THE CIRI FOUNDATION

Education Resources Handbook

Financial Aid Tips
Career Information
Scholarships & Grants
Internships

2016 | 2017
Dear Reader:

The CIRI Foundation is a private foundation established by Cook Inlet Region, Inc. in 1982 to encourage the education and career development of Alaska Native original enrollees of Cook Inlet Region, Inc. and their direct lineal descendants through post-secondary scholarships and grants, internships, and other education projects.

The foundation publishes the Education Resources Handbook to provide education and career planning information for The Foundation’s beneficiaries as well as for others who are interested in pursuing a successful career after high school.

The handbook contains valuable information to assist in preparing to attend a post-secondary education program including financial aid, internship, fellowship, and training opportunities. In addition, there are reference materials about other educational support services at the post-secondary level.

As we enter 2016, we begin our 34th year of serving our people. The CIRI Foundation wishes you well on your learning journey. We are here to assist you along the path you take to fulfill your educational dreams.

Sincerely,

Susan A. Anderson, M.Ed.
President/CEO
Former TCF Recipient

Look for these boxes throughout the handbook. They are quotes from TCF Recipients!

Alaska Native Claims Settlement Act (ANCSA)
Alaska Native Scholarship Programs

With the passage of the Alaska Native Claims Settlement Act (ANCSA) in 1971, Alaska Native communities were organized into several unique entities – many of whom provide scholarship and grant assistance for post-secondary education. Depending on your own family history, you may be eligible for scholarship and grant assistance from one or more of these entities.

It is important to understand the basic structure of these entities and their relationship to each other. Here is a brief description of these entities and how they are related:

Regional Corporations (The regional “for-profit” entities.) In general, these entities are the large, regional corporations that were created following the passage of ANCSA in 1971. Alaska Natives who were alive in 1971 had the opportunity to enroll as an individual shareholder into a regional corporation. These individuals are generally considered “Original Enrollees.” These regional corporate entities manage the resources of the region to the benefit of the shareholders. Many regional corporations have created separate foundations or organizations to provide scholarships and grants for post-secondary education.

- Examples: Arctic Slope Regional Corporation (ASRC); Bristol Bay Native Corporation (BBNC); Cook Inlet Region, Inc. (CIRI); Doyon, Ltd.

Regional Associations (The regional “non-profit” entities.) Since 1971, most of the regional corporations have created separate non-profit entities that are focused on meeting the social service needs for the Alaska Native shareholders of the region. The focus areas for the non-profit entities often include services to meet the health, social service, educational, and housing needs of shareholders. In many regions, more than one non-profit entity was created by the regional corporation to meet these needs. It is important to remember that these are separate from the regional corporations, but there is a direct relationship between the entities. Many regional associations provide scholarship and grant assistance.

- Examples: Arctic Slope Native Association (ASNA); Bristol Bay Native Association (BBNA); Cook Inlet Tribal Council (CITC); Tanana Chiefs Conference (TCC).

Regional Education Foundations Many regional corporations created separate non-profit foundations or organizations to provide scholarships and grants for post-secondary education. These entities have specific eligibility requirements and application deadlines. Eligibility requirements may connect to shareholder status or the relationship of an applicant to an original enrollee of the regional corporation.

- Examples: Arctic Education Foundation; BBNC Education Foundation; The CIRI Foundation; Doyon Foundation.

Village/Tribal Corporations – In 1971 through the passage of ANCSA, over 270 Alaska Native village corporations were created. Many Alaska Natives alive in 1971 enrolled in a village corporation in addition to a regional corporation. The village corporations manage the resources of the village to benefit shareholders. There may be many different village corporations within a single regional corporation.

- Examples: Ukpeagvik Inupiat, Corporation (Barrow); Choggiung, Ltd (Dillingham); Eklutna, Inc. (Eklutna); and Hungwitchin Corporation (Eagle).

Traditional/IRA Councils – The Bureau of Indian Affairs recognizes several unique Alaska Native tribal councils established through the Indian Reorganization Act (IRA) of 1934. The Traditional IRA Councils were created to establish local, self-governance on a tribal basis.

- Examples: Native Village of Barrow (Barrow); Curyung Tribal Council (Dillingham); Native Village of Eklutna (Eklutna); and Native Village of Eagle (Eagle).
Planning for Success

Attending college is a big decision. There are many factors to consider and choices to be made. Planning for success takes time. You should ask several questions when developing an educational plan. The *Educational Resources Handbook* is designed to help find the answers.

- Why is attending college or taking post-secondary courses of study worth the effort?
- Which type of school is right for me?
- What do I want to study?
- Where do I find out about funding for school?
- What types of financial aid are available for schooling?
- What other resources are available in planning for post-secondary courses of study or employment?

I: Education Pays

Students often ask, “Is it worth attending college or taking post-secondary courses of study?” In response, consider the following points:

- Higher education degree increases his/her earning potential and job opportunities. In fact, it has been said that based upon lifetime earnings, a person who graduates from college earns 60% more than those who have only a high school diploma.
- The U.S. Bureau of Labor Statistics projects that the fastest growing jobs will be those requiring high levels of education and skill.
- People with a higher education are less likely to be unemployed than those without one.
- A person who attends college or a trade school develops a particular skill or talent, and their ability to think critically and analytically improves.
- Provides an expanded understanding of the world and its people, thus enhancing a person’s character.
- Provides a greater sense of accomplishment, enhances self-esteem, and contributes to personal self-fulfillment.

The United States Department of Labor provides additional facts and figures in the *Occupational Outlook Handbook*. The Handbook provides information about different jobs, required training and education, earnings, expected job prospects, job description and working conditions. The Handbook also provides job search tips, links to information about the job market in each State, and more. Visit their website at www.bls.gov/oco/home.htm.

Workers with post-secondary education generally have higher incomes and increased personal opportunities than workers with less education. In 2012, college graduates with a bachelor’s degree earned nearly 60 percent more than those with only a high school diploma.
II: Which School is Right for Me?

