B.  The agenda was adopted as distributed via e-mail.

C.  The minutes to meeting #88 (March 5, 1997) were approved as distributed via e-mail.

II  Chancellor's Remarks - J. Wadlow

Lobbying Efforts - The massive lobbying campaign was launched officially by the University of Alaska Foundation. The Board of Directors met with members of the legislator. The Board of Visitors met with interior delegates and voiced the concerns they had on the proposed legislative cuts for the University and the importance of the University of Alaska to the State. These lobbying efforts will lay the ground work for future lobbying activities. The Chancellor thanked staff for their efforts.

Recognition Program - Chancellor Wadlow stated that the UAF Staff Council is way ahead of the University of Washington in regards to a recognition program. She receives information from time-to-time and the staff at University of Washington have just established a task force on staff recognition.

Flower Planting - The College of Fellows have established May 28th as flower planting on campus.

Chancellor Wadlow was asked if staff are allowed to take administrative leave to attend meetings such as Staff Council. Chancellor Wadlow stated that this is up to the discretion of the supervisor.

III Vice Chancellor for Administrative Services Remarks - M. Rice

Administrative Service Restructure - Facilities Services will consist of Planning & Projects, Utilities and Physical Plant under one director. Purchasing and Grants and Contracts will be combined under one director. Safety Services will consist of Police, Fire, Dispatch, and Risk Management. Personnel and the payroll function will be combined. Several director positions that will be vacated because of the RIP will not be filled. The new structure will be more efficient. Vice Chancellor Rice thanked the staff who participated in the Task Force which developed the new structure and was chaired by deans Gabrielli and Kirts.

IV  President's Report - R. Pierce
President Pierce welcomed the rural representatives to the face-to-face meeting.

The Supervisory Training program has been very successful and the committee has received input for future sessions and the rural supervisory training program is underway.

Recognition Program - A handout was distributed on the program, as well as a form to nominate staff members. This information will also be included in the Governance Office website. Deadline to submit is May 16. The Chancellor will present the awards at the staff picnic on June 6.

Staff Affairs - President Pierce thanked Bev Frey for accepting the chair of Staff Affairs and all the hard work she has done on the paid time off issue.

Board of Regents Meeting - President Pierce will be attending the meeting in Juneau on April 17 & 18.

Training - President Pierce will be in Virginia for three weeks for rocket flight sensor training. President-Elect Long will handle his duties for Staff Council.

V
Governance Reports
A. Faculty Senate - J. Craven

The Faculty Senate has been very busy and passed the following motions at their March meeting, amended evaluation of educational effectiveness policy, amended bylaws to reflect the new role of the Core Review and Curriculum Review committees, statement on course prerequisites in the class schedule, approved an M.S. and Ph.D. in Environmental Chemistry, and amended UAF Regulations for the evaluation of faculty. The April meeting will deal with clarifying affiliate faculty, a B.A. degree from an accredited university will count as core requirements for a person seeking another B.A. degree, minimum requirements for a master's degree, harassment policy, and disband the Academic Computer Users Committee. The University of Alaska Learning Cooperative has asked that the tenure and promotion committees give full consideration to faculty who develop distance delivery programs/courses. This issue has been referred to committee.

Concerns were expressed regarding the possible elimination of the master's degree in engineering science management and the approval of a new M.S. and Ph.D. program in environmental chemistry. Clarification was made that most of the courses are existing and students are currently in this program via an interdisciplinary degree.

B. ASUAF - C. Wheeler

No report available.

