

University of Alaska Fairbanks - Graduate School

Change of Graduate Major or Degree Program

Desired action:

Change degree/program within department (i.e. M.S. Wildlife to M.S. Biology)

Change from Master's to Ph.D. degree within same department (A statement of reasons for the change must be attached)

NOTE: If the student has already been advanced to candidacy in the current degree program, it will be necessary to apply for candidacy in the new program. All deadlines pertaining to this procedure apply to the new degree program.
