A.A.S. Degree

Minimum Requirements for Degree: 65 credits

The construction management program meets growing needs in the construction industry by training entry-level construction managers and by providing continuing education for construction employees.

Construction managers plan, direct and are responsible for oversight of construction projects. They are responsible for coordinating and managing people, materials and equipment; budgets, schedules and contracts; and the safety of employees and the general public. Construction managers determine construction means and methods and the most cost-effective plans and schedules. They track construction costs and administer contract changes to the project budget to maximize profitability. Construction managers monitor work progress to ensure compliance with architectural and engineering drawings and specifications.

Construction managers work in all phases of the construction business — for public and private owners; on small, multifamily projects to the largest of skyscrapers and industrial projects; and on rural roads to major highways. Construction managers work closely with architects, engineers, owners and the various contractors on a construction job. The construction manager's duties are varied, challenging and rewarding.

UAF's construction management program was developed with input from local contractors and professional industry organizations. It gives students broad knowledge of building systems and construction techniques. CM graduates understand basic principles of business and know about the technical aspects of the construction industry. Graduates are able to function both in the construction office and on the job site.

The CM A.A.S. degree requires four to five semesters to complete. While not a prerequisite, it is recommended that students applying for admission have experience in the construction industry.

Major — A.A.S. Degree

1. Complete the general university requirements (page 106).
2. Complete the A.A.S. degree requirements. (See page 106. As part of the A.A.S. degree requirement complete ENGL F111X, ENGL F212 or ENGL F213X, and COMM F131X or COMM F141X for the communications requirement, and MATH F151X for the computation requirement. The human relations content is embedded in some of the major required courses for this program.)
3. Complete the following program (major) requirements:

ABUS F101—Principles of Accounting I.....	3
ABUS F201—Principles of Accounting II.....	3
CM F102—Methods of Building Construction	3
CM F123—Codes and Standards	3
CM F142—Mechanical and Electrical Technology.....	4
CM F163—Building Construction Cost Estimating.....	3
CM F201—Construction Project Management.....	3
CM F202—Project Planning and Scheduling.....	3
CM F205—Construction Safety.....	3
CM F213—Civil Technology	4
CM F231—Structural Technology	4
CM F263—Civil Construction Cost Estimating... ..	3
CM F299—Construction Management Internship.....	3
DRT F170—Beginning AutoCAD.....	3
MATH F152X—Trigonometry.....	3
PHYS F103X—College Physics	4
4. Minimum credits required65

* Students must earn a C- grade or better in each course.
