

People's Endowment award recipients named at UAF

FOR IMMEDIATE RELEASE
April 2005

Fairbanks, Alaska – The People's Endowment Board at the University of Alaska Fairbanks is pleased to announce the award of funds for 2004-2005.

Grants were awarded to: Thomas M. Walker, Associated Students of UAF, \$3,500 for the Hess Village and Married Housing Curbside Recycling Program; Dr. Yoko Collier-Sanuki, Department of Foreign Languages and Literatures, \$2,500 to participate in the CARLA Summer Institute workshop, "Maximizing Study Abroad: Teaching Strategies for Language and Culture Learning and Use"; Coral C. Howe, Large Animal Research Station, Institute of Arctic Biology, \$3,500 to bring electrical power to the Science Education Outreach Area at LARS; and Dr. Jaunelle Celaire, Music Department, \$3,000 to send students to compete in the National Association of Teachers of Singing voice competition.

The People's Endowment was established at the UA Foundation in 1986. Initiated by Carla Helfferich as her winning entry in the Incentive Awards Program, its intent is to provide a source of funds for projects that will improve UAF but would likely remain unfunded due to institutional priorities. Grants are used for special projects or to fill critical need at UAF. Funds for this endowment are solicited from faculty and staff; employees are encouraged to participate in the Power and Pride from Within employee campaign by directing a gift to the People's Endowment or other Foundation funds. For more information see www.uaf.edu/giving/pride.

The next grant period will begin in April.