Choosing the “right” school may be the most important decision in the planning process, and there are several factors to consider when making it. We recommend that you consider talking with people whose opinion you respect during this process.

The National Center for Educational Statistics is a great tool for locating and comparing schools online at www.nces.ed.gov/ipeds/cool. The center provides various statistics for students to utilize in determining which school to go to and the steps one should consider prior to attending college. Students can build a list of schools with side-by-side comparisons, tips on preparing for post-secondary education, and how to prepare for education beyond high school.

Types of Post-Secondary Institutions

Post-secondary education institutions may be classified in the following ways:

**Public Institutions**
Public schools and colleges are funded primarily by state and/or local governments.

**Private Institutions**
Private institutions are privately funded by organizations, individual bequests, and student fees. Generally, tuition is higher at a private school or college than at a public institution.

**Public Community Colleges**
Typically offers certificate and two-year degree programs, also known as junior colleges. Some offer “terminal” programs that train for special skills such as dental technology, office occupations, computer technology, practical nursing, or diesel mechanics. May also offer “transfer” programs for those who want to go on to a four-year degree college or university.

**State College and Universities**
Every state has its own four-year institutions, many of which offer advanced training in business, health, sciences, and law. The schools range widely in size and in type of programs offered. Usually offers two-year, four-year and graduate degree programs. Consult the school’s catalogue for more details. These schools are funded by the state, tuition fees, and donors.

**Tribal Colleges and Universities**
Provides access to post-secondary education, accredited degrees, and vocational training for both Indian and non-Indian students. Most are located on or near Indian reservations. Culture and tradition are a part of the curricula. For a list of Tribal Colleges, see pages 45-46.

**Private Junior Colleges**
Funded by private contributions and tuition fees. They do not admit everyone who applies. Programs are usually two-year "transfer" type programs.

**Proprietary Schools**
Privately owned and offer a limited selection of certificate and sometimes two-year associate degree programs.

**Vocational Training Institutions**
Privately owned or state run training institutions that offer post-secondary training at varying levels. May offer certificates or degrees. Credits may or may not be transferable. These schools are funded by the state, tuition fees, and donors.

**Private, For-Profit Colleges/Universities**
Educational institutions operated by private, profit-seeking businesses. They may offer flexible courses and schedules that are appealing to adult learners and working students. Students enrolled in for-profit colleges who transfer to non-profit colleges should be sure that their credits will transfer from one school to another.

**Online Programs**
Online programs are often structured as self-paced courses and may allow working students to complete coursework on a more convenient schedule. Online programs may open educational access to individuals living in remote areas that lack access to traditional brick-and-mortar schools. They may be available through traditional non-profit colleges and universities as well as for-profit institutions.
Selection Criteria

Evaluate which school or schools may be suitable to your educational goals by considering the following criteria:

- What is the total cost of tuition, supplies, other required fees, and books?
- Does the school offer the academic program or classes that will (a) prepare you for a career and (b) satisfy your learning interests? Does the school provide adequate student support services – academic counseling, tutoring, close teacher-student interaction, work experience, extra-curricular activities (sports, drama, music, etc.)?
- Is the size of the school (and class size) suitable to your preferences?
- Are the courses of high quality? Will they adequately prepare you for the field? Will the credits transfer to other institutions? Is the curriculum up-to-date?
- Is the location of the school satisfactory?
- What is the school’s graduation rate? What is the school’s dropout rate?
- What measures are taken to ensure the safety of the students?
- Is there campus housing and meal programs? What does it cost?
- What is the school’s atmosphere regarding a diverse student body?
- To what extent does the school offer student financial aid?
- Does the school have a placement service for its graduating students? If so, how does it assist the student in finding employment?
- Is the institution accredited by an accrediting agency recognized by the United States Department of Education?
- Is the school authorized to operate? The authorizing agency in Alaska is the Alaska Commission on Post-secondary Education.

III: Which Program of Study is Right for Me?

Students enrolling in a post-secondary education program have to make important decisions regarding their ultimate educational and career goals. There are a number of degree program options to consider when thinking about your future career and your personal commitment to your own education. When making a decision to pursue a specific degree program, you should consider your own unique situation and assess your personal level of interest, available funding for your education and the time required to complete the coursework. Your future career goals may also give direction to what degree(s) you should pursue.

- Career Diploma/Certificate: In general, approximately 2-9 months to complete.
- Vocational Training Program: Approximately 2-18 months to complete.
- Associate Degree: 2-year degree program.
- Bachelor Degree: 4-year degree program, although some institutions may allow you to have it done in less time.
- Master Degree: 1-3 year degree program after earning a Bachelor’s Degree.
- Doctorate Degree: 7-9 year degree program after earning a Bachelor’s Degree.

IV: What Do I Need to Do?

For prospective students, the following steps will provide an idea of the timeline and steps required to plan for attending college.

The important and consistent fact is that it takes TIME to prepare to enroll in a degree program in college, in occupational training, or in selected courses of study. Below is an example of a planning cycle for anyone who wants to make the most of the opportunities in preparation for attending college.

Note: Keep an eye out for college preparation and scholarship programs that are offered based on participation in junior high and high school programs. Review High School Education and Scholarship Programs in this handbook.
What to Do and When to Do It

**March – June**
- If you are in high school, talk to school counselors and parents about the financial aid required for your college experience and consider taking an SAT II Subject Test.
- Create a free Alaska Career Information System (AKCIS) portfolio and use it to explore career options, colleges, programs of study, and ways to pay for college. [http://akcis.intocareers.org/materials/howaccessforstudents.htm](http://akcis.intocareers.org/materials/howaccessforstudents.htm)

**Summer**
- Consider doing volunteer work, internships or getting a job. If you are a high school student, consider taking summer school courses to boost your GPA or to get ahead in your studies.
- Consider taking a course to prepare for the SAT.

