

Alaska Sustainable ENERGY CONFERENCE

Pre-Conference Virtual Workshop Series 2024

Transmission and Distribution: *The Clean Energy Transitions Secret Weapon*

APRIL 2nd – 3rd

Live on Zoom

8:30 AM – 12:00 PM AKT
12:30 – 4:00 PM ET

Transmission and distribution systems are critical aspects of energy infrastructure and are essential for driving sustainable change in Alaska's energy future. This workshop will explore innovative strategies and technologies that are shaping the future of clean energy. Attendees will gain valuable insights into the importance of optimizing grid systems, enhancing efficiencies, and overcoming barriers to renewable energy integrations as we navigate the complexities of energy transitions and be a driving force for a cleaner, brighter future.

This event is part of a series of three virtual workshops being held monthly as two half-day Zoom sessions, free of charge, leading up to the **Alaska Sustainable Energy Conference: May 21st – 23rd at the Dena'ina Center in Anchorage, Alaska.*