VI Guest Speakers
A. John Bhend, Organizing Manager, APEA/AFT
John Bhend thanked Staff Council for the invitation to speak at their meeting. The University of Alaska Classified Employees Association is affiliated with the Alaska Public Employees Association. Presently, UACEA represents approximately 250 blue collar workers in the University of Alaska system. White collar university employees have been contacted and once UACEA has at least half of the white collar workers' authorization cards signed, they can conduct an election to see if white collar workers wish to become a collectively bargaining unit under UACEA. The authorization cards are good for 120 days. This is classified not APT employees. Dues are $40.55/month and $7.50 goes to the national organization. Union contracts run three years and a union is voted in, as well as must be voted out. Mike Mayberry from the Physical Plant and Mary Wisdom from UACEA attended the meeting to answer questions regarding the union.

VII The Council took a five minute break.

VIII Committee Reports
A. Elections, Membership & Rules - L. Bender
Nominations are open for the position of president-elect. Two staff members have been nominated, Marie Scholle and Carter Howald. Elections will take place at the May 7 meeting.

B. Rural Affairs - B. Oleson
The committee is continuing their work on rural supervisory training program, a rural picture for the 1998 Staff Council calendar, and ways to increase morale.

C. Staff Affairs - B. Frey
Beverly Frey is the new chair of the committee replacing Beth Bergeron.

Paid Time Off - Staff Affairs distributed the following information. Representatives stated that there should be no caps, no mandatory requirement, and there should be some sort of sick leave bank. Statewide Human Resources stated that the current leave share bank is not in compliance with ADA because names are given and that it has been a nightmare to administer. The Borough has a program which is voluntary and will be looked at.

Concerns were expressed on the figures provided by Statewide Human Resources regarding the average number of sick days university employees take.

Proposal Concerning Paid Time Off (PTO)
In principle, we are agreeable to the combining of the annual and sick leaves into Personal Time Off (PTO). We are concerned, however, about:

(1) the conversion from one system to the other,
(2) the mandatory use of personal leave, and
(3) the excessive reduction in total leave days:

(1) Conversion: We believe that offering conversion options to employees will signal to the employees that the University values its support staff. We believe that the University should offer its employees a choice of the following conversion options:

(a) Maintain the employee's current sick leave balance in full in an individual sick leave bank. Since this sick leave is a benefit which has already been earned by the employee through careful use of accrual throughout their employment, access to this leave should be unrestricted. The balance remaining in the sick leave bank at termination would disappear without remuneration, as under the...
current system.

(b) Convert a portion of the current sick leave balance into PTO at a reasonable rate. We suggest 40%, following the example of the State of Alaska (see State Statute AS 39.20.256 (a)). The remaining 60% would disappear on conversion.

(c) Allow a cash pay-off of a portion of the sick leave balance at a reasonable rate. We suggest 25%. The remaining 75% would disappear on conversion.

Offering no options in the way of a conversion, will signal that the University is indifferent to employees who have accumulated appreciable balances of sick leave.

(2) Mandatory use: Mandatory requirements for PTO use were addressed at the March 11 Staff Alliance meeting, and Patty Kastelic agreed to drop this requirement.

(3) Reduction in total leave days accrued: Since total leave accruals are currently on par with other governmental units in the area (Fairbanks North Star Borough, FNSB School District, State of Alaska, and City of Fairbanks; see attached documentation) we are opposed to any reduction in total leave accrual rates. If a reduction is unavoidable, we consider a reduction of 8 days to be excessive and unacceptable. We suggest that a reduction of 4 days may be more reasonable. Such a reduction would add 11 days to the present annual leave accrual rates.

ADDITIONAL ACCRUAL INFORMATION

For the sake of comparison to other governmental units, Staff Affairs compiled the following accrual rate information. It does not represent agreements between the particular unit and any collective bargaining unit.

From the State of Alaska Division of Personnel (which has a combined annual and sick leave benefit):

<table>
<thead>
<tr>
<th>Years</th>

</table>

From the Fairbanks North Star Borough Division of Personnel (which has a combined annual and sick leave benefit):

<table>
<thead>
<tr>
<th>Years</th>
<th>Annual Leave</th>
<th>Sick Leave</th>

</tbody>
</table>

From the Fairbanks North Star Borough School District Department of Personnel: The School District does not have a combined leave program. Sick leave accrual is 1 1/3 days per month, which equals 15.6 days per year, a .6 increase over current University sick leave accrual. Annual Leave accrual is as follows:

<table>
<thead>
<tr>
<th>Years</th>
<th>Annual Leave</th>

City of Fairbanks employees have a combined leave program. Their accrual rate is 30 days/year.

