What’s New in Parking?

Price Change for Short Term Permits

One of the decisions that was made based on the parking and shuttle survey results was to increase the price of the short term parking permits (day, week and month permits). Day permits originally $3.00 will increase to $5.00 on July 1, 2015. The price of the weekly permit ($15.00) will increase to $20.00 and the monthly permit ($26.00) will increase to $35.00 in keeping with the day permit price increase. If you have any questions you can contact the Office of the Bursar at 474-6798 or email uaf-bursar@alaska.edu.

Sustainable / Long-term / Perpetual Permit

The Office of the Bursar will be piloting a new permit this fall semester that will be available for all full-time staff and faculty (or anyone who wants to purchase a 12-month regular permit). The permit is long term and will not have an annual expiration date. The sustainable permit will be updated automatically each year. Interested individuals will be able to purchase the permit by payroll deduction with a $50.00 per pay period option. The payroll deduction will be resubmitted annually until you initiate a termination request. A similar gold permit will be offered for full-time faculty and staff as well. If you have any questions please contact the Office of the Bursar at 474-6798 or email uaf-bursar@alaska.edu.

FAQ

Why can’t I pay for the permit with my credit card? The reason we are limiting purchase to payroll deduction is that we would need to make individual contact with people for the annual update of payment if we used credit card or any other payment method. With payroll deduction we only need the initial information and we can update annually through HR.

Why can’t I purchase a permit if I am a part-time or 9-month employee? Or a student? We may be able to offer a long-term permit in the future that would work for a part-time, 9-month employee or student, but this is a pilot program to determine how much interest there is for such a permit.

How do I stop the payroll deduction once I have started? Similar to the process we use now, you will need to bring your permit into the Bursar’s Office and request the termination of the payroll deduction. You can also send the request by email but we will not be able to process the request until we have received the permit.

What if I lose the permit? Similar to the process we use now, you will need to come into the office to pick up a replacement permit ($5.00) and fill out a lost or destroyed form.

How does enforcement work? The permit will have a specific number, which can be looked up in the handheld for verification. The permit will be viable for all attached vehicles. You will need to contact the Office of the Bursar to attach or remove vehicles on your permit.

What if I get a new car? You can register your vehicle at Parking Online and then call the Bursar’s Office to have the vehicle attached to your permit.

How many vehicles can I use the permit on? Up to four vehicles can be added to your permit.
