1. **ACTION DESIRED**
   
   (CHECK ONE):

   - [ ] Trial Course
   - [ ] New Course

2. **COURSE IDENTIFICATION:**

   - Dept: HSEM
   - Course #: F613
   - No. of Credits: 3

   Justify upper/lower division status & number of credits:
   This is a graduate-level course requiring critical thinking and analytic skills

3. **PROPOSED COURSE TITLE:**

   International Disaster Management

4. **To be CROSS LISTED?**

   - [ ] No
   - If yes, Dept: 

   NOTE: Cross-listing requires approval of both departments and deans involved. Add lines at end of form for additional required signatures.

5. **To be STACKED?**

   - [ ] Yes/No

   How will the two course levels differ from each other? How will each be taught at the appropriate level?:

   * Use only one Format 1 form for the stacked course (not one for each level of the course!) and attach syllabi. Stacked course applications are reviewed by the (Undergraduate) Curricular Review Committee and by the Graduate Academic and Advising Committee. Creating two different syllabi (undergraduate and graduate versions) will help emphasize the different qualities of what are supposed to be two different courses. The committees will determine: 1) whether the two versions are sufficiently different [i.e. is there undergraduate and graduate level content being offered?]; 2) are undergraduates being overtaxed?; 3) are graduate students being undertaxed? In this context, the committees are looking out for the interests of the students taking the course. Typically, if either committee has quibbles, they both do. More info online - see URL at top of this page.

6. **FREQUENCY OF OFFERING:**

   As Demand Warrants

   Fall, Spring, Summer (Every, or Even-numbered Years, or Odd-numbered Years) – or As Demand Warrants

7. **SEMESTER & YEAR OF FIRST OFFERING**

   (Effective AY2015-16 if approved by 3/31/2015; otherwise AY2016-17) AY 2016-17 tba

8. **COURSE FORMAT:**

   NOTE: Course hours may not be compressed into fewer than three days per credit. Any course compressed into fewer than six weeks must be approved by the college or school’s curriculum council. Furthermore, any core course compressed to less than six weeks must be approved by the Core Review Committee.

   - COURSE FORMAT:
     (check all that apply)
     - [ ] 6 weeks to full semester
   - OTHER FORMAT (specify)
   - Mode of delivery (specify lecture, 

   Lecture
field trips, labs, etc.

9. CONTACT HOURS PER WEEK:

<table>
<thead>
<tr>
<th>13/15</th>
<th>LECTURE</th>
<th>LAB</th>
<th>PRACTICUM</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>hours/weeks</td>
<td>hours /week</td>
<td>hours /week</td>
</tr>
</tbody>
</table>

Note: # of credits are based on contact hours. 800 minutes of lecture=1 credit. 2400 minutes of lab in a science course=1 credit. 1600 minutes in non-science lab=1 credit. 2400-4800 minutes of practicum=1 credit. 2400-8000 minutes of internship=1 credit. This must match with the syllabus. See http://www.uaf.edu/uafgov/faculty senate/curriculum/course-degree-procedures-guidelines-for-computing/ for more information on number of credits.

OTHER HOURS (specify type)

10. COMPLETE CATALOG DESCRIPTION including dept., number, title, credits, credit distribution, cross-listings and/or stacking (50 words or less if possible):

Example of a complete description:

FISH F487 W, O Fisheries Management
3 Credits Offered Spring
Theory and practice of fisheries management, with an emphasis on strategies utilized for the management of freshwater and marine fisheries. Prerequisites: COMM F31X or COMM F41X; ENGL F11X; ENGL F211X or ENGL F213X; ENGL F414; FISH F425; or permission of instructor. Cross-listed with NRM F487. (3+0)

HSEM F613 International Disaster Management
3 credits Offered As Demand Warrants

HSEM 613 serves as an overview to international disaster management (IDM) addressing the complex and interrelated issues of disasters in a global context. The course will explore historical, socio-economics, risk, hazard, response, preparedness and recovery aspects of international disasters. Special emphasis will be placed on the understanding of those organizations and agencies which play a prominent role in the international disaster management arena. Prerequisite: Must be admitted to the MSDM program; or permission of the HSEM Program Director. (3+0)

11. COURSE CLASSIFICATIONS: Undergraduate courses only. Consult with CLA Curriculum Council to apply S or H classification appropriately; otherwise leave fields blank.

H = Humanities S = Social Sciences

Will this course be used to fulfill a requirement for the baccalaureate core? YES: NO: XX

IF YES, check which core requirements it could be used to fulfill:

O = Oral Intensive, W = Writing Intensive, X = Baccalaureate Core

Format 6

11.A Is course content related to northern, arctic or circumpolar studies? If yes, a "snowflake" symbol will be added in the printed Catalog, and flagged in Banner.

YES NO XX

12. COURSE REPEATABILITY:

Is this course repeatable for credit? YES NO XX

Justification: Indicate why the course can be repeated (for example, the course follows a different theme each time).

