1. ACTION DESIRED

(CHECK ONE):

Trial Course
New Course [X]

2. COURSE IDENTIFICATION:

Dept
DVM
Course # 623
No. of Credits
2

Justify upper/lower division status & number of credits:

Professional Program required course – see CSU syllabus attached

3. PROPOSED COURSE TITLE:

Veterinary Nutrition and Metabolism

4. To be CROSS LISTED?

YES/NO

If yes, Dept:

Course #

5. To be STACKED?

YES/NO

If yes, Dept:

Course #

How will the two course levels differ from each other? How will each be taught at the appropriate level:

Stacked course applications are reviewed by the (Undergraduate) Curricular Review Committee and by the Graduate Academic and Advising Committee. Creating two different syllabi—undergraduate and graduate versions—will help emphasize the different qualities of what are supposed to be two different courses. The committees will determine: 1) whether the two versions are sufficiently different (i.e. is there undergraduate and graduate level content being offered); 2) are undergraduates being overtaxed?; 3) are graduate students being undertaxed? In this context, the committees are looking out for the interests of the students taking the course. Typically, if either committee has qualms, they both do. More info online – see URL at top of this page.

6. FREQUENCY OF OFFERING:

Spring each year

Fall, Spring, Summer (Every, or Even-numbered Years, or Odd-numbered Years) — or As Demand Warrants

7. SEMESTER & YEAR OF FIRST OFFERING (AY2013-14

if approved by 3/1/2013; otherwise AY2014-15)

AY2015-2016

RECEIVED
SEP 30 2014

Dean’s Office
College of Natural Science & Mathematics

8. COURSE FORMAT:

NOTE: Course hours may not be compressed into fewer than three days per credit. Any course compressed to less than six weeks must be approved by the Core Review Committee.

COURSE FORMAT:
(check all that apply)

1 2 3 4 5 [X] 6 weeks to full semester

OTHER FORMAT (specify)

Mode of delivery (specify lecture, field trips, labs, etc)

Lecture

9. CONTACT HOURS PER WEEK:

[ ] 2 LECTURE hours/weeks [ ] 0 LAB hours/week [ ] 0 PRACTICUM hours/week

Note: # of credits are based on contact hours. 800 minutes of lecture=1 credit. 2400 minutes of lab in a science course=1 credit. 1600 minutes in non-science lab=1 credit. 2400-4800 minutes of practicum=1 credit. 2400-8000 minutes of internship=1 credit. This must match with the syllabus. See http://www.uaf.edu/uafgov/faculty-senate-curriculum/course-degree-procedures-guidelines-for-computing/ for more information on number of credits.

OTHER HOURS (specify type)
10. **COMPLETE CATALOG DESCRIPTION** including dept., number, title, credits, credit distribution, cross-listings and/or stacking (50 words or less if possible):

**Example of a complete description:**

FISH F487 W, O Fisheries Management  
3 Credits  
Offered Spring  
Theory and practice of fisheries management, with an emphasis on strategies utilized for the management of freshwater and marine fisheries. Prerequisites: COMM F131X or COMM F141X; ENGL F111X; ENGL F211X or ENGL F213X; ENGL F414; FISH F425; or permission of instructor. Cross-listed with NRM F487. (3+0)

| DVM 623 | Department of Veterinary Medicine  
|---------|----------------------------------|
| 2 Credit | Offered Spring  
| Veterinary Nutrition and Metabolism  
| Discover the metabolic and nutritional needs and diseases in the veterinary field. The students will learn how nutrition and metabolism affects health and can aid in preventing diseases as well as how to maintain physiologically appropriate function of different animals through good nutrition. Pre-requisites: Successful completion of first Semester Veterinary Courses |

11. **COURSE CLASSIFICATIONS:** Undergraduate courses only. Consult with CLA Curriculum Council to apply S or H classification appropriately; otherwise leave fields blank.

| H = Humanities | S = Social Sciences |

Will this course be used to fulfill a requirement for the baccalaureate core? If **YES**, **attach form**.

| YES: | NO: | X |

IF **YES**, check which core requirements it could be used to fulfill:

| O = Oral Intensive, Format 6 | W = Writing Intensive, Format 7 | X = Baccalaureate Core |

11.A **Is course content related to northern, arctic or circumpolar studies?** If yes, a "snowflake" symbol will be added in the printed Catalog, and flagged in Banner.

| YES | NO | X |

12. **COURSE REPEATABILITY:**

| YES | NO | X |

Justification: Indicate why the course can be repeated (for example, the course follows a different theme each time).

