

## ***Lender List***

The following are lenders that have been used by UAF students, for Federal Stafford, PLUS loans and Alternative Loans for the past three years.

This list is provided for informational purposes and does not represent an endorsement of any particular lender by the University. You are not required to select a lender from this list. If you would like to use another lender for your loans, please contact the Financial Aid Office.

Select a lender and complete an Application/Master Promissory Note (MPN) for each loan program. ***Note: a promissory note is good for 10 years, so you do not have to complete one next year, unless you choose to change lenders or loan program.***