**September – December**
- Attend college fairs, open houses, and programs about college admissions. Get a “feel” for the different colleges and take tours, if possible.
- Identify the criteria important for you in selecting which school to attend (ex. Is the availability of certain clubs or programs a must-have?). Gather specific information (catalogues) about colleges of interest to you and the availability of financial aid.
- Review your grades with a guidance counselor to get and idea of how selective your college choices may be.
- If you are in high school, obtain leadership experience by joining clubs or taking part in school activities.

**February – May**
- If you are in high school, register for the spring SAT 1 or ACT.
- Make campus visits and interview the faculty, admissions staff, and students. Attend college fairs.
- Request college application forms from colleges you are interested in.
- Take the SAT II Subject Test.
- If you are interested, request ROTC program or U.S. military academy applications.

**September – October**
- Research deadlines for scholarships, grants, admissions applications, and financial aid. Create a calendar to make sure you apply on time.
- Submit applications.
- If you are in high school, get test schedules for SAT I, SAT II, and ACT. Note deadlines and dates.
- Prepare personal essays, resumes, and request teacher recommendations for your personal portfolio.
- Complete/submit early decision and early action applications. Most deadlines for these are November 1st. Keep copies of your applications.
- Narrow list of potential colleges and discuss your options with parents and guidance counselors.

**November – December**
- Research financial aid that you may be eligible for.
- Complete/submit college applications for regular deadlines.
- Get/submit major financial aid application forms.

**January**
- Complete/Submit financial aid forms such as the FAFSA (Free Application for Federal Student Aid).
- Complete/Submit state aid application. State of Alaska loans take 2-3 months to be processed.
- Contact your high school guidance office and potential post-secondary institutions to identify any special scholarships/grants that you may be eligible for.
- Contact Tribal and Alaska Native non-profit organizations to find out whether you may be eligible and request applications. Search other Native American/American Indian scholarships that you may be eligible to apply for.

**March-May**
- Receive acceptance/rejection letters from schools you have applied to, and discuss your options with guidance counselors and parents.
- Make a decision on which school to attend.
- Send acceptance letter to the school that you plan to attend by the school’s deadline.
- Submit your scholarship application to The CIRI Foundation and/or other sources of financial aid funding.
- Take the Advanced Placement (AP) Tests.
- Request/send final official transcripts to the school you plan to attend.

**June-August**
- Attend freshmen orientation camp/sessions.
- Make payments by deadlines.
- **Begin school!**
V: What is Financial Aid?

Financial aid, in its simplest definition, is financial assistance intended to aid students in reaching their educational goals. This assistance may come in a variety of forms such as grants, scholarships, work-study, and loan programs.

Types of Financial Aid

Financial aid is defined as scholarships, grants, loans and work-study that provides money for a student to attend college or obtain technical skills training. There are six types of financial aid a student may be eligible to apply for.

1. **Grants**
   "Gifts" of money that do not have to be paid back.
2. **Scholarships**
   Grants of money to students based upon the particular eligibility requirements of the scholarship program. Scholarship programs may be based primarily upon academic achievement, financial need, or both.
3. **Tuition Waivers**
   The tuition requirement is "forgiven" by the institution; the student does not have to pay any or only a portion of the tuition cost.
4. **Work-Study Programs**
   Provides the student the opportunity to work and earn money for schooling. Available through most colleges.
5. **Special Discounts**
   The school may offer special discounts based on criteria determined by the school.
6. **Loans**
   Borrowed money that must be repaid with interest by the student. The federal and state governments have student loan programs as well as lending institutions such as banks, credit unions, and savings and loan associations.

VI: Financial Plan for School

The following are items students will need to know when calculating the cost to attend college.

1. **Cost of Attending**
   This includes tuition, required fees, books, supplies, on-campus housing, and on-campus meal plans (if living away from home).
2. **Expected Family Contribution**
   The amount of funds the student will have to pay for the cost of attending the school including student’s personal contribution and parents’ contribution
3. **Financial Need**
   The difference between the Cost of Attending School and the Expected Family Contribution.

Cost of Attendance at School

The cost to attend college or other post-secondary education schools is made up of several expenses for which student financial aid may be available. They include the following:

1. **Direct Education Costs:** Tuition, fees for registration, parking, lab requirements, books, and supplies.
2. **Indirect Education Costs:** Room rent, meals, personal expenses, transportation, etc.
3. **Special Costs:** Child care and ongoing medical expenses.

Financial Need

Suggested procedure to aid students in preparing a financial plan for college:

1. Determine where you will attend college.
2. Determine the cost of attendance for the college.
3. Determine the total funding resources available from you, the student, and/or your parents.
4. Identify funding resource opportunities to offset your financial need.
5. Obtain and complete applications for student federal financial aid, scholarships, and grants. Consider applying for work-study. Then, ONLY IF ABSOLUTELY NECESSARY, consider applying for a student loan from the federal and/or state programs or private lenders such as banks, credit unions, or savings and loan associations.

6. Keep a copy of all of your applications for your files and send the completed application for processing by the funding agency or organization.

7. Contact the funding source/s about the status of your application/s.

8. Report the outcome of your financial aid to the school through the financial aid office in order to keep your education expense account current. Keep track of all the funding assistance you receive.

9. Consider vacation-time employment or other temporary work to build up personal earnings/savings for the next term of schooling.

10. Keep personal records of your financial aid awards. The 1986 Federal Income Tax Law categorizes the amount of scholarship awards used for the cost of room and meals as taxable income which must be reported by the student on his/her income tax forms filed with the Internal Revenue Services (IRS). Visit www.irs.gov for more information.

