Tanana District 4-H Project, Year and Merit Award Requirements

There are many things a Merit Award can be given for . Usually a Merit Award is given to a member that shows exceptional work in their project or even goes beyond the call of duty in helping others with their projects. A youth that can overcome an obstacle and still pursue their goals shows an attitude worthy of a Merit Award. Leadership qualities, mentoring, civic engagement, attitude towards fellow peers and adults - all are worthy of Merit Awards. A Merit Award is not awarded for just showing up and completing the minimum requirements of a project.

Consider these things and some of the other criteria listed below when deciding to recommend a Merit Award. **More than one** youth can be nominated and receive the same merit award or a youth can receive more than one merit award in a year. Over the years a member can earn more than one merit award in the same project.
