Completed Application, Resume, Statement of Goals, and Three Letters of Recommendation

Your MSDM, Your Way

Tailor your degree with one of 7 concentrations

ARCTIC SECURITY

Gain the skills to navigate and lead in the geopolitically vital and rapidly changing Arctic region.

CLIMATE SECURITY

Prepare to analyze and respond to climate-driven risks that threaten community and national security.

DISASTER RISK REDUCTION & MITIGATION

Master the tools to reduce vulnerabilities and build safer, more resilient communities.

STRATEGIC LEADERSHIP

Build high-level leadership and decision-making skills to drive change and lead teams through emergencies.

BUSINESS & ORGANIZATIONAL CONTINUITY

Learn to keep organizations running during crises through expert planning and continuity strategies

CYBERSECURITY

Develop the strategic mindset to protect critical systems and lead in today's evolving cyber threat landscape.

STEM

Combine your technical background with leadership training to solve complex challenges in security and disaster management.

Master's of Security & Disaster Management

ALUMNI SPOTLIGHT

"Throughout my academic journey, Dean Cam Carlson, Dr. John Pennington and their team consistently demonstrated excellence. They guided me to delve deeper into issues, encouraging a proactive rather than reactive approach to mitigate the impact of incidents. Their emphasis on critical thinking has proven invaluable in my professional endeavors."
