WELCOME

This guide will help you through the registration process at Kuskokwim Campus (KuC). Please be aware of all details and deadlines for registration and financial aid. Your university enrollment is something to take seriously.

Registration, step by step

First, speak with a KuC advisor. It's important that you connect with an advisor before you register, so you're aware of course details, modes of delivery, and required course supplies. Email: Kuskokwim-SS-Dept@alaska.edu

1. To enroll in courses, you may need to take a placement test or provide placement documentation. Students must email to request a placement test: uaf-kuc-test-center@alaska.edu. Placement testing can be arranged in your community.
2. Based on your testing placement and potential funding, you will be advised on what courses to enroll into and work out a class schedule with your advisor.
3. With advisor approval, register for your courses. You may be able to register online through your student account at UAOnline: <https://uaonline.alaska.edu>, through your advisor, or at Kuskokwim Campus.
4. Verify your enrollment in your secure student account at UAOnline (link above).
5. Order your textbooks! See page 7 for details.
6. Line up financial aid and funding sources. (See pages 6-7 to get started). Scholarship agencies require a copy of your enrollment. Find this at your online student account.

7. Make a note of the first day of class and talk to your advisor about student support resources.
8. Confirm your enrollment and financial aid status in your online student account (UAOnline).
9. Attend the first day of class! Be on time!
10. Drop and withdraw dates are important to keep in mind throughout the semester. (See page 3).

How do I browse available courses?

This guide is a great place to start! It includes Kuskokwim Campus courses, courses offered by distance from other rural campuses and the Fairbanks campus. To find the most current information across the University of Alaska system, check UAOnline:

- Login: <https://uaonline.alaska.edu>
- Scroll to "Student Services" and "Account Information"
- Select "Class Search"
- Select term in "Search by Term"
- Select from the "Campus" list or "UAF-all campuses"
- Make selections under "Subject"
- Click the "Class Search" button at bottom of screen
- Note the CRNs of the classes you want to take

If you don't find what you are looking for, contact a KuC advisor for help with your search.

