Transition into your leadership role

Leading Others

Fee: \$1250 (your cost \$625) for 4-day leadership series + 360 Reviews (Max. 28ppl)

Course meets on: May 15, July 17, Sept 18 & Nov 6

Audience: Business Managers/Executive Officers, Administrative Program Managers, front-line supervisors or managers (new or seasoned) who lead individuals.

Description: Supervisors will explore the unique leadership requirements of their role including: setting objectives and prioritizing tasks, delegating and following up, coaching and developing direct reports, assessing and improving performance and building the team.

Leading Leaders

Fee: \$1500 (your cost \$750) for 4-day leadership series + 360 Reviews (Max. 28ppl)

Course meets on: May 16, July 18, Sept 19, & Nov 7

Audience: Directors, Department Leaders, and second-line supervisors that oversee other managers or small teams within a single functional area.

Description: Leaders will take a closer look at developing and executing operational plans, coaching and developing leaders, assessing and improving the performance of leaders, managing boundaries to avoid silos, and allocating resources and building the organization.

Senior Leaders

Fee: \$1750 (your cost \$875) for 4-day leadership series + 360 Reviews (Max. 18ppl)

Course meets on: May 17, July 19, Sept 20, & Nov 8

Audience: Deans, Directors, & AVC's and other senior leaders who have full accountability for a functional area. May lead departments or cross-functional units.

Description: Leaders will look at driving functional excellence, being a full member of the business team and integrating with other functions, selecting leaders to help in building the function, coaching leaders and building accountability around performance and process, and developing talent.

Technical and Subject Matter Expert Leaders

Fee: \$1125 (your cost \$563) for 3-day leadership series + 360 Reviews (Max. 28ppl)

Course meets on: May 18, Sept 21, & Nov 9

Audience: Center Directors, Department Chairs, project or research leads. Leaders who have SME or a high knowledge/technical responsibility to their role. May have small teams with leadership components to the role.

Description: Technical leaders will explore setting objectives at the appropriate level, task prioritization, stakeholder management, and coaching to influence others.

To help make this training more accessible,

50% of program fees for UAF units will be covered by Administrative Services.