How many times may the course be repeated for credit? TIMES

If the course can be repeated for credit, what is the maximum number of credit hours that may be earned for this course? CREDITS

If the course can be repeated with variable credit, what is the maximum number of credit hours that may be earned for this course? CREDITS
13. GRADING SYSTEM: Specify only one. Notes: Changing the grading system for a course later on constitutes a Major Course Change - Format 2 form.

LETTER: XX  PASS/FAIL: 

14. PREREQUISITES  Must be admitted to the MSDM program; or permission of the HSEM Program Director

These will be required before the student is allowed to enroll in the course.

15. SPECIAL RESTRICTIONS, CONDITIONS

16. PROPOSED COURSE FEES $  

Has a memo been submitted through your dean to the Provost for fee approval? 

Yes/No

17. PREVIOUS HISTORY

Has the course been offered as special topics or trial course previously? 

Yes/No

If yes, give semester, year, course #, etc.: 

18. ESTIMATED IMPACT

WHAT IMPACT, IF ANY, WILL THIS HAVE ON BUDGET, FACILITIES/SPACE, FACULTY, ETC.

There will be little to no impact. This is an online course so no space is required. Adjuncts will be used for teaching but students will be generating additional revenue in tuition. SOM has received a funding allocation for FY 15 to cover the expenses of developing courses and hiring adjuncts.

19. LIBRARY COLLECTIONS

Have you contacted the library collection development officer (kljensen@alaska.edu, 474-6695) with regard to the adequacy of library/media collections, equipment, and services available for the proposed course? If so, give date of contact and resolution. If not, explain why not.

No  XX  Yes

Generally library resources are not necessary for this topic. Current literature and events will be used in addition to texts.

20. IMPACTS ON PROGRAMS/DEPTS

What programs/departments will be affected by this proposed action? Include information on the Programs/Departments contacted (e.g., email, memo)

The Veterinary Medicine program is interested in partnering with HSEM on this graduate program. They believe this graduate program of courses will benefit their doctoral students and, therefore, would bring students to the MSDM program. Beyond this positive impact on both Vet Med and MSDM there should be no impacts on other departments.

21. POSITIVE AND NEGATIVE IMPACTS

Please specify positive and negative impacts on other courses, programs and departments resulting from the proposed action.

This is part of a new program for which there is interest from around the country in addition to the Vet Med program. New students will be brought into the department and into contact with UAF which gives all University programs additional exposure. It meets a student need. These students will not generally be on campus or in Fairbanks so they generate no additional competition for student services or housing. No other impacts on other departments are anticipated.
JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. Use as much space as needed to fully justify the proposed course.

This course is part of the proposed new graduate program; Master of Security and Disaster Management. As indicated in the program proposal, there is increasing demand in this program from around the country as nothing like it exists.

The program and the courses proposed add to the level of critical thinking and analysis in topics that are important to leaders and managers in Homeland Security and Emergency Management fields across the board. Leaders and managers in HSEM agencies and organizations work within a framework of federal, state and local laws and often these organizations are also involved in international disasters. Understanding the framework in which this assistance is offered and the challenges in working with international agencies and circumstances unfamiliar to the US is important to being effective.

HSEM F613 International Disaster Management
Prerequisites: Graduate standing within the MSDM program
Location: Online via Adobe Connect/Blackboard
Meeting Time: TBD
Instructor: Cameron Carlson
Phone: 907 474-6537
Email: cdcarlson@alaska.edu
Office hours: Tue/Thur 10:00 – 12:00 or by appointment

Required Texts:

Routledge, edited by Lopez-Carresi, Fordham, Wisner Kelma and Gaillard

Additional readings assigned will be provided

Course Description:

HSEM 613 serves as an overview to international disaster management (IDM) addressing
the complex and interrelated issues of disasters in a global context. The course will explore historical,
socio economic, risk, hazard, response, preparedness and recovery aspects of international
disasters. Special emphasis will be placed on the understanding of those organizations and
agencies which play a prominent role in the international disaster management arena.

Course Goals:

Upon completion of the course students will have been provided an overview of IDM and develop
a better understanding for the complexities of disasters in an international context. Extensive use
will be made of relevant case studies in disaster management to underscore the development of
a working knowledge of the subject matter. Students will complete the course with a solid grasp
of the subject matter.

Student Learning Outcomes:

Specifically, students will be able to:

- Explain historical aspects of disaster management
- Describe mitigation and its significance in risk and vulnerability reduction
- Describe preparedness and the role it plays in effective planning for response
- Understand response and its linkage to recovery
- Explain what organizations play a key role in IDM
- Develop a better understanding for the complexities and special considerations in IDM
- Apply human security theory to security practice at the local, state and national level
- Formulate security policies and plans that incorporate human security precepts
Instructional Method:

The course format includes a hybrid of online (synchronous and asynchronous) based video lectures, discussion board forums, reading assignments, and lessons. The primary portal for delivery will be UAF Blackboard, which will be supplemented by Adobe Connect for video and face to face meeting purposes.

Recommended preparation: 2-4 hours weekly, including assigned reading and online participation.

