decisions, implement successful long-term management for protection and maintenance of ecosystems while meeting the needs and values of humans. Those seeking terminal degrees will make a positive impact in advancing their field of study.

rubric.

The VALUE rubrics range utilize a 4-point scale, where 1 = benchmark and 4 = capstone; scores => 3.0 will be taken as evidence of competence related to the goal.

1a & 3 will be conducted via a set of questions passed out to attendees (see attached). Questions will be asked on a 5-point scale where 1 = weak and 5 = excellent. A score of >= 4.0 will be taken as evidence of competence related to the goal.

4) Graduates will be tracked to assess career advancement.

staff, and students.

4) The Director of
Academic Programs
will task the academic
program assistant with
the responsibility of
tracking graduates. A
qualitative report will
summarize
employment in the
Natural Resources
Management field.