How many times may the course be repeated for credit?

| TIMES |

If the course can be repeated for credit, what is the maximum number of credit hours that may be earned for this course?

| CREDITS |

If the course can be repeated with **variable** credit, what is the maximum number of credit hours that may be earned for this course?

| CREDITS |

13. **GRADING SYSTEM:** Specify only one. Note: Changing the grading system for a course later on constitutes a Major Course Change — Format 2 form.

| LETTER | PASS/FAIL |

**RESTRICTIONS ON ENROLLMENT (if any)**

14. **PREREQUISITES**

Acceptance in Professional Veterinary Medical Program or permission of instructor

These will be required before the student is allowed to enroll in the course.

15. **SPECIAL RESTRICTIONS, CONDITIONS**

Professional Veterinary Medical program student or permission of instructor

16. **PROPOSED COURSE FEES**

TBD

Has a memo been submitted through your dean to the Provost for fee approval?

| Yes/No | Yes |
17. PREVIOUS HISTORY

Has the course been offered as special topics or trial course previously?  
No

If yes, give semester, year, course #, etc.: 

18. ESTIMATED IMPACT

WHAT IMPACT, IF ANY, WILL THIS HAVE ON BUDGET, FACILITIES/SPACE, FACULTY, ETC.

Professional Program approved by BOR, Chancellor and Provost – Impact on Animal Resource Center in year one depending upon renovation completion.

19. LIBRARY COLLECTIONS

Have you contacted the library collection development officer (kijensen@alaska.edu, 474-6695) with regard to the adequacy of library/media collections, equipment, and services available for the proposed course? If so, give date of contact and resolution. If not, explain why not.

No  x  Yes  
Department will keep complete library of required course materials in AHRB office

20. IMPACTS ON PROGRAMS/DEPTS

What programs/departments will be affected by this proposed action?

Include information on the Programs/Departments contacted (e.g., email, memo)

Impact on Animal Resource Center facility in year one due to renovation completion. ARC contacted and approved (jeblake@alaska.edu)

21. POSITIVE AND NEGATIVE IMPACTS

Please specify positive and negative impacts on other courses, programs and departments resulting from the proposed action.

Biology & Wildlife, Chemistry or SNRE students may request admission to course for research or professional development. Vet Med will be providing curriculum in biomedical sciences which was not available previously.

JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. Use as much space as needed to fully justify the proposed course.

The course is required for first year veterinary students and the syllabus is provided by CSU CVMBS. The course has been approved by their accreditation requirements and will be offered at UAF as part of the 2+2 program (first two years at UAF and last two years at CSU).

APPROVALS: Add additional signature lines as needed.

Signature, Chair, Program/Department of:  Veterinary Medicine  Date  9-30-14

Signature, Chair, College/School Curriculum Council for:  CNSM  Date  9-30-14

Signature, Dean, College/School of:  CNSM  Date  10/9/14

Offerings above the level of approved programs must be approved in advance by the Provost.

Signature of Provost (if above level of approved programs)
ALL SIGNATURES MUST BE OBTAINED PRIOR TO SUBMISSION TO THE GOVERNANCE OFFICE

Signature, Chair
Faculty Senate Review Committee: __Curriculum Review  __GAAC
                                          __Core Review  __SADAC

ADDITIONAL SIGNATURES: (As needed for cross-listing and/or stacking)

Signature, Chair, Program/Department of: ___________________________ Date 9/30/14

Signature, Chair, College/School Curriculum Council for: CNSM

Signature, Dean, College/School of: ___________________________ Date
ATTACH COMPLETE SYLLABUS (as part of this application). This list is online at:
http://www.uaf.edu/uafgov/faculty-senate/curriculum/course-degree-procedures/-uaf-syllabus-requirements/
The Faculty Senate curriculum committees will review the syllabus to ensure that each of
the items listed below are included. If items are missing or unclear, the proposed course
(or changes to it) may be denied.