Course Evaluation:

Case Study Development Papers: Two case studies will be developed by each student during the course of the semester. The case study developed will examine an international disaster management incident (outside of the US) and explore issues across the phases of the disaster cycle. Each paper is designed to give you the opportunity to demonstrate your knowledge of the disaster management cycle and the event itself. Papers will normally be 5 to 7 pages in length. Detailed instructions for these papers will be provided during class. 500 points = 50%

Country Profile Overview: Three country profile overviews will be developed during the semester on a selected country (The country selected cannot be from your case study papers). The paper is to serve as an overview to the remainder of the class as to what makes that country susceptible to a disaster and what would complicate either response or longer term recovery activities. The profile overviews will normally be between 4 to 6 pages in length. Detailed instructions for these overviews will be provided during class. The profiles will be incorporated into a blackboard discussion board forum for review and comment by other students. 300 points = 30%.

Discussion Board Management /Participation: Weekly discussion board posts will be embedded with each week of the course to reinforce the readings and provoke thought beyond them. You will be expected to provide constructive feedback to at least three other students during the course of the week as well. These discussions will normally be of 380 to 420 words in length. 200 points = 20%

The overall grade for the class will be a combination of these three activities: Case Study Papers (50%), Country Profile Overviews (30%) and your Discussion Board /Participation (20%).

Case Study Development Papers X 2  = 50%
Country Profile Overview X 3     = 30%
Discussion Board Management /Participation  = 20%

Breakdown for grading
A= 90-100% (900-1000 points)
B= 80-89% (800-899 points)
C= 70-79% (700-799 points)
D= 60-69% (600-699 points)
F= 59 % or less (599 points or less)

Course Policies:

You are expected to keep up with reading and assignments, and to participate in discussions generated. You will lose points for failure to engage in discussion forums in time to have meaningful interaction on the topics under discussion.
Plagiarism on assignments and cheating on papers will not be tolerated. Those caught plagiarizing or cheating will be disciplined according to the appropriate University of Alaska guidelines.

Support Services:

For assistance in improving written products, take advantage of the UAF Writing Center in 801 Gruening, 907 474-5314. Please reach out to me or support staff for subject matter support services relevant to the development of your classroom projects/topics.

Students with Disabilities:

Students with learning or other disabilities who may need special accommodations are encouraged to make an appointment with the Office of Disability Services, http://www.uaf.edu/disability/ (907 474-5655 or TTY at 907 474-1827). Please inform me of any impediments to meeting course objectives which cannot be fully addressed by the Office of Disability Services. I will work with the Office of Disabilities Services (208 Whitaker Bldg) to provide reasonable accommodation to students with disabilities.

Class Schedule:

Week 1:
- Course/ Syllabus Overview
- Schedule Review
- Introductions and expectations

Readings:
Coppola: The Management of Disasters Chap 1. pp. 1-32 (special emphasis on the four phase approach)

Discussion Board Forum Week 1

Week 2:
Readings:
- Coppola: Hazards Chap 2. pp. 37-132
- Lopez –Carresi et al.: Hazard, vulnerability, capacity, risk and participation Chap 2.

Discussion Board Forum Week 2

Assign Country Profile Overview #1

Week 3:
Readings:
- Coppola: Risk and Vulnerability Chap 3. Pp. 139-205

Assign Case Study #1

Discussion Board Forum Week 3

Week 4:
Readings:
- Coppola: Mitigation Chap 4. pp. 209-249
Discussion Board Forum Week 4

Week 5:
Readings:
- Coppola: Preparedness Chap 5. pp. 251-292
- Lopez –Carresi et al.: Disaster education in schools

Discussion Board Forum Week 5

Country Profile Overview #1 Due

Week 6:
Readings:
- O’Brien, O’Keefe, Rose and Wisner: Climate Change and Disaster Management

Discussion Board Forum Week 6 (Country Profile Comments)

Week 7:
Readings:
- Coppola: Response pp. 305-353

Discussion Board Forum Week 7

Assign Country Profile Overview #2

Case Study #1 Due

Week 8:
Readings:
- Coppola: Recovery pp.377-422
- Lopez –Carresi et al.: Post disaster recovery planning: introductory notes on its challenges and potentials

Discussion Board Forum Week 8

Week 9:
Readings:
- Coppola: Participants: Governmental Disaster Management Agencies Human Security in a local context. pp.425-475

Week 10:
Readings:
- Coppola: Participants: Nongovernmental Organizations (including the Private Sector and Academia) pp. 483-511

Country Profile Overview #2 Due

Week 11:
Readings:

Assign Case Study #2
Discussion Board Forum Week 11 (Country Profile Comments)

**Week 12:**
**Readings:**
- Coppola: Participants Multilateral Organizations and International Financial Institutions. pp.549-627 continued (Financial Institutions)

Assign Country Profile Overview #3

Discussion Board Forum Week 14

**Week 13:**
**Readings:**
- Coppola: Special Considerations.

Discussion Board Forum Week 1

**Week 14:**
**Readings:**
- Coppola: Special Considerations. (continued)

County Profile Overview #3 Due

Discussion Board Forum Week 14

**Week 15:**
Discussion Board Forum Week 15 (Country Profile Comments)

Case Study #2 Due
