1. Assessment information collected

GRE and TOEFL scores (as appropriate). Theses and project. Publication. Exit interview with graduates.

2. Conclusions drawn from the information summarized above

Students were able to communicate, although not all perfectly. All were successfully able to present their topic in graduate seminar. Students are typically able to publish technical papers in peer reviewed journals. Feedback on technical ability of graduates is positive.

3. Curricular changes resulting from conclusions drawn above

None needed.

4. Identify the faculty members involved in reaching the conclusions drawn above and agreeing upon the curricular changes resulting

All members involved in the program.