11. Investigate education tax credits for which you may be qualified for on your annual IRS income tax form.

### Formula for Financial Need

Stated as a formula, Financial “Need” is calculated as: Cost of Attendance - Expected Family Contribution = Financial “Need”. The Financial “Need” must be solved by the identification of additional resources from grants, scholarships, and work-study and loan programs in order to pay for the cost of attending college. A sample budget format is shown in the chart below. Students may want to follow it in order to calculate educational cost of attendance, expected family contribution and financial need.

### VII: Where Do I Find Out About Funding?

There are several ways in which students can find out about financial aid to attend college or to take post-secondary courses of study. Check on all of them!

1. National Educational Opportunity Centers funded by the U.S. Department of Education: in Alaska, contact the Anchorage EOC, 1901 Bragaw Street, STE 120 Anchorage, AK, PH: (907) 786-6707, www.uaa.alaska.edu/eoc.
2. Check the nearest college student-counseling center or financial aid office to determine the EOC nearest to you.
3. High school student guidance counselor or counseling centers.
4. College/University counseling centers provide a full range of academic, career, and personal counseling services for students or prospective students in the search for career goals and student financial aid.
5. Information on grants and loans from a State higher education agency (pages 42-43).
6. State Department of Education.
7. Native organizations and foundations such as The CIRI Foundation, Cook Inlet Tribal Council, Inc., and tribal
governments.
8. The AmeriCorps program provides full-time educational awards in return for work in community service.
10. Companies and labor unions that have scholarship programs for their employees, family members, or other
    students with financial need.
11. Other foundations, religious organizations, fraternities or sororities, and clubs such as YMCA, American Legion, 4-H,
    Kiwanis, Jaycees, Chamber of Commerce, churches, etc.
12. Organizations in your career field. Examples: American Bar Association (law), American Medical Association
    (health), and National Educators Association (education).
13. Look for products related to your career field. As an example, a healthcare professional may be eligible for
    opportunities with The Tylenol Scholarship program www.tylenol.com.

Education & Scholarship Websites

In addition to the aforementioned methods of finding out about financial aid, here are some websites that may help you
learn more about funding your education.

Alaska Native Student Network
www.facebook.com/pages/Alaska-Native-Student-Network/
Visit the Alaska Native Student Network on Facebook, a
portal created on behalf of the ANCSA Education
Consortium to provide a place for Alaska Native students
and prospective students to start networking and share
one another's experiences. Postings include information
regarding upcoming Alaska Native organization's
scholarship deadlines.

Chegg
www.chegg.com
Hundreds of individual scholarship opportunities are
available on Chegg, where you can also purchase
textbooks at rates far below those of university
bookstores.

The Chronicle of Higher Education
www.chronicle.com
A news and job information source for college and
university faculty members, administrators, and
students.

The College Board's Fund Finder
www.collegeboard.com
Database lists scholarships and other types of financial
aid programs. Provides College Board test resources
including SAT sample questions.

College Choices for Adults
www.collegechoicesforadults.org
Helps the adult learner make informed choices about
online competency-based and other distance education
programs. Provides information about select regionally-
accredited institutions that have agreed to make public
information that is often hard to find. Provides
information about what the student will learn in each
program to assist with determining whether the program
will match professional and personal goals.

COLLEGEdata
www.collegedata.com
An online college advisor. Choose, prepare, apply, and
pay for college with advice and tools from CollegeData.
Students can get college admission help and search for
colleges and scholarships. After registering you can have
access to all CollegeData features and tools, including
College Match, Scholarship Finder, College Chances, EFC
Estimator, College Net Cost Calculator, and your
personal Data Locker.

Colleges.com
www.colleges.com
Helps students make informed decisions about their
education. Search college information, scholarships, and
career colleges. Select criteria for colleges to help
narrow choices.

Degreed.com
www.degreed.com
Provides tools for expanding educational horizons, as
well as ways to maximize skills that are necessary for
completing your education and finding work.

Discover Nursing and Johnson & Johnson
www.discovernursing.com
Provides listings for scholarships, grants, and useful
information for students going into the nursing field.

Educational Testing Service
www.ets.org
ETS's mission is to advance quality and equity in
education for all people worldwide. ETS creates large
scale assessments, related products and services that
help students, teachers, school leaders, and parents
measure student learning.

FAFSA on the Web
www.fafsa.ed.gov
Electronically submit the Free Application for Federal
Student Aid (FAFSA) online. All students interested in
financial aid for college should complete this form.
FastWeb
www.fastweb.com
Free scholarship and college search databases of more than 1.3 million scholarships. Also provides current news on financial aid, college, jobs, internships and student life.

FinAid!
www.finaid.org
Comprehensive site dedicated to providing objective guidance on financial aid to students and parents.

Edvisors
www.edvisors.com
Edvisors helps students and parents make informed decisions about college costs and financial aid, including scholarships and student loans.

GoCollege
www.gocollege.com
GoCollege is one of the oldest and most trusted online resources to guide students on how to finance and succeed in college.

Kaarme.com
www.kaarme.com
Students can create in-depth profiles on the internet and email profiles to 1,500 of the very best schools nationwide. Students also become eligible for the Kaarme monthly scholarship drawing.

Kaplan, Inc.
www.kaplan.com
Kaplan serves students of all ages. Provides educational programs for students, schools, post-secondary education, professional training, and test preparation.

KnowHow2GO
Knowhow2go.acenet.edu
User friendly site helps students prepare for college beginning in middle school, provides information about college, how to apply to a school and pay for it.

Mapping Your Future
mappingyourfuture.org
Provides free college, career, financial aid, and financial literacy services for students, families, and schools.

The Library of Congress
www.loc.gov
This is the official site of the National Library of the U.S. basic and advanced catalog search including books, periodicals, photographs, images, and sound recordings.

The National Association for College Admission Counseling (NACAC)
www.nacacnet.org
NACAC online resources includes multicultural, general, career, student athlete, study skills, financial aid, college and university lists, college administration testing, state and federal, associations, consortiums, and councils.