SYLLABUS CHECKLIST FOR ALL UAF COURSES

During the first week of class, instructors will distribute a course syllabus. Although modifications may be made throughout
the semester, this document will contain the following information (as applicable to the discipline):

1. Course information:
   ☐ Title, ☐ number, ☐ credits, ☐ prerequisites, ☐ location, ☐ meeting time
   (make sure that contact hours are in line with credits).

2. Instructor (and if applicable, Teaching Assistant) information:
   ☐ Name, ☐ office location, ☐ office hours, ☐ telephone, ☐ email address.

3. Course readings/materials:
   ☐ Course textbook title, ☐ author, ☐ edition/publisher.
   ☐ Supplementary readings (indicate whether ☐ required or ☐ recommended) and
   ☐ any supplies required.

4. Course description:
   ☐ Content of the course and how it fits into the broader curriculum;
   ☐ Expected proficiencies required to undertake the course, if applicable.
   ☐ Inclusion of catalog description is strongly recommended, and
   ☐ Description in syllabus must be consistent with catalog course description.

5. ☐ Course Goals (general), and (see #6)

6. ☐ Student Learning Outcomes (more specific)

7. Instructional methods:
   ☐ Describe the teaching techniques (eg: lecture, case study, small group discussion, private instruction, studio instruction,
   values clarification, games, journal writing, use of Blackboard, audio/video conferencing, etc.).

8. Course calendar:
   ☐ A schedule of class topics and assignments must be included. Be specific so that it is clear that the instructor has thought
   this through and will not be making it up on the fly (e.g. it is not adequate to say “lab”. Instead, give each lab a title that
   describes its content). You may call the outline Tentative or Work in Progress to allow for modifications during the semester.

9. Course policies:
   ☐ Specify course rules, including your policies on attendance, tardiness, class participation, make-up exams, and
   plagiarism/academic integrity.

10. Evaluation:
    ☐ Specify how students will be evaluated, ☐ what factors will be included, ☐ their relative value, and ☐ how they will be
    tabulated into grades (on a curve, absolute scores, etc.) ☐ Publicize UAF regulations with regard to the grades of "C" and
    below as applicable to this course. (Not required in the syllabus, but is a convenient way to publicize this.) Link to PDF
    summary of grading policy for “C”:

11. Support Services:
    ☐ Describe the student support services such as tutoring (local and/or regional) appropriate for the course.

12. Disabilities Services: Note that the phone# and location have been updated. http://www.uaf.edu/disability/ The
    Office of Disability Services implements the Americans with Disabilities Act (ADA), and ensures that UAF students have
    equal access to the campus and course materials.
    ☐ State that you will work with the Office of Disabilities Services (208 WHITAKER BLDG, 474-5655) to provide
    reasonable accommodation to students with disabilities.

5/21/2013
VM 623 VETERINARY NUTRITION AND METABOLISM

SYLLABUS – SPRING

Department of Veterinary Medicine, University of Alaska Fairbanks

1. Course Information:
   Title: Veterinary Nutrition and Metabolism
   Number: 623
   Credit: 2
   Prerequisites: Successful completion of first semester of veterinary courses
   Location: TBD
   Meeting time: Class is held twice per week Tue/Thur

2. Instructor Contact Information:
   Name: Dr. Arleigh Reynolds
   Office Location: 182 Arctic Health
   Office Hours: By appointment
   Office Phone: 907-474-1928
   Email: aireynolds@alaska.edu

   Telephone is the best way to reach the instructor. Please leave a message. You should receive a response to your call within 24 hours.

3. Course Reading/Materials:
   To prepare for lecture, students should review the provided course notes and materials covered in the previous lecture. If a lecturer provides or lists required reading materials for an upcoming lecture, these should be reviewed as directed. There is no course textbook.

4. Course Description:
The course will include an introduction to veterinary nutrition and metabolism; hepatic encephalopathy and neurological signs of nutritional deficiencies/toxicities.

