**Course Description:**  
This course provides the student with the foundation of public safety instructional techniques. Adult education techniques, roles, issues, domains of learning, instructional models and accreditation issues will be emphasized. Course organization and planning for the public safety community including diverse learning populations will be also discussed.

**Course Objectives:**  
At the completion of this course, the successful student will be able to:

1. Discuss the roles and responsibilities of the public safety educator.  
2. Recognize the tools and strategies for instructing.  
3. Define several instructional models and describe when each model would be utilized.  
4. Understand how national and/or state accreditation influences public safety instruction courses.

**Student Learning Objectives:**

1. Develop and delivers lesson applicable to the public safety realm that incorporates cognitive, psychomotor, and affective elements.  
2. Be able to define and discuss domains of learning and the different learning styles.  
3. Identify the principles of adult learning and understand how the different tools and learning environments can be utilized to teach effectively.  
4. Develop and deliver an evaluation based on objective 5.

**Textbook Requirements:**  
**Required Course Textbooks:**  
2. Other readings as assigned (BlackBoard)

**Instructional Methods:**  
The course format includes a hybrid of online (synchronous and asynchronous) based video lectures, discussion board forums, reading assignments, and lessons. The primary portal for delivery will be...
UAF Blackboard, which will be supplemented by Adobe Connect for video and face to face meeting purposes.

Recommended preparation 9 hours weekly, including assigned reading and online participation.

**Technology Requirements:**
Since this course is being delivered asynchronously via Blackboard, students must have access to a computer with **reliable, high-speed** internet access is required. Additionally, students who are outside of the Fairbanks, AK area will need to submit their final project in a video format so access to a camera is required.

**Assessment of Learning and Grading System:**
*Evaluation:* Grades will be based on the total number of points earned for various learning activities. Student evaluation will be based on:

- **Final Student Project** (50%): See project guidelines on blackboard (150 points total)
  - 5% - Lesson Proposal (15 points)
  - 15% - Completed Lesson Plan (45 points)
  - 5% - Lesson Evaluations (15 points)
  - 25% Delivery of the Lesson (75 points)

- **Course Development Discussion Board Forums** (33%)
  - 10 discussion boards worth 10 point each (100 points)
  - At least 250 words for your post free of spelling and grammatical errors that directly applies or adds to the discussion modules.
  - Required to post 2 unique comments on a classmate’s posts that add content to the original post or pose a follow up question
    - Avoid “I agree posts”
  - All initial discussion boards are **DUE at 11:59 pm on Thursdays.** All follow up posts are **DUE at 11:59 pm on Saturdays.**

- **Case Studies** (17%)
  - 2 case studies (4 -6 pages in length) (50 points total)

**Grading:**
Final Student project= 50% (150 points)
Assignments /Case Studies = 50% (150 points)

**Total = 300 points**

90 – 100% = A  
80 – 89% = B  
70 – 79% = C  
60 – 69% = D

**Late Assignment Policy:**
Students are expected to turn in ALL assignments ON TIME. Students who do not submit assignments by the due date will have the grade for that assignment penalized 50%. **All assignments MUST** be completed prior to 5/2/2016. Students failing to submit all assignments will automatically receive a failing grade in the course.
**Additional Course Policies:**
The UAF Student Code of Conduct will be the backbone of the course policies. Students are expected to conduct themselves honestly and responsibly, and to respect the rights of others. Conduct that unreasonably interferes with the learning environment or violates the rights of others is prohibited. The university may initiate disciplinary action and impose disciplinary sanctions against any student found responsible for committing, attempting to commit or intentionally assisting in the commission of any of the following prohibited forms of conduct. Furthermore, the instructor reserves the right to administratively withdraw any student that violates any section of this syllabus:

1. cheating, plagiarism or other forms of academic dishonesty
2. forgery, falsification, alteration or misuse of documents, funds or property
3. damage or destruction of property
4. theft of property or services
5. harassment
6. endangerment, assault or infliction of physical harm
7. disruptive or obstructive actions
8. misuse of firearms, explosives, weapons, dangerous devices or dangerous chemicals
9. failure to comply with university directives
10. misuse of alcohol or other intoxicants or drugs
11. violation of published university policies, regulations, rules or procedures

**ACADEMIC HONESTY**

Students are expected to conduct themselves as EMS professionals during the entire course. As such academic dishonesty in any form will not be tolerated. Examples of academic dishonesty include, but are not limited to: submitting any work which the student did not personally complete, sharing or receiving answers on any individual assignment, falsifying any clinical document, falsifying any document submitted as part of the student's coursework, copying or paraphrasing any written or recorded work and passing it off as your own. If you know of academic dishonesty that is taking place and don't report it, you will be held as guilty as the person performing the act!