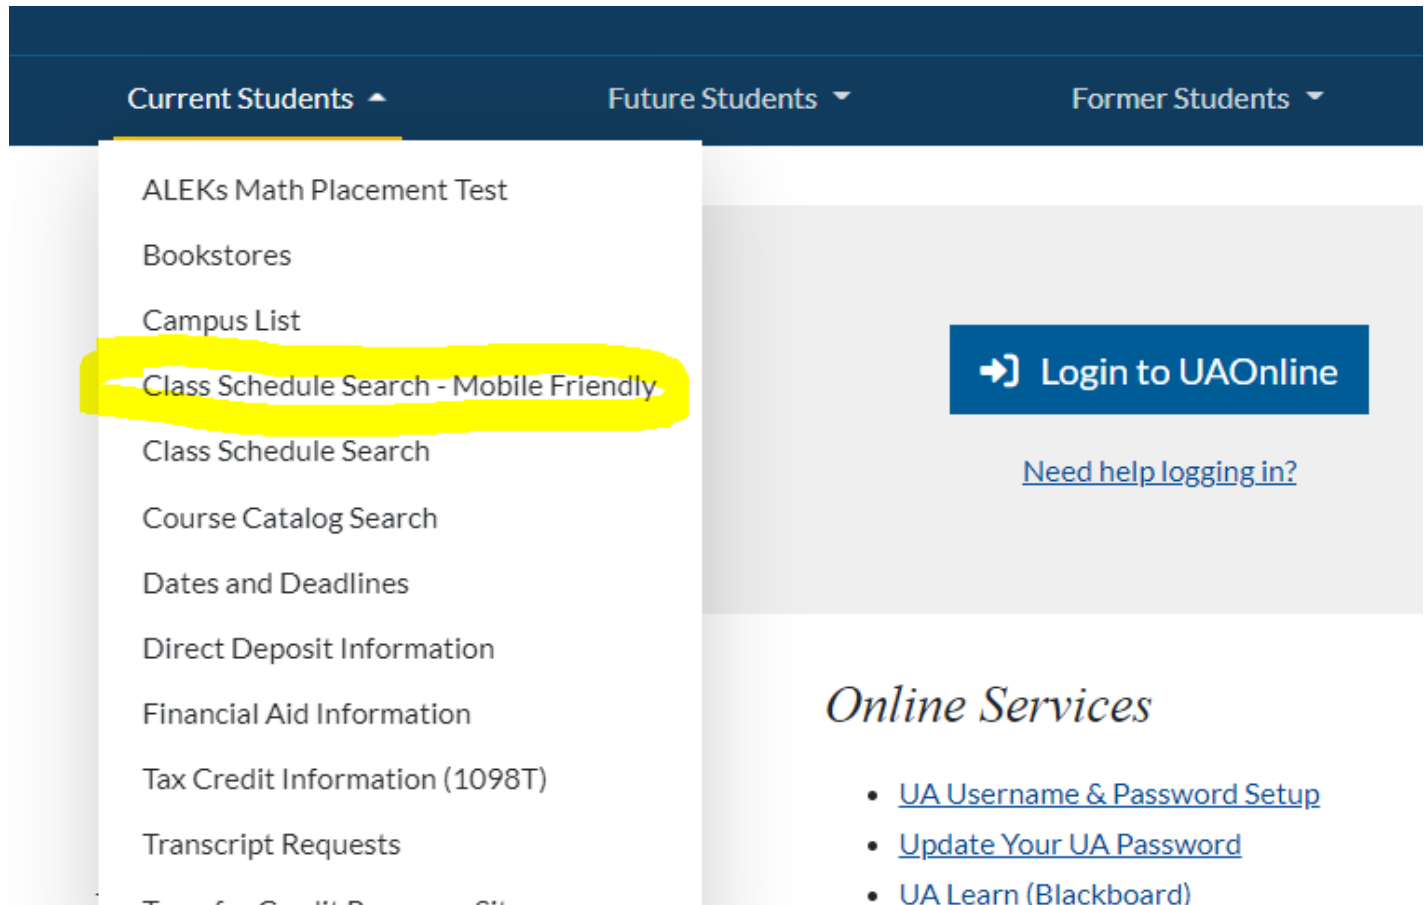

Email: Kuskokwim-SS-Dept@alaska.edu.

Schedule Planner – Mobile and Public Friendly Search Function

UA Registrar's Offices just implemented a Schedule Planner mobile and public friendly search function. This allows community members or prospective students to search for courses easily without having to log into UAOnline. Some of the benefits are:

1. You can copy the URL for a specific search and send it to a student.
2. It is mobile friendly.
3. Easy to understand search filters as compared to UAOnline.
4. Ability to filter search for free or low cost books/materials with the click of a box.
5. Narrow search for short or late start courses.
6. Filter search for dual or high school students only courses.

Click on Current Students drop down and select "Class Schedule Search - Mobile Friendly," or go directly to <https://alaska.search.collegescheduler.com/>.

The screenshot shows the UAOnline navigation bar with three main categories: Current Students, Future Students, and Former Students. The 'Current Students' dropdown menu is open, displaying a list of links. The link 'Class Schedule Search - Mobile Friendly' is highlighted with a yellow background. Other links in the dropdown include ALEKs Math Placement Test, Bookstores, Campus List, Class Schedule Search, Course Catalog Search, Dates and Deadlines, Direct Deposit Information, Financial Aid Information, Tax Credit Information (1098T), Transcript Requests, and Transfer Credit Resources Site. To the right of the dropdown, there is a blue button labeled 'Login to UAOnline' with a right arrow icon, and a link 'Need help logging in?'. Below these elements, the 'Online Services' section is visible, listing links for 'UA Username & Password Setup', 'Update Your UA Password', and 'UA Learn (Blackboard)'.

*Students are not considered registered until all tuition and fees are paid. Registered students may be dropped for non-payment if payments or arrangements have not been made by **Friday, January 27, 2023.***

 - Go to <https://uaonline.alaska.edu>
 - Click “Log In” and sign in to your student account
 - Choose “Student Services & Account Information”

TIME TO ORDER TEXTBOOKS. HERE'S HOW

Once you've registered, you need to order textbooks. Students can order books through the UAF Bookstore. You might choose to purchase books through another bookseller, but you first need to visit the UAF Bookstore web site to find out what books you need.