Current University accrual rates are:

<table>
<thead>
<tr>
<th>Years</th>
<th>Annual Leave</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sick leave 1 1/4 days per month which equals 15 days per year</td>

</tbody>
</table>
Proposed University accrual rates for combined leave are:
0-5 years       2.083 days/month= 25 days per year
6-10 years      2.3 days/month= 28 days per year
10 + years      2.583 days/month= 31 days per year

The following is information on sick leave usage obtained from the Statewide Office of Human Resources on April 4, 1997. This information reflects sick leave usage system-wide for fiscal years 1995 and 1996. The first number represents sick leave accrued during the fiscal year, the second number is the sick leave hours which were taken, the third number is a percentage of the yearly accrual used in that year, and the last number is the number of days this represents per employee.

Staff Affairs met with Pam Davis from Development regarding fund raising activities. Pam gave the do's and don't's and some ideas on fund raising. Delores Trice will be organizing this effort and needs assistance. If you are interested, contact Delores Trice at 7000 or the Governance Office at fystaff@aurora.alaska.edu.

D. Staff Training - D. Powell & E. Ritchie

The committee will begin planning for the summer and fall supervisory training sessions and welcomes input from everyone. Send comments/suggestions to Darlette Powell at fnadap@aurora.alaska.edu or Elizabeth Ritchie at fnekr@aurora.alaska.edu. The committee is also working on the longevity awards program which will be May 15 at 9:00 a.m. in Schaible Auditorium. The program will focus on staff who will RIP.

E. System Governance Council - P. Long

Paula Long gave the report since Marie Scholle was out of town teaching a class. System Governance is also working on the Paid Time Off issue and is coordinating efforts with the UAF Staff Council. System Governance is very active on lobbying and voicing concerns regarding the proposed University budget cuts.

F. Task Force on Health Benefits - C. Plowman

The Health Benefits Task Force (HBT) continues to meet and address the following information:

UA health insurance costs:

- 1985    7.5 Million
- 1990    11.4 Million
- 1996    16.0 Million

Discussed need to communicate and educate employees about insurance coverage to help reduce costs.

Discussed several proposals for changes to policy, including:

* Increase the deductibles-change from $100 individual/$300 family to $200 individual/$500 family. This would decrease costs by $427,000. The HBT thought this would be too much of an increase. Discussed
increasing but not this much.

*Cap dependent care at 4 and charge for additional dependents. No figures as to costs for this item.

*Increase maximum out of pocket expenses from $400 individual/ $750 family to $500 individual/$1000 family. This would decrease costs by $152,000.

*Eliminating the first $100 coverage for lab/x-ray charges. This would decrease costs by $82,000. The HBT agreed with this as it would make the policy much easier to understand. Currently the first $100 is paid at 100%; then reduced to 80/20 coverage until out of pocket has been met and then increasing back up to 100%.

*Eliminating the fourth quarter deductible carryover. This would decrease costs by $68,000. The HBT did not agree with this. The carryover is a benefit to employees that do not use the insurance that much and also may prevent abuse.

*Placing a lifetime cap of $10,000 on tooth implants. This would decrease costs by $20,000. The HBT agreed with this item as it has the potential of very high expenses.

*Change pharmacy out of pocket maximum from $100 to $200. This would decrease costs by $55,000. The HBT agreed with this item.

*Removing all out of pocket maximums on pharmacy claims. This would decrease costs by $200,000. The HBT felt this would be too much of a burden on employees with large pharmacy claims.