Pathways to College Network
www.pathwaylibrary.org
A national alliance of organizations using research-based knowledge across the K-12 and higher education sectors to improve post-secondary education access and success for the nation’s underserved students.

The Princeton Review
www.princetonreview.com
Provides resources to parents and students to help achieve the best results at every level of education. Explore schools, careers, financial scholarship, and aid. Prepare and practice for major moments in education including the PSAT, SAT, ACT, and graduate school exams.

QuestBridge
www.questbridge.org
Provides the National College Match Program and College Prep Scholarship. The National College Match connects high-achieving, low-income students with admission and full scholarships to 29 partner colleges.

Scholarships.com
www.scholarships.com
An online database where you can browse available scholarships according to unique features, such as scholarships aimed at diversity or by major or program.

SchoolSoup
www.schoollsoup.com
visitors “feed their minds” with a wide range of information to help students looking to continue their education beyond high school. Scholarship database is updated daily.

University of Alaska Anchorage
www.uaa.alaska.edu/scholarships/
Lists various scholarship information and links to the websites. Includes tips for writing personal profile scholarship essays.

US Department of Education
Find funding opportunities, financial aid information, plus research and statistics.

USNews.com
www.usnews.com/education
Provides information about America’s best colleges of the current year, as well as tools and articles to help prepare for college.
The CIRI Foundation (TCF) is a private foundation established in 1982 by the ANCSA corporation Cook Inlet Region, Inc. (CIRI) Board of Directors. The mission of The CIRI Foundation is to promote individual self-development and economic self-sufficiency through education and maintain pride in culture and heritage among Alaska Natives who are original enrollees of Cook Inlet Region and their descendants.

The major goal of The CIRI Foundation is to encourage the education and career development of the Foundation’s Alaska Native beneficiaries through post-secondary scholarships and grants, as well as research and other education projects. Eligible Scholarship and Grant applicants may now apply via The Foundation’s new online Scholarship and Grant Application located at www.thecirifoundation.org.

A second goal is to perpetuate and enhance the heritage of Cook Inlet region’s Alaska Native people through programs that foster appreciation and understanding by the general public. As part of its mission, The CIRI Foundation strives to support continued living traditions through selected heritage publications and media productions that enhance appreciation and understanding of Alaska Native cultures among all people.

The CIRI Foundation has been supporting educational dreams since 1982. In that time, The CIRI Foundation has contributed more than $27.3 million for the Alaska Native beneficiaries of CIRI to participate in post-secondary education. Approximately $2.7 million has been granted through The CIRI Foundation Education and Heritage Project Grant Program toward other non-profit organization projects that further the goals of the Foundation by serving our people, Alaska Natives, and Alaskans.

Private sector contributions are the primary source of funds for the programs and administration of the Foundation. The major source of private sector funds is derived from earnings from the Foundation's several endowments, of which CIRI is the primary contributor.

Please contact The CIRI Foundation or visit the Foundation’s website at www.thecirifoundation.org for additional information about the Foundation's programs and publications. Eligible applicants may also apply online via the Foundation’s new online Scholarship and Grant Application located at www.thecirifoundation.org.

The CIRI Foundation Programs Eligibility Summary

**The CIRI Foundation (TCF) Scholarship, Fellowship, Grant, and Internship Programs**
Eligible applicants are original enrollees of Cook Inlet Region, Inc. (CIRI) and the direct lineal descendants of original enrollees of CIRI who are either natural or legally adopted children, grandchildren, etc. of an original enrollee as provided in the Alaska Native Claims Settlement Act of 1971.

**Village Scholarship and Education Grant Programs**
TCF administers non-BIA funds towards post-secondary education to Alaska Native original enrollees and their direct lineal descendants of Ninilchik Native Association, Inc. and Salamatof Native Association, Inc. (including spouses).

**Education and Heritage Project Grant Programs**
Project Grant funding is available to support projects that affect and/or involve Alaska Native beneficiaries of Cook Inlet Region, Inc. and further the Education and/or Heritage goals of The CIRI Foundation. Project Grants may be made to: non-profit organizations, tribal organizations, and individuals sponsored by a non-profit organization who are Alaska Native original enrollees to Cook Inlet Region, Inc. or their direct lineal descendants.
The CIRI Foundation Scholarship & Education Programs

*All TCF scholarship and grant programs are subject to available funding*

The CIRI Foundation (TCF)
3600 San Jeronimo Drive, STE 256 Anchorage, AK 99508
Ph: (907) 793-3575 | (800) 764-3382 F: (907) 793-3585
www.thecirifoundation.org | tcf@thecirifoundation.org

The following is a listing of the programs administered by The CIRI Foundation. Contact TCF to request additional information and guidelines or visit TCF’s website at www.thecirifoundation.org.

TCF General Scholarship Program
Available to original enrollees of CIRI and the direct lineal descendants of original enrollees of CIRI. Must have a high school diploma or GED. The CIRI Foundation determines award classification. Student will need to only submit one application by the prescribed deadline listed below.

- **General Scholarship** Must have a high school diploma or GED and be accepted or enrolled full-time or part-time in a 2-year or a 4-year undergraduate or graduate degree program. Students must apply online and have a minimum 2.5 GPA. Up to $5,000 per academic year for full-time enrollment and up to $4,500 per academic year for part-time enrollment. Deadline: June 1.

- **Mid-Year General Scholarship Award** For eligible scholarship applicants beginning Winter/Spring term. Provides funding to support one (1) semester/term. Students must apply online and have a minimum 2.5 GPA. Up to $2,500 per term for full-time enrollment and up to $2,250 per term for part-time enrollment. Deadline: December 1.

- **Achievement Annual Scholarship** Competitive merit scholarship for applicants with minimum 3.0 GPA for consideration. Accepted and enrolled full-time in a 4-year undergraduate degree or graduate degree program. Up to $8,000 for one academic year. Deadline: June 1.

