Interview: Preparation

1. Research the Company
   Find their website, learn about their programs, culture, and current projects.

2. Plan your Interview outfit
   Dress one level above what employees at the business wear everyday.

3. Practice
   Practice common interview questions on your own or schedule a practice interview with Career Services.

4. Gather your Materials
   Print out extra copies of your resume and don’t forget a notebook and pen for taking notes.