*Change pharmacy out of pocket benefit from 80/20 to a flat $5 or $10 co-pay. This would increase costs (no exact figure available). The HBT felt would be too much of a burden on employees.

*Change mail order pharmacy benefit from 80/20 to 90/10. This would increase costs by $13,000. The HBT is unsure about this one - this should reduce the costs in the long term as the prescriptions are cheaper through the mail. This is to be discussed further.

*Implementing a $10 charge for each dental visit. No cost savings given. The HBT did not support this item.

*Implementing an annual dental deductible of $25 or $50 for services other than preventive and diagnostic. This would decrease costs by $82,000 and $158,000 respectively. The HBT is to discuss this further, however the $50 charge was deemed as too much.

*Adding orthodontic coverage under the supplemental plan - would have a $2,000 lifetime maximum. This would not have a cost effect on the basic plan. The HBT is to discuss this further.

*Discussed changing the current vision plan to an annual flat dollar amount.

Please remember the HBT is still discussing ideas and no decisions have been made. We are trying to have a health plan that will be of benefit to all employees. At this time the HBT will not be discussing a "cafeteria" type plan as there is not enough time. The goal is to have decisions made by the end of April so each Governance council will be able to review prior to the end of the spring semester. If you have any comments on the proposed changes, for or against, please let me know through e-mail at fnccap@columbia.uafadm.alaska.edu. If you do not have access to a computer you can call me at 474-6193.

G. Picnic Committee - P. Long

The annual staff picnic will be on Friday, June 6 at 4:00 p.m. by the SRC. A number of local businesses have
donated door prizes. Each unit has been assigned the following food items:

Units 4 & 7  Salads
Units 8 & 9  Baked beans and casseroles
Units 10 & 12  Condiments (mustard, pickles, ketchup, onions, lettuce and tomatoes.)
Representative will be collecting $1 from constituents to purchase economy size mustard, ketchup, etc.

Units 11 & 16  Hamburger buns
Units 5, 6, & 13  Desserts (cookies, cupcakes, brownies, etc.)
Units 15  Fruit
Units 14  Vegetable trays and dip
Units 18  Hot dog buns

IX  OTHER BUSINESS

A.  Motion to approve disbanding of the Academic Computer Users Committee - R. Pierce

President Pierce gave a brief historical summary regarding the committee. The committee is ineffective in its present form and would like to all under the Provost Office. After a brief discussion, a motion was made and seconded. The vote was unanimous.

MOTION PASSED (unanimous)

The Staff Council moves to approve the disbanding of the Academic Computer Users Committee and let this function be moved to the Provost's Office.

EFFECTIVE:  Upon approval of the governing bodies and the Chancellor

RATIONALE:  The Academic Computer Users Committee handles academic issues and should fall under the Faculty Senate or the Provost who is the chief academic officer. The Council also feels that it would be more effective if it reported directly to the Provost.

The Governance Coordinating Committee approved the following at its meeting #34 on February 17, 1997:

MOTION PASSED (unanimous)

The UAF Governance Coordinating Committee moves to have the Faculty Senate, Staff Council, and ASUAF approve disbanding the Academic Computer Users Committee and let this function be moved to the Provost's Office.

EFFECTIVE:  Upon approval of the governing bodies and the Chancellor

RATIONALE:  The Academic Computer Users Committee handles academic issues and should fall under the Faculty Senate or the Provost who is the chief academic officer. The Committee also feels that it would be more effective if it reported directly to the Provost.

X  Comments and Questions

A.  Michelle Combellick, the new chair of the Health Issues Committee under the Governance Coordinating Committee addressed the Council regarding a wellness program at UAF. The Health Issues Committee is looking at a proactive approach to the rising costs of health benefits and is looking at the "healthy lifestyles program" that is offered by Blue Cross Blue Shield. If you have questions or suggestions, contact Michelle at 7649 or fnmgc@aurora.alaska.edu
