B.A. DEGREE; MINOR

Minimum Requirements for Degree: 120 credits

Alaska Native Studies seeks to provide students with an awareness of the scope, richness and variety of Alaska Native cultures. It offers a series of critical perspectives on the contemporary Native experience in North American society. The B.A. degree can be earned either on the Fairbanks campus or through distance delivery.

Students develop a concentration in one of four areas: Alaska Native Forms of Cultural Expression, Alaska Native Education, Alaska Native Law, Government and Politics, or Alaska Native Language.

The Alaska Native studies B.A. prepares students to appreciate historical and contemporary cultural dynamics. The department also welcomes students pursuing a second major or a minor. It encourages students who expect to be involved professionally in Alaska Native communities or other multicultural settings to pursue this degree.

Special application requirements and deadlines apply for distance B.A. programs. For more information contact the department toll-free at 1-800-770-9531 or visit our website.