Note the department, course number, and section number for each of your courses.

Then:

- Go to <https://bkstr.com/alaskafairbanksstore>
- Point to “Textbooks” near upper left of the screen

- Select your term (semester)
 - Have the CRN? Click “Shop By Course ID”
 - Enter CRN and click “Find Materials for Course”
 - No CRN? Click “Shop By Course”
 - Enter your department
 - Enter your course
 - Enter your section
 - Click “Find Materials for Course”
- View the list of books and materials. You might be able to buy used or new books. It's also possible to rent textbooks.

Textbook ordering tips and tricks:

1. Call for help. Need help ordering books or figuring out how to pay? You can call the UAF Bookstore: 1-888-280-8500 or contact a Kuskokwim Campus advisor for help.
2. Find your required books by ISBN #. Even if you're purchasing or renting your textbook through an alternate book seller, use the UAF Bookstore website to locate the specific class and instructor. Not all instructors use the same books for the same course. Make sure the information you're finding is specific to your class and instructor.
3. Save all return label and packaging supplies. Often bookstores or textbook rental sites have deadlines for book return. Pay attention! and make sure to return in time in order to receive your refund. At the <https://bkstr.com/alaskafairbanksstoresite>, click on "Textbooks" to get started.

FINANCIAL AID FACTS: SHOW ME THE \$!

A concern for most college students is how they will pay for classes. Searching for, identifying, and applying for funds is hard work—but it pays off!

The Yukon-Kuskokwim region is very supportive of higher education pursuits. Apply on time for funding so that you can be considered for all aid available. You should pursue all possible scholarships before seeking an educational loan or borrowing money. If you need financial aid applications, help or advising, contact your Kuskokwim Campus advisor (see page 2).

Is federal student aid available?

The first step in your search for financial aid is completing the Free Application for Federal Student Aid, or FAFSA. Note that timing is key with FAFSA. The earlier you apply (after **October 1** of the year before the academic year in which you'll enroll), the more likely it is that funds will be available.

Note: Beware of web sites that charge to help students complete the FAFSA.

You can apply for free at www.StudentAid.gov.

PLEASE NOTE: Some regional scholarship deadlines have changed! Check out the chart below and apply on time!

What else do I need to know?

- It is your responsibility to ensure that all financial aid forms and documents are submitted to the UAF financial aid office by the deadline. If you need help with the financial aid process or have questions about funding options, contact your academic advisor.
- Your classes must be paid for by the fee payment deadline of **January 27** to avoid paying late fees.
 - After all fees, books and tuition have been paid, any remaining funds will be refunded to you via a check in the mail to your mailing address or by direct deposit to your bank account.
 - Verify your financial aid status by checking your student account online at <http://uaonline.alaska.edu>.
 - Get reminders and additional opportunities through the UAF Kuskokwim Campus.

Update student account information online

It is your responsibility to keep your mailing and email addresses and phone number updated on UAOnline, so that you receive important communication from Kuskokwim Campus and UAF.

Use your UAF student email account

Every UAF student is assigned an official UAF email account upon enrollment. Email is the only way some information is distributed from UA. You are responsible for knowing and acting on the contents of all university communications sent to your official UAF email account.

Make sure you see these emails. Here's how:

- Check your UAF email account. Not sure how to access it? Go to **alaska.edu/google**.
- You can forward mail from your UAF account to an email address you check frequently. Learn how here:
www.alaska.edu/google/faqs/top/ (click on "How do I forward my email to another account?").
- If for some reason you have multiple UAF email accounts (e.g. a student account and a staff account), forward them to the account you check most often.

Attend class

You might be dropped if you do not attend the first class and have not received prior approval from your instructor. *If you do not plan to attend, you must drop your classes **by Friday, January 27**, to avoid assessment of tuition and fees. The university will drop you from your classes for non-payment, but you will still be responsible for the cost of tuition and fees.*

Check your grades regularly and access your transcripts

Provided you do not have holds on your account, you can access your unofficial transcript, midterm and final grades at UAOnline.

Log in to UAOnline

Why is UAF using Canvas?