5. Course Goals:
   I. Understanding Energy Requirements and how they are estimated/measured
      a. (BER, RER, MER)
   II. Formulating and Balancing Rations
      a. Ingredients
      b. Processing
   III. Feeding Rations
      a. Reading labels
      b. Estimating intakes
      c. Evaluating outcomes
   IV. Nutrition in Simple Stomached Animals (dog, cat horse, pig)
      a. Physiological states
         i. Maintenance
ii. Growth
iii. Gestation
iv. Lactation
v. Performance

b. Disease states
   i. Hepatic
   ii. Renal
   iii. Cardiac
   iv. Neuromuscular
   v. GI
   vi. Neoplastic/immune mediated
   vii. metabolic

V. Nutrition in Ruminants (cow, sheep, goat. Muskox, caribou, moose)
a. Physiological states
b. Disease states

VI. Parenteral and Enteral Nutrition

6. Student Learning Outcomes:
   After completing this course students should be able to:
I. Estimate caloric requirements based on signalment, physiological state, health status
II. Read a pet food label and use info to recommend food intake
III. Identify components of a large animal ration and understand how they are formulated and fed
IV. Understand how to monitor the efficacy of a feeding program through observation and diagnostic tests
V. Apply the basic concepts of therapeutic nutrition for common disease states

7. Instructional Methods:
The course is designed based on the scientific teaching method. This method includes active learning and group activities as well as formative assessments. The students are expected to read assigned material ahead of class so that class time can be spend on discussion of assigned reading, problem solving as well as other active learning activities. Assessment will be used throughout the course to help students judge their learning progress and help identify areas in need of focused attention.
This course will use Blackboard (classes.uaf.edu) to make additional information available. All information associated with this course will be posted there, including lecture notes, slides, handouts, or study guides etc. Student version of lectures will be posted before each lecture. Students are expected to download, print and preview the material before each lecture. Students can also check your grades and make sure that information related to your record is accurate.

8. Course Calendar:
It is every student's responsibility to SUBMIT their completed examination on-line. Examinations that are not completed on time or are not electronically submitted will be penalized by subtracting 25% from the grade given to the assignment (i.e. assigned grade will be multiplied by 0.75 to determine the examination grade that is recorded in the course grade book).

Exam Schedule

Examination 1 (On-line, open-note) will include 25% of the total possible points for the course. It will cover materials covered in the course notes, supplemental reading materials, and classroom lectures for lectures 1 through 8, which includes all materials covered from January 22nd through (including) February 14th. Examination dates will be posted on Blackboard.

Examination 2 (On-line, open-note) will include 30% of the total possible points for the course. It will cover materials covered in the course notes, supplemental reading materials, and classroom lectures for lectures 9 through 13, which includes all materials covered from January 22nd through (including) February 14th. Examination dates will be posted on Blackboard.
cover materials covered in the course notes, supplemental reading materials, and classroom lectures for lectures 9 through 18, which includes all materials covered from February 19 through (including) April 4. Examination dates will be posted on Blackboard.

Examination 3 (On-line, open-note) will include 30% of the total possible points for the course. It will cover materials covered in the course notes, supplemental reading materials, and classroom lectures for lectures 19-31, which includes all materials covered from March through the end of the course. Examination dates will be posted on Blackboard.

Homework: There will be 3 homework assignments for this course, each worth 5 points.

Assignment #1 can be completed as a group effort. Please record all student names on the submission.

Please work on assignments #2 and #3 alone. Each homework assignment will include instructions with whom you should contact if you have any questions about the assignment.

<table>
<thead>
<tr>
<th>Homework 1</th>
<th>Posted on-line Dates TBD</th>
<th>Due Date – Dates TBD</th>
</tr>
</thead>
<tbody>
<tr>
<td>8 am, Tues Jan</td>
<td>5 pm, Thursday Feb</td>
<td></td>
</tr>
<tr>
<td>Homework 2</td>
<td>8 am, Tues March</td>
<td>5 pm, Thursday March</td>
</tr>
<tr>
<td>Homework 3</td>
<td>8 am, Tues April</td>
<td>5 pm, Thursday April</td>
</tr>
</tbody>
</table>

Homework assignments are to be submitted as a hard copy to the front desk of the Dean's Office.

Failure to turn in a homework assignment will result in 0 / 5 points for that assignment. Late submissions will be penalized by subtracting 25% from the grade given to the assignment (i.e. assigned grade will be multiplied by 0.75 to determine the homework assignment grade that is recorded in the course grade book).