- **Excellence Annual Scholarship** Competitive merit scholarship for outstanding academic and community service experience. Minimum 3.5 GPA for consideration. Accepted and enrolled full-time in a 4-year undergraduate degree or graduate degree program. Up to $10,000 for one academic year. Deadline: June 1.

- **Special Excellence Annual Scholarship** Competitive merit scholarship for exceptional academic experience and outstanding community service. Minimum 3.7 GPA. Accepted or enrolled full-time in a 4-year undergraduate or graduate degree program. Preference is given to the fields of business, education, math, sciences, health services, and engineering. Up to $20,000 for one academic year. Deadline: June 1.

Designated Endowments and Named Funds Awards
The CIRI Foundation manages several designated endowments and named funds. These funds were established by community members to celebrate individuals and recognize specific accomplishments. Eligible applicants are original enrollees of CIRI and the direct lineal descendants of original enrollees of CIRI. Applicant must have a high school diploma or GED and be accepted or enrolled full-time in a 2-year or 4-year undergraduate or graduate degree program. Minimum 2.5 GPA unless otherwise specified. The CIRI Foundation determines award classification. Student needs to only submit one application by the prescribed deadline, The CIRI Foundation Scholarship and Grant Application. Visit The CIRI Foundation website for additional information.

TCF Vocational Training Grant Program
Available to original enrollees of CIRI and the direct lineal descendants of original enrollees of CIRI. Must have a high school diploma or GED. Minimum 2.5 GPA. Must be accepted or enrolled part-time or full-time in a technical skills certificate or vocational training program. Up to $4,500 during a calendar year. Deadlines: March 31, June 30, September 30, December 1.

**Kick Start Awards** (Subject to available funds)
If you are a first-time, post-secondary applicant to The CIRI Foundation and do not have a cumulative GPA of 2.5 or higher, then you may be considered for a Kick Start Award. This is a one-time award and subject to available funds. Available to original enrollees of CIRI and the direct lineal descendants of original enrollees of CIRI. Applicants must have a high school diploma or GED and be accepted or enrolled in a degree-seeking,
vocational training, or certificate program. Up to $2,000 for one (1) educational term as defined by TCF. Deadlines: March 31, June 1, June 30, September 30, and December 1.

**Raven Fund Award (Paper Application)**
Provides limited funding to CIRI, Alaska Native, voting shareholders *who are not original enrollees or their direct lineal descendants* The Raven Fund offers general scholarships and vocational training grants to qualified applicants. Paper applications can be found online. Deadlines: March 31, June 1, June 30, September 30, and December 1.

**Fellowship Grant Programs**
Available to original enrollees of CIRI and their direct lineal descendants. Must be at least 18 years of age; should have a high school diploma or GED. Minimum 2.5 GPA.

- **Cultural Heritage Fellowship** Provided to encourage applicants in performing and transmitting the visual, literary, and performing arts of Alaska Natives. Applicant must be accepted or enrolled in a seminar or conference approved by The CIRI Foundation. Up to $250 during a calendar year. Deadlines: March 31, June 30, September 30, and December 1.

- **General Fellowship** Provided for non-credit workshops, seminars and preparatory/study courses that broaden an applicant’s understanding and appreciation of education, culture, and society and directly relate to the improvement of the applicant’s employment skills. Applicant must be accepted or enrolled in a seminar or conference approved by The CIRI Foundation. Up to $250 during a calendar year. Deadlines: March 31, June 30, September 30, and December 1.

**Internship Program (Paper Application)**
The purpose of the Internship Program is to partner with employers to assist eligible applicants with supervised on-the-job training that will provide practical work experience consistent with career preparation. Available to original enrollees of CIRI and their direct lineal descendants. Must be at least 18 years of age; should have a high school diploma or GED. Should be enrolled or recently completed an accredited two-year degree program, four-year degree program, graduate degree program, or technical skills training program at an accredited or otherwise approved post-secondary institution. Minimum 3.0 GPA. Deadlines: March 31, June 30, September 30, and December 1.

**Village Scholarship and Grant Programs**
The CIRI Foundation administers non-BIA funds towards post-secondary education to Alaska Native original enrollees and their direct lineal descendants of Ninilchik Native Association, Inc. (NNAI) and Salamatof Native Association (SNA). Applicants may be considered for awards from both TCF General Endowment and the village funds. All Village Scholarships are subject to available funding.

- **Ninilchik Native Association, Inc. (NNAI) Scholarship and Grant Program** Merit-based scholarships available for original enrollees of NNAI and their direct lineal descendants. Must be accepted or enrolled in an undergraduate or graduate degree program or technical skills training program. Minimum 2.5 GPA. Deadlines: June 1 and December 1 for scholarships, and June 30 for grants.

- **Salamatof Native Association, Inc. (SNAI) Scholarship Program** Established in 1992 by the Salamatof Native Association, Inc. to offer merit scholarships to original enrollees of SNAI, their direct lineal descendants, and spouses. Must be accepted or enrolled full-time in an undergraduate or graduate degree program or technical skills training program. Minimum 2.5 GPA. Annual award. Deadline: June 1, December 1

**Cook Inlet Tribal Council, Inc. (CITC) Scholarships Administered by: The CIRI Foundation**
Anchorage, AK | Ph: (907) 793-3575 | (800) 764-3382
www.thecirifoundation.org | tcf@thecirifoundation.org
Provides scholarship funding to eligible Alaska Native CIRI shareholders and descendants who meet the program eligibility and program requirements. Deadlines: June 1 and December 1 unless otherwise stated. See page 21 for program information.
IX: Alaska Native Scholarship Programs and Education Foundations

There are several student financial aid programs available throughout Alaska specifically for Alaska Natives. The programs may or may not have Alaska residency requirements. Eligibility may depend upon the student’s tribal membership or relationship as a Native enrollee/descendant or shareholder of a Regional, Village Corporation or Tribal Council formed as a result of the Alaska Native Claims Settlement Act of 1971. You must request the scholarship and grant guidelines and application forms directly from the organization to determine whether or not you are eligible to apply.