Often, students are not intentionally trying to be dishonest. Before submitting any assignment ask yourself this question: "Is the work that I am submitting completely my own? If the answer is "No", then you will need to provide the source of the information (APA format is required for this course). Please contact the instructor if you have any questions.

**Support Services**
Students are encouraged to utilize the UAF Writing Center in 801 Gruening (Phone # 474-5314) as needed to assist in the development and refinement of their written products. Students are also encouraged to use the UAF Speaking Center for coaching and practice. The center is located in 507 Gruening. Call 474-5470 for Speaking Center hours and to schedule an appointment. Please contact me as required should you need to contact other subject matter support services relevant to the development of your leadership or class projects/topics.
**ADA Policy**

Students with learning or other disabilities who may need classroom accommodations are encouraged to make an appointment with the Office of Disability Services (Phone # 474-5655). Please inform me of your needs and if I need to meet with the Office of Disability Services to provide the appropriate accommodations and support to assist you in meeting the goals of the course.

*Important note:* We believe that every student has the ability to succeed in this course. It is our responsibility to provide a quality learning experience and it is up to each student to learn and apply the course materials. Students earn their grades through course assignments. We cannot grade on effort—we must grade on work submitted as evidence of learning. Our job is to provide you with the tools, support, and assistance along with the occasional push you need to excel; it is your commitment to the coursework that will determine your level of excellence.

HSEM 404 Blackboard Discussion Requirements and Rubric

There will be a weekly Blackboard discussion. Students are expected to offer comments, questions, and replies to the discussion question that have been posed for each module as well as to classmate postings. Students are expected to actively participate in each module's discussion each week throughout the semester. These discussions will require students to not only read the assigned material, but to also conduct independent research to supporting the topic and viewpoints taken on the subject.

Postings will be evaluated on the quality of the postings and the degree that the postings promote discussion with classmates. The discussion assignment will be worth a total of **10 points**.

**Discussion Board Rubric:**
The following points are what is looked for in your original postings to the Discussion Board and your replies to others postings.

**Original Posting:**
1. Mentions at least 2 specific points from the article or reading.
2. Relation of new information to old information learned in the course to date.
3. Discussion at a critical level, not just recitation of facts from the article.
4. Length of posting approximately 250 words in length.

**Reply to Other’s Postings:**
1. Discuss one point you like/agree with, and one point you dislike/disagree with and explain why.
2. Ensure comments are made on at least 2 other students’ posts
3. Add content and/or pose follow up question. Avoid “I agree” comments.

HSEM 404 Public Safety Instructional Methods Syllabus

HSEM 404 Final Project Rubric

Each student is required to develop and present a public safety lessons plan. The topic for the lesson plan will be developed in conjunction with the instructor and will be broke into 4 parts for grading purposes. Each part will have a set due date and a set amount of points assigned to it. Each part is expected to be completed completely, without grammatical or spelling errors, and turned in on time.

Lesson Proposal
The lesson proposal will be completed first and is worth 15 points. This proposal will outline the topic the student would like to prepare a lesson for. The final topic needs to be approved prior to moving forward with the project.

Completed Lesson Plan
The completed lesson plan will be the second part of the final project and is worth 45 points. This lesson plan will outline the topic, the delivery method, the tools and strategies to be utilized, and the instructional model to be utilized. The lesson plan is worth 45 points and is vital to preparing for the final delivery.

Delivery of the Lesson
Each student is required to deliver the lesson the same they would as if they were teaching the topic to public health employees. This gives the student hands-on experience and allows each student to see the different possibilities for instruction. The delivery needs to be clear, concise, and include an activity for students to participate in. The length for this delivery should be 60-90 minutes (including the activity). This final portion is worth 75 points.