9. Course Policies:
   • Attendance:
     Students are expected to attend all classes.
   • Classroom Behavior:
     Any type of behavior in the classroom that is disruptive, distracting, or disrespectful to the instructor or to your fellow students will not be tolerated and will result in dismissal from the classroom. This includes, but is not limited to, disrespectful comments, the use of tobacco products, consumption of food, use of cell phones or wireless devices, or use of any type of communicative device. All cell phones or other such devices must be turned off while in the classroom. Do not browse the Internet, text message or IM while in the classroom.
   • Plagiarism:
     Plagiarism is the overt or covert use of other people's work or ideas without acknowledgement of the source. This includes using ideas or data from a classmate or colleague without permission and acknowledgement, including sentences from journal articles in your writing without citing the author, or copying parts of a website into your essay. Plagiarism and cheating are serious offenses that violate the student code of conduct which may result in an "F" in the course and/or referral to the university disciplinary committee.

10. Evaluation:
   • Grade Distributions:
     • Examination 1 25%
     • Examination 2 30%

DVM 623 Syllabus
Page 3 of 7
• Examination 3 30%

• Homework Assignment 1 5%
• Homework Assignment 2 5%
• Homework Assignment 3 5%

Only bring the materials needed for your exam on exam dates. Cell phones must be stored out of sight and turned off. If I suspect cheating occurred during an exam, I reserve the right to re-administer the exam to the entire class. If you are found cheating, you will receive a zero for the exam and will be reported to university disciplinary committee.

• No Make-Up Exams:
All exams must be taken at the scheduled time. NO EXCEPTIONS! Exams cannot be taken before or after the scheduled date/time. If you miss an exam, you will receive a zero as your grade.
*Note: If you have a conflict due to a university-sponsored event, you must notify me prior to the exam with a confirmation letter from University authority.

• Grading Scale:
Grades will be calculated on 100-point scale

<table>
<thead>

</tr>
</tbody>
</table>

Final grades with decimals greater than or equal to .50 will be rounded up to the next whole number.

Incomplete (I) grades will be given only if a student does not complete the required exams because of illness or extenuating circumstances. Prompt communication directly with the course coordinators and/or Department of Vet Med Office is required to document any health problems or other circumstances that may prevent a student from attending class or completing the examinations or homework assignments (see below). Ranks will be assigned according to the final grade score.

Examinations: Important Details

1. There are three examinations in the course. The material covered in each examination is explained below and reiterated on the course schedule. Examinations will cover materials in the course notes as well as topics described and discussed during lectures. If supplemental reading materials are provided in class or posted on Blackboard, the material contained therein may be included on the examination.

2. Examinations will be open-note. Please work alone on the examination and do not discuss the details of examination content with other students. These three examinations will be conducted on Blackboard. You may work on a computer in a remote location or on campus. Because of past problems with instability of off-campus connections, we strongly recommend that
you take the examination from a computer on campus. The exams will remain open during the entire time period, allowing you to complete some questions, log off, and log back on later to complete others or recheck your answers within the designated open period for each exam. Submitting the examination for grading is necessary (see below).

4. Examination questions will be multiple choice, matching, and/or short answer. After each examination period, the course coordinators may be contacted by email if you have any questions about examination content. Student inquiries will then be forwarded to the appropriate lecturer for feedback. All concerns about examination questions will be tallied, and any adjustments to examination scores due to ambiguous questions or answers will be made following the exam. The entire class will be notified of such adjustments by email.

5. If personal problems, family emergencies, etc. arise that prevent you from completing the examination, or unavoidable conditions arise that are likely to adversely affect your performance on the examination, you must contact one of the course coordinators as soon as possible to request arrangements for taking the examination at another time. Such requests will not be granted if a student makes such a request after having completed the examination.

A calculator with a power function will be needed for Examination 3.

11. Support Services:
If you require more assistance than can be provided in class, and office hours, you may want to contact Student Support Services (http://www.uaf.edu/sssp/) or the Department of Veterinary Medicine for assistance.

12. Disability Services:
All students, including those with disabilities, are welcome in this course, and we are committed to providing equal access to this course for all students. If you have a disability (including learning disabilities) please inform us during the first week of class so that we can accommodate your specific needs. If you have not already done so, you will also need to contact UAF's Office of Disabilities Services (474-7043). Everyone should have the opportunity to participate fully in the course and to complete assignments and exams to the best of their ability. If accommodations are needed to enable you to do so, we will gladly work with you to provide them.
