Welcome to UAF!

What do we do? The Office of the Bursar handles student tuition and fees, including payment plans, refund processing, parking services and PolarExpress IDs cards.

Family Education Rights and Privacy Act (FERPA)
A federal law enacted in 1974 that provides guidelines and protection of student educational records. Fill out this form to enable us to speak with your parent or anyone you authorize about your account.

PolarExpress
The PolarExpress card is the official UAF photo identification card used by students, staff and faculty to access UAF facilities and to make purchases. The card includes your name, photograph and UAF identification number.

Direct Deposit
Sign in first at UAOnline.alaska.edu
The fastest and most secure way to get your refund. We make every effort to process refunds as quickly as possible. Times can vary during peak season depending on volume. Once processed, direct deposit refunds can take up to five business days to reach a student’s bank account; printed checks can take up to two weeks.
Parking Permits
Living or commuting to campus? Purchase your parking permit today or add it to your UAOnline account. Don’t want to purchase a permit? Check out the campus map for all short-term parking options. Payment can be made using the Passport Parking app.

UAOnline Payments
Sign in first at UAOnline.alaska.edu
Here, you can make a real-time account payment with web check or credit card, create an authorized payer and enroll in a payment plan. When enrolling in a payment plan, a down payment is required at the time of enrollment. The earlier you enroll, the lower the payments!

Academic Calendar
Don’t get dropped for non-payment! Pay in full or enroll in a payment plan by the posted deadlines.
This academic calendar lists important dates and deadlines for the Fairbanks campus. For academic calendar information for UAF’s community campuses, contact the campuses directly or visit the Campuses webpage.