Note: Check with the village corporations and village tribes in all the regions you are associated with, for additional funding opportunities available to you.

Alaska Native Regional Education Foundation Scholarships

Ahtna Region,
The Ahtna Heritage Foundation
PO Box 213, Glenallen, Alaska 99588

**Winston & Strawn Diversity Scholarship Program**  
www.winston.com/  
Provides financial assistance to Native American and other diverse law students who are interested in practicing in a city in which Winston & Strawn LLP has an office.

### XIII: Federal Student Aid

**Federal Student Aid Programs**  
Financial aid packages likely include funds from federal student aid programs such as: Federal Pell Grants, U.S. Department of Education Direct Loans, Campus-Based Programs, Federal Supplemental Educational Opportunity Grants, Federal Work Study, and the Perkins Loans. These programs are administered by the U.S. Department of Education for students attending post-secondary schools. *Important Note: Not all schools participate in all federal student aid programs.* Check with the school’s financial aid office to make sure the school participates in the federal program(s) if applying for federal aid.

**Free Application for Federal Student Aid (FAFSA)**  
Ph: (800)433-3243 | (334) 523-2691  
TTY (800) 730-8913  
www.fafsa.ed.gov | studentaidhelp.ed.gov  
To apply for financial aid from federal-based education grant programs, students must complete an application form called the Free Application for Federal Student Aid (FAFSA). A student may apply online at the U.S. Department of Education website. Students can obtain a FAFSA application form from their school or from the Federal Student Aid Information Center. The FAFSA application is also used to determine a student’s eligibility for federal student grants, work-study aid, and loans. The application is also used to determine eligibility for most state and some private aid.

**Tax Credits**  
IRS Tax Benefits for Education  
www.irs.gov/uac/tax-benefits-for-education:-information-center  
There are two education tax credits available, the Hope Credit and the American Opportunity Credit. The credits are based on education expenses paid for the student, student’s spouse, or dependents. During any particular year, students can only claim one of the credits. The amount of the credit is determined by the amount paid for “qualified tuition and related expenses” for each student and the amount of the student’s modified adjusted gross income (modified AGI).

**State/School Programs**  
The school’s financial aid office is the best place to begin searching for free information. The financial aid administrator can provide information about student aid...
available from the state, the school itself, and other sources. The school is required to provide information about their financial aid procedures and deadlines, plus how and when awards are disbursed by the school. Be sure to read and understand the school’s and the financial aid provider’s satisfactory academic progress policy and keep copies of the enrollment agreement, the school’s catalog, and all financial aid documents (especially loan documents) received.

Free information about federal, state, school, and private student aid is available at the local library’s reference section (usually listed under “student aid” or “financial aid”). Student aid information may also be available from foundations, religious organizations, community organizations, and civic groups, as well as organizations related to the educational or professional field of interest, such as the American Medical Association or American Bar Association. Students can also check with their parents’ employers or unions to see if they award scholarships.

### XIV: Student Loan & Grant Program

**Alaska Advantage Grant Programs**

**Alaska Advantage® Education Grant**

A need-based grant for qualifying Alaska residents pursuing undergraduate study at participating post-secondary institutions in Alaska. Must complete FAFSA prior to April 15. [fafsa.ed.gov](fafsa.ed.gov)

**Alaska Advantage Loan Programs**

**A.W. "Winn" Brindle Memorial Education Loan**

[www.akadvantage.alaska.gov](www.akadvantage.alaska.gov)

A loan for full-time graduate or undergraduate students pursuing education in a fisheries related field. Forgiveness provisions may apply.

**Alaska Family Education Loan**

[www.akadvantage.alaska.gov](www.akadvantage.alaska.gov)

An education loan for family members assisting students with the costs of an eligible collegiate or vocational program.

**Alaska Supplemental Education Loan**

[www.akadvantage.alaska.gov](www.akadvantage.alaska.gov)

A low cost education loan for students attending a participating collegiate or vocational school at least half-time in Alaska or Alaska residents attending outside Alaska.

**Alaska Teacher Education Loan**

[www.akadvantage.alaska.gov](www.akadvantage.alaska.gov)

A loan for Alaska high school graduates (or GED) interested in pursuing a teaching career in rural communities. Forgiveness provisions may apply. Only available to nominations submitted by rural school districts. Deadline: July 1.

**Michael Murphy Education Loan**

A loan for students pursuing undergraduate study in a law-enforcement field. [akadvantage.alaska.gov](akadvantage.alaska.gov)

**Professional Student Exchange Loan Program**

[www.akadvantage.alaska.gov](www.akadvantage.alaska.gov)

Eligible applicants must be enrolled at an eligible PSEP institution in one of the following fields of study: dentistry, occupational therapy, optometry, physician assistant, podiatry, pharmacy, physical therapy. With the PSEP loan program the student pays resident tuition and the students’ home state pays an additional support fee to the institution. Alaska students are individually responsible for paying tuition and the support fee. ACPE finances the support fee costs in the form of a PSEP loan which the student must repay upon completion of the program of study.

**U.S. Department of Education Direct Loans**

Direct Loans are low-interest loans for students and parents to help pay for the cost of student's education after high school. The lender is the U.S. Department of Education, rather than a bank or other financial institution. The Direct Loan program offers subsidized, unsubsidized, PLUS, and consolidation loans. Apply by completing FAFSA.

