

Science for Alaska

LECTURE SERIES 2009

FOR
TEACHERS!

Earn one continuing education credit through the University of Alaska Fairbanks by participating in the 2009 Science for Alaska Lecture Series!

It's not too late! Enroll today in ED F593: *Current Topics in the Natural Sciences for Educators.*

This statewide course coincides with the Science for Alaska Lecture Series. You can watch lectures in person, or view them online to earn credit! Coursework is done through Blackboard, which allows Alaska teachers to network with colleagues throughout the state, and incorporate new scientific research into classroom lesson plans.

All work must be complete by May 1, 2009 to earn one continuing education credit through UAF. The course costs \$160. For general information, call 907-474-5823 or e-mail info@gi.alaska.edu.

HOW TO ENROLL:

Fill out a UAF registration form and return it, along with your \$160 registration fee, to:

**Paula Long, Special Topics Coordinator
School of Education, UAF**