- Canvas supports the Chancellor's strategic goal to [modernize the student experience](#).
- Its mobile app makes it possible for students to do the majority of classwork from the palm of their hand.
- It's more accessible for diverse learners.
- It has lighter bandwidth requirements, making it more available in rural areas ($\frac{1}{3}$ less than Blackboard).
- Many students are already familiar with the Canvas interface. The State of Alaska Department of Early Education and Development recently selected Canvas as the LMS for Alaska's K-12 schools.

CANVAS INFORMATION

Canvas as a learning management system (LMS)

UAF is currently adopting the learning management system (LMS) Canvas. Over the next few semesters, more and more of your UAF courses will use Canvas instead of [Blackboard](#).

How do I know if my instructor is using Canvas?

You can check the delivery method of your courses by looking at the "location" column within your Concise Student Schedule at UAOnline. Once logged in:

1. Choose "Student Services and Account Information"
2. Click "Registration"
3. Under Post-Registration, choose "Concise Student Schedule"

If you have any further questions, [contact your instructor](#).

What does this mean for students?

For the next few semesters, you may have courses on Blackboard and Canvas. For now, all of your courses, even if they are in Canvas, will be accessible via Blackboard.

How to log in to Canvas online:

1. Go to www.canvas.alaska.edu
2. Enter your UA credentials
3. From here, access courses, grades, and other useful information.

www.facebook.com/KuskokwimCampus

Please Note: Students must pay their balance in full or be enrolled in a payment contract by the published deadline, or they will be dropped from classes. To be reinstated after being dropped, students must pay their balance in full or be enrolled in a payment contract, pay the late fees and the reinstatement fee.

GET READY FOR DISTANCE LEARNING

While some courses are offered face-to-face, most courses available to you are taught by distance. Regardless of the format, make sure you're ready to go for your first day of class!

Using ELMO:

1. Go to <https://elmo.alaska.edu>
2. Click on Option 3: Search for my Account
3. Enter you birth date, last name, and the last four digits of your social security number, then click GO ELMO! (It may take a minute or two depending on your internet connection.)
4. Answer any security questions to access your account information.
5. Your UA ID Number and UA Username should be viewable. You can change your password in the box on the bottom right side of the screen.

First, get logged in. Many students need a reminder for their UA username and/or password, and UA has ELMO (**E**asy **L**ogin **M**aintenance **O**ption) to help recover it.

BlackBoard to Blackboard Ultra Navigation

Black board was renamed and upgraded to Blackboard Ultra Navigation

<https://www.alaska.edu/oit/services/lms/news/bb-ultra-nav.php>

What is Ultra base navigation?

Ultra base navigation is a central navigation menu that exists outside the course experience and includes many new features, such as the user activity stream and modernized calendar, providing quick access to the critical course information without having to actually enter a course.

How will things change for me?

Users accessing UA Blackboard Learn will immediately notice the updated navigation panel. The panel provides a clean and consolidated means to the most critical information within Blackboard - from grades, to deadlines, and everything in between. Additionally, this visual refresh significantly improves usability and performance across devices, helping to improve

the experience of users on mobile phones and tablets. Keep in mind that the addition of Ultra base navigation does not affect courses. Courses will still look and feel as they do right now.

Where can I find more information about Ultra base navigation?

Blackboard has created videos and information for both students and instructors. In addition, any Blackboard user who wishes to experience the look and feel of the Ultra base navigation experience before the summer transition may preview in the UA Learn test environment today.

INTERESTED IN TEACHING? LET'S DO IT!

Do you have skills or knowledge that you'd like to teach to others? Consider becoming an adjunct instructor for UAF Kuskokwim Campus!

In order to meet the diverse needs of the Yukon Kuskokwim region, we rely heavily on adjunct instructors—part-time instructors who teach a limited number of courses.

Required credentials for instructors vary widely, depending on the subject to be taught. Some departments require instructors to have a master's degree. Some require a bachelor's degree. Some require no degree at all, but do

require evidence of expertise in the subject matter to be taught (e.g. a certification, relevant work experience, evidence of artwork created, etc.).

KuC adjuncts teach community interest courses, workforce training courses, and courses that are required for various degrees.