**WWAMI Medical Education Program**

Ph: (907) 786-4789
[www.uaa.alaska.edu/wwami/contactus.cfm](www.uaa.alaska.edu/wwami/contactus.cfm) | [nancy@uaa.alaska.edu](nancy@uaa.alaska.edu)

The WWAMI Program (Washington, Wyoming, Alaska, Montana, and Idaho) provides access to medical school for residents of these states. Admission as a first year medical student by the University Of Washington School Of Medicine is a pre-requisite. Alaska WWAMI students pay resident tuition at the University Of Washington School Of Medicine for all four years of the program. Students apply to University of Washington School of Medicine; upon admission, Alaska’s WWAMI students complete their 1st year of medical school at the University of Alaska Anchorage.
Internships provide opportunities for students to gain on-the-job work experience within the student’s field of study. An internship may be paid, unpaid, or partially paid in the form of a stipend. Typically, internships are part-time during the university year, full-time in the summer, and often last 6-12 weeks. The following is a listing of important internships for Alaska Native and American Indian students.

**Alaska Conservation Foundation**
Anchorage, AK Ph: (907) 276-1917
alaskaconservation.org | acinfo@alaskaconservation.org

WMACCA Corporate Scholars Program
www.acc.com/chapters/ncr/scholars.cfm
Provides a summer internship in the metropolitan Washington D.C. area to Native Americans and other students at law schools in the area who will contribute to diversity of the profession.
WICHE is a regional, nonprofit organization. Membership includes 15 western states. WICHE and its 15 member states work to improve access to higher education and ensure student success. Their student exchange programs, regional initiatives, and research and policy work allow WICHE to assist constituents throughout the West and beyond.

If you are a resident of one of WICHE’s 15 member states, then you are eligible for consideration for reduced tuition rate offered at participating WICHE institutions. To be considered for the WICHE rate, apply directly to the institution(s) of your choice. Please note that WICHE does not set qualification criteria for applicants, nor do they process applications or participate in the student selection process. Equally important, the WICHE tuition rate is not automatically awarded to all eligible candidates. Most programs must limit the number of new awards each academic year, so apply early!

**WICHE Undergraduate Exchange Program (WUE)**

Alaska residents can enroll at reduced tuition rates in certain degree programs selected by participating institution in the other 14 western states: Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington, and Wyoming.

www.wiche.edu/WUE

Alaska students pay WUE rate of 150 percent of resident tuition in the enrolling institution. Residents from the member western states may, in turn, enroll at the participating University of Alaska campuses in selected degree programs at WICHE Undergraduate Program tuition rates.

**WICHE Western Regional Graduate Program (WRGP)**

Alaska residents can enroll at reduced tuition rates in certain masters and doctoral programs selected by participating institutions in 14 western states. Residents from the member western states may, in turn, enroll at the participating University of Alaska campuses in selected degree programs at WICHE Regional Graduate tuition rates. Students must meet all admissions requirements and deadlines. www.wiche.edu/WRGP

To be considered for the resident WRGP rate, apply directly to the department offering the WRGP program, or contact their graduate studies department.

**WICHE Professional Student Exchange Program (PSEP)**

The PSEP program allows students to enroll in out-of-state professional programs in 10 healthcare fields and pay reduced tuition. The fields are dentistry, medicine, occupational therapy, optometry, osteopathic medicine, pharmacy, physical therapy, physician assistant, podiatry, and veterinary medicine. www.wiche.edu/PSEP

Apply directly to your home state, and become “certified.” This means you’re deemed a bona fide resident of your home state, eligible to compete for WICHE support (which is provided by your home state tax dollars). State residency requirements vary across the West. Visit www.wiche.edu/PSEP website for your state office’s contact information.

You must send your PSEP certification application to your state office by October 15 of the year preceding admission.

“My academic goals have been stepping stones in my ultimate pursuit of advancing, empowering, and facilitating knowledge, wisdom, and healing within the Alaska Native community.”
Other services available in Alaska for individuals interested in post-secondary education, training, and employment opportunities are listed below.

XX: Study Assistance

Here are some resources to assist you on your educational journey. From etiquette on working with professors, to college exams, and online education, this guide will help you achieve your educational dreams.

How to Study

Think of school as a full-time job (i.e. 8 am to 5 pm). Where feasible, dedicate these hours solely to school work. Schedule at least two hours of study for every hour in class. If you follow this rule but still struggle, get a tutor. For optimal retention, review and edit lecture notes after class as soon as possible.

- A list of different types of tests to study for & studying tips: www.studyguidezone.com/
- A wide variety of studying tips for many different subjects: www.how-to-study.com/
- Academic Skills Center: www.dartmouth.edu/~acskills/success/study.html
Testing Out of Classes/College

A good way to avoid unnecessary tuition costs for subjects you are already familiar with is to find out what classes your school will allow you to test out of and still receive credit for. Contact an advisor at your school to learn more. Some colleges will only allow you to do this a specific number of times, so make sure you understand all of their policies and procedures.

Professors

As college professors have such a large effect on your future and your educational experience, it is important to treat them with respect and dignity.

- If you are struggling in a class, ask questions early in the semester. Don’t put them off until finals.
- Visit them during office hours. If you have an appointment, view it as a priority.
- Refer to your professor as "Professor" or "Doctor" unless otherwise asked.
- Read the syllabus before asking your professor a question.
## XXI: Eligibility Index

For Scholarships, Grants, Fellowships, & Internship Program

Give an Education. An education is the best gift you can give, so please consider donating to TCF via Pick.Click.Give on your Permanent Fund Dividend (PFD) application. If you haven't already applied for your PFD, visit www.pfd.alaska.gov to submit your application.

Past recipient? Pay it forward. As a former recipient, you have the opportunity to pay it forward and give back to other TCF recipients via Pick.Click.Give! Support someone's educational dreams.

Not a Permanent Fund Dividend eligible Alaska Resident? The CIRI Foundation is also a nonprofit making any donations you are able to provide tax deductible. Every contribution counts and every amount is meaningful. TCF accepts cash, check, in-kind donations and more.

The mission of The CIRI Foundation is to promote individual self-development and economic self-sufficiency through education and maintain pride in culture and heritage among Alaska Natives who are original enrollees of Cook Inlet Region and their descendants.
