it is clear that the instructor has thought this through and will not be making it up on the fly (e.g. it is not adequate to say "lab". Instead, give each lab a title that describes its content). You may call the outline Tentative or Work in Progress to allow for modifications during the semester.

9. Course policies:
   □ Specify course rules, including your policies on attendance, tardiness, class participation, make-up exams, and plagiarism/academic integrity.

10. Evaluation:
   □ Specify how students will be evaluated, □ what factors will be included, □ their relative value, and □ how they will be tabulated into grades (on a curve, absolute scores, etc.) □ Publicize UAF regulations with regard to the grades of "C" and below as applicable to this course. (Not required in the syllabus, but may be a convenient way to publicize this.) Faculty Senate Meeting #171: http://www.uaf.edu/uafgov/faculty-senate/meetings/2010-2011-meetings/#171

11. Support Services:
   □ Describe the student support services such as tutoring (local and/or regional) appropriate for the course.

12. Disabilities Services: Note that the phone# and location have been updated.
   The Office of Disability Services implements the Americans with Disabilities Act (ADA), and ensures that UAF students have equal access to the campus and course materials.
   □ State that you will work with the Office of Disabilities Services (208 WHITAKER BLDG, 474-5655) to provide reasonable accommodation to students with disabilities.

Field Trip- Birch Creek Float
Sunday 6/1-Saturday 6/7

Course Description
This course is designed to introduce students to the art of expedition tripping with inflatable kayaks. We will float down Birch Creek as it flows out of the White Mountains and heads down towards the Yukon. This float is 126 miles of mostly Class I and II water with one Class III section that can be run or portaged. Birch Creek is a National Wild and Scenic River which starts as a quick narrow stream and becomes slow meandering river as it heads towards the Yukon flats. The students will be involved with all aspects of planning and executing this awesome wilderness trip. Food and transportation is included in the field fee.

Course Goals
After this course students should have a good understanding of the planning and execution of a wilderness float trip in Alaska. Students will become proficient in different aspects of paddling loaded inflatable kayaks including; avoiding obstacles, reading water, scouting rapids, boat maintenance, and efficient paddle strokes. Students will also learn about; camp selection, navigation, bear safety, leave no trace ethics and food choices and preparation in the wilderness.

Appropriate Student Background
There are no prerequisites for this course; however, enrollees must be in adequate physical condition to paddle a kayak 5-9 hours a day, and to carry their gear and boats for short distances. Students must be willing to; travel in inclement weather, have wet feet, drag their boats through shallow water, deal with lots of bugs, and travel through river rapids of up to Class II.

Equipment
Outdoor Adventures will provide: boats, paddles, dry suits, neoprene gloves, neoprene boots, dry bags, tents, sleeping bags, sleeping pads, stoves, and pots. Students will need to have clothing that is appropriate for being outside in the Arctic in late July.
Grading
This is a pass/fail course.

Trip Preparation 25%
Field Scenarios (boat safety, campsite selection, river reading, leave no trace, etc.) 25%
Field Notebooks 25%
Participation in the expedition experience 25%

70%- will be considered a passing grade

Grading Rubric for Expedition Kayaking

<table>
<thead>
<tr>
<th></th>
<th>5 (Excellent)</th>
<th>4 (Good)</th>
<th>2-3 (Fair)</th>
<th>0-1 (Poor)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Trip Preparation</td>
<td>Student has their personal gear kit for the trip together, organized and complete. The student works hard to make sure that the food, logistics and group gear are thoroughly prepared.</td>
<td>Student has most of their personal gear together. The student actively participates in food shopping, logistics and group gear preparation.</td>
<td>Student has an incomplete, or unorganized personal gear kit. They don’t do their share of the pre-trip preparations with the group food and gear.</td>
<td>Student has not taken the necessary steps to get any of their gear together. They are absent from the trip preparation or don’t do anything to make the logistics for the trip happen.</td>
</tr>
<tr>
<td>Field Scenarios</td>
<td>Student fully grasps the concepts presented in LNT, navigation, river reading and other field lessons and can then implement them on their own.</td>
<td>Student has a good grasp of the field concepts that are presented and can demonstrate these concepts with a little help.</td>
<td>Student has a partial understanding of the different field scenarios and has trouble demonstrating any of those lessons.</td>
<td>Student has no grasp of the field concept lesson that are presented and can’t demonstrate any of them without significant help.</td>
</tr>
<tr>
<td>Field Notebook</td>
<td>Student fully utilizes the field note book for taking notes and checking lists before the trip, thoughts and reflections in the field and also has notes taken during the field scenarios.</td>
<td>Student takes some notes in the notebook about the trip prep and lesson and also writes some reflections while out on the trip.</td>
<td>Student has a notebook but doesn’t use it much.</td>
<td>Student doesn’t have a field notebook</td>
</tr>
<tr>
<td>Participation in the Expedition Experience</td>
<td>Student engages with the group in a positive manner. They pitch in and do more than their share of the camp chores. They also are encouraging and patient with other members of the group.</td>
<td>Students are positive and helpful most of the time. They do their share of the camp chores and participate in the decisions that the group makes.</td>
<td>Student is sometimes unengaged or negative with other members of the group. They only participate in some of the group discussions and mainly do camp chores that benefit themselves directly.</td>
<td>Student is not engaged with the group at all. Never does any camp chores and is negative, sullen and makes no effort to resolve any issues within the group.</td>
</tr>
</tbody>
</table>

Course Material
There is no text book. Each Student will need to have a field notebook and pencil for the course.

Course Assignments
Students will be expected use the notebook to create a future reference for backcountry float travel. This should include: Notes about gear, notes about food choices including likes/dislikes and amounts, daily distances and times, route hints, general reminder notes, and reflections about the trip (I.E. why you are there?) This notebook can also contain references and helpful hints such as navigation reminders.
Risk Tolerance
Due to the nature of outdoor travel there are certain inherent risks in this class. Acceptable risks include but are not limited too; river currents, waves and hydraulics, natural and manmade obstacles in the river, sweepers, logjams, high and low water, and getting wet while on the trip. We will wear PFD’s at all times on the river and drysuits and helmets when appropriate. Conditions may include below freezing temperatures, thunderstorms, rain, sleet and high winds. Driving risks may include slick roads, poor visibility and wildlife. Alaska is a wild place - you need to take ultimate responsibility for your own safety as only you can

Students with Disabilities
The Office of Disability Services implements the Americans with Disabilities Act (ADA), and insures that UAF students have equal access to the campus and course materials. The instructor will work with the Office of Disabilities Services (203 WHIT, 474-7043) to provide reasonable accommodation to students with disabilities. Please inform the instructor of any disabilities during the first class session.
