

# Model Release Forms

It is UAF's policy that photos used in UAF presentations, publications, signage and advertising in print and/or the Internet must have the consent of identifiable individuals included in the photos in the form of a signed model release. Permission of persons obviously posing for a photo is implied, therefore no release is needed in such instances. Other exceptions include photos of individuals participating in a public performance (theatre, athletics, dance etc) or public crowd shots in which no individual is singled out.
